

Washington Notes

NURSES

The War Department has announced that 1,000 Army Nurse Corps officers and 100 Medical Administrative Corps officers will be recalled to active duty on a voluntary basis. Major General Norman T. Kirk, Surgeon General, declares the recall of nurses and other officers was necessary "to insure the best possible care" for 90,000 patients remaining in Army hospitals.

WAVES

The Navy Women's Reserve is making a drive to reenlist 2,000 former WAVES for service until July 1, 1947. It is also seeking a corps of 5,500 WAVE volunteers to serve until that date, pending Congressional action on a permanent Women's Reserve. So far, 3,500 WAVES have agreed to stay on duty.

TIN

World tin production will not reach pre-war levels before 1949, according to the Civilian Production Administration. Only about 41,000 tons are available in the Far East, which normally furnishes 80 per cent of the world's tin supply.

ROCKETS

Rockets capable of rising from

less than 20 miles to more than 130 miles, to go substantially higher than the Nazi V-2's, are to be built for the Army Air Forces to find out more what it is like in the upper atmosphere. The rockets are strictly for the scientific purposes of carrying instruments to collect data in such fields as cosmic rays, atmospheric pressures and temperatures. One hundred of the giant rockets will be built at an estimated cost of \$2,000,000.

FEDERAL AID

The Senate Finance Committee has approved a plan by which the Federal Government would pay more to poor States than to prosperous States for old-age assistance and aid to dependent children and the blind. Under the plan, State income would be compared with the national average on the basis of Department of Commerce statistics. One-half of that percentage, but not less than 33 1-3 per cent, or more than 50 per cent, would be the State's share of the contribution to the aged, the blind and dependent children. For instance, if the income of a given State were 80 per cent of the national average, it would pay 40 per cent, the Federal Government 60 per cent.

CONGRESS

Congress recently passed a bill to reorganize and modernize the Congress in the interest of greater efficiency and sent it to President Truman for approval. The bill included a provision to increase the annual salary of each member from the present \$10,000 to \$12,500. An additional allowance to each member of an annual expense account of \$2,500, tax free, was also authorized.

UNRRA

The United States, Great Britain and Canada will recommend ending the activities of the United Nations Relief and Rehabilitation Administration within the next nine months, and oppose the

THIS LED TO V-J DAY

This scene partially depicts the desperate struggle by marine forces to establish a toehold on Iwo Jima in the Volcano islands. It was this landing, made at a loss of 20,000 marine casualties, that led to the surrender of the Japs on August 14, 1945. It is only fitting that on V-J Day we pause to honor those who gave their all so willingly.

creation of any elaborate international organization to replace it. The total amount of money contributed or available to UNRRA now and in the past is \$3,670,799,021, of which the U. S., Britain and Canada contributed \$3,462,388,738. While a considerable quantity of relief went to the Soviet zones, the Russian Government contributed nothing to the cost of the supplies that went into their zone.

MEAT

Meat prices, despite larger supplies, will be 15 to 35 per cent higher this fall and winter than in June, according to the Agriculture Department. Fall and winter supplies are estimated at 18 to 20 per cent above the spring and summer levels, but high incomes are expected to keep both demand and prices well up into 1947.

WAR CRIMES

The number of deaths suffered during the war by U. S. and Filipino forces and civilian personnel from enemy war crimes totaled 142,076, according to an estimate by Howard C. Petersen, Assistant Secretary of War. The war crimes included murder, cruelty and torture, starvation and neglect, and other assaults and mistreatment. The record thus far shows that 23,039 victims of war crimes were in the U. S. armed forces; 27,258 in the Filipino armed forces; 595 were U. S. civilians, and 91,184 were Filipino civilians, of which 89,818 were listed as murdered.

Grandfather Home Day To Be Held On August 11th

Banner Elk—This year the 28th consecutive annual Grandfather Home Day will be held in the Rumpel Memorial Presbyterian church in Blowing Rock on Sunday, August 11. The musical program, which is arranged by Mr. David Ovens of Charlotte and Blowing Rock, will include Jean Watson, Canadian contralto, Mac Morgan, baritone, and Stuart Ross, noted New York pianist.

The Grandfather Home Day, for the benefit of Grandfather Home for children at Banner Elk, is held annually in this church. Working with Mr. Ovens on plans for the day are the Rev. Walter K. Keys, pastor of the church, and Dr. W. C. Tate, president of Edgar Tufts Memorial Association, of which the orphanage is a department.

The event this year will furnish one of the greatest musical treats ever to be brought to the residents and summer visitors of this mountain resort area.

At the THEATERS

Gail Russell and Diana Lynn, who endeared themselves to filmgoers as the unpredictable teen-agers whose "Hearts Were Young and Gay," return to the Appalachian Theatre next Monday in Paramount's "Our Hearts Were Growing Up," which co-stars Brian Donlevy with the two girls. Now slightly more grown up, the girls are none-the-less mischievous, and "Our Hearts Were Growing Up" is reported to have double the mirthful mix-ups of its predecessor, which should be hilarity a-plenty.

Gail and Diana continue their reckless goings-on by first adopting a bootlegger with a yen for culture, to act as their chaperone at a football game. That brings on complications, as they immediately become involved with some of the bootlegger's products, causing their boy friends to quit them in indignation.

This serves as a springboard for the girls to invade wild and wicked Greenwich Village. There they hope to acquire the sophistication and poise which they believe will bring their beaux back to them. The girls are hardly settled in their new surroundings, when big things begin to happen to them. They are pounced upon by assorted Bohemian characters, practically ruin a theatre performance, and bring about a police raid on a speakeasy, necessitating their rescue from the law by their boy friends. These are only a few of the romantic antics in what is said to be a breezy, youthful comedy, studded with amusing, madcap gladiatorial.

Heading a reportedly excellent supporting cast are Billy De Wolfe and William Demarest, both of whom have received special commendation from preview critics for hit portrayals.

for Administratrix. 8-1-6ch

Lees-McRae College Gets New President

Banner Elk—At the annual meeting of the Board of Trustees of Edgar Tufts Memorial Association held at Banner Elk on Tuesday, Dr. Roswell C. Long was elected president of Lees-McRae college, succeeding Dr. William Cummings Tate who has held this office since 1942.

Dr. Long was reared in the Mint Hill section of Mecklenburg county, and attended the Baine Academy at Mint Hill. He is one of four brothers in the ministry, sons of the late Mr. and Mrs. Reece Long. He is a graduate of Davidson college with an A. B. degree, of the University of Virginia with an M. A. degree, and of Union Theological Seminary with a D. D. degree. Also, he holds honorary degrees, a D. D. from Arkansas college, and a Litt. D. from Presbyterian college.

Dr. Long has held pastorates in West Virginia, North Carolina and South Carolina. His last pastorate was that of fifteen years at the First Presbyterian church in Greenwood, S. C. More recently, for the past three months, he has been directing the endowment campaign for Lees-McRae college.

Dr. Long announced that there would be no change in the staff or faculty of the college.

Dr. Tate, whom Dr. Long succeeds as president of the college, retains the presidency of the Edgar Tufts Memorial association.
