

### Washington Notes

#### VETS WANT HOMES

Census Bureau reports 4,000,000 veterans want to rent quarters or build new homes by June, 1947. Two-thirds prefer to buy or build and 1,700,000 report ability to pay \$8,000 or less.

#### COFFEE

Improved coffee shipments have enabled the Department of Agriculture to remove restrictions on inventories.

#### DEFERRED

Selective Service says 160,000 registrants from 19 to 29 have been deferred under the provisions regarding farm work and that they can retain their status even if they quit farm jobs to attend school.

#### AVIATION

The U. S. and Great Britain will follow the principle of freedom of competition in future aviation agreements with other countries. This may mean that the recent British agreement with Argentina, which contains restrictions on competition, may be renegotiated.

#### TO STAY

The world is about convinced that the United States is in Europe to stay, that no concessions will be given to Soviet Russia, and that the Soviets will be expected to carry out Yalta and Potsdam agreements.

#### MILITARY COSTS

There is little prospect for disarmament on the scale that followed World War I and the military costs of the U. S. are estimated around \$8,000,000,000 per annum.

#### ELECTION

Political prognosticators assume that the Democrats will suffer serious losses in the House and that the Republicans have an excellent opportunity to gain control of the lower House. The Senate will probably remain Democratic, with reduced majority, according to the dopesters.

#### WALLACE

The idea that former Secretary Wallace may use the next two years to build up his own following in an attempt to take the lead of the liberals is everywhere. Republicans are glad to see signs of a split.

#### RECESSION

The recent stock market recession is taken as the first sign that the present boom is not to be permanent and that other prices will soon recede. Even the buyer, it is believed will gain advantages in certain lines.

#### HOUSE RACE

The House races boil down to this: The Democrats have 128 seats in the Solid South and 75 others in the industrial areas may be safe if the labor vote sticks to the party of F. D. R.

9. How much did the Statue of Liberty cost?  
10. What day does Christmas occur this year?  
(Answers on page three)

#### FIXED INCOMES

How fixed incomes are affected by developments beyond control of the individuals enjoying them is shown when we reflect that one with a \$3,000 income in 1939 can now buy about \$1,885 worth at 1946 prices. Taxes reduce the income to \$2,673 and higher prices make the other reduction.

#### PRODUCTION

A production peak is expected in 1947, with necessary price adjustments certain to have a restricting effect upon output.

#### STRIKE

Statistics reveal that in the eleven years before the Wagner Act passed there were 11,830 strikes, and in the eleven years after it was passed there were 38,521. This is not all of the picture. In some of the years, before June 30, 1945, economic conditions created great unemployment and it was useless for labor to think of a strike.

#### C. I. O. MURRAY

There is a rumor that C. I. O. President Philip Murray is considering resigning. He would retain his leadership of the Steelworkers, however, the largest CIO affiliate.

#### MID-'47

Mid-'47 may be the time when a customer can go into a store and expect to buy what he wants. There are exceptions, however, to this general statement.

#### IMMIGRANTS

During the first six months of this year, 82,926 immigrants were admitted to the United States, according to the Department of Justice. The figure includes 21,130 quota immigrants, which include visitors, persons in transit through the United States, and persons entering this country from Canada and Latin America.

#### CARIBBEAN THEATRE NOW OPEN FOR WAC SPECIALISTS

Sgt. Francis M. Darcy, commander of the U. S. army recruiting station, located in the post office building, Lenoir, announced today that a special effort is being made by the war department to re-enlist 15 former members of the Women's Army Corps with MOS No. 213 for direct assignment to the Caribbean defense command.

Under current regulations, any WAC desiring this assignment will be re-enlisted in the grade held at the time of discharge. Applications can now be filed at the Lenoir recruiting station and must be not later than Oct. 20, 1946.

Meat exports are halted to save United States supplies.

## Graham-Paige Farm Equipment Division announces the appointment of QUALLS MOTOR COMPANY AS FULLY AUTHORIZED DEALER FOR ROTOTILLER

Trade Mark Reg. U. S. Pat. Off.

# ROTOTILLER

### POWER TILLER OF A HUNDRED USES!

PERFECT SEED BEDS IN ONE OPERATION!

Swiftly rotating tines shred and mix the soil, fertilizer and humus, forming rich, moisture-retaining seed beds up to 9 inches deep.

Built at Willow Run

#### ROTOTILLER ATTACHMENTS

for

PLANTING CULTIVATING CUTTING WEEDS  
MOWING LAWNS PLOWING SNOW BELT JOBS

FOR FRUIT AND VEGETABLE GROWERS, NURSERIES, GREENHOUSES, FARMS, AND GARDENS OF ALL SIZES!

ROTOTILLER is Graham-Paige's scientific tillage machine. Instead of turning over the soil in huge furrows which must still be broken down by time-consuming labor, it forms a perfect seed bed in one simple operation. Its swiftly rotating tines produce a finer, richer seed bed than plow, disc and harrow combined, and at a big saving in time and labor. See us about an actual demonstration.

Ten other attachments now available not shown here, including Furrower, Hay Rake, Hiller, Lawn Roller, Ridger, Soil Compactor, Sprayer for Crops and Buildings, Water Pump, Trailer, and Trash Coverer.

Other types of our farm equipment will be on the market soon, including two sizes of Tractors, large tractor-drawn Rototillers, Cultivators, Disc Plows, Mowing Machines, Grain Drills, Moldboard Plows, Spike and Springtooth Harrows, etc.
