

COVE CREEK SCHOOL NEWS

The Cove Creek district school will observe Thanksgiving holidays from Wednesday afternoon of this week until Monday December 2.

Christmas holidays will begin December 19 and school will remain closed until Tuesday morning December 31.

The following menu was served by the high school cafeteria, Wednesday, November 27: Turkey, dressing, cranberry sauce, rice, fruit salad, hot rolls, and milk.

Under the leadership of the athletic committee a pep club has been organized at our school. Officers have been elected as follows to serve this club of 25 members:

President, Laura Judy; vice-president, Zelah Gragg; secretary and treasurer, Marjorie Mast, reporter, Nannie Helen Greene.

On Wednesday of last week the 9th grade girls home-room presented a dramatization of the life of Captain John Smith. This en-

tertainment was given as a chapel program and was directed by Wakefield.

Recent activities of the boys and girls scout troops have been the securing of a room for scout meetings and the preparing of this room. The boys have made lockers which fold under the seats. The girls have made curtains and are helping with the painting of the walls. Within a short time they hope to have an attractive as well as a convenient place for meetings.

Last Friday Cove Creek and Bethel clashed in basketball for the opening game of the season. Both boys and girls teams participated.

The Red Raiders won with a score of 48-23. The boys on Cove Creek's first team are: Dean Wilson, Willis Farthing, Richard Minton, Jimmy Mast, and Len Stokes. The second team is made up of Lee Greene, Carl Greene, Raymond Harmon, J. D. Younce, Junior Danner, and John J. Bingham.

High scorers of the game were Richard Minton and Lee Greene with 12 points each. Coach Or-

bone hopes that after more practice our team will improve.

The Cove Creek girls won over Bethel with a score of 21-16. Members of the squad are Nannie Helen Greene, Dottie Miller, Peggy Bingham, Joyce Henson, Chilene Banner, Faith Thompson, Dixie Rae Farthing, Sarah Johnson, and Jean Mast. Three other members are still to be selected.

Good playing was done by both the team from Bethel and the home girls.

Letters To Santa

Dear Santa Claus: I would like a sled for Christmas if you can possibly get one. If you can't you can bring me anything you want to. I would appreciate anything such as books, games, or anything. I would like for you to bring mother and father a bedspread for their bed in the new house if you can get Mrs. Claus to make one. Give my love to Mrs. Claus and the children up there. If I am not asking too much I would like a ring. I would like a house coat and bedroom shoes, but that is asking too much. Love, Becky Starling, Sherwood N. C.

Dear Santa Claus: I would like to have a sled but I do not know whether mother and dad are going to give me one or not. I would like to have a housecoat and a pair of bedroom shoes to use in our new house. I would like for you to bring mother and daddy a Victrola-radio combination if that won't be too much. If you cannot bring me the sled and the house coat and bedroom shoes I would like to have my birthstone ring. My birthstone is sapphire but I would like for you to send them all, but I don't want to be a pig. I would also like to have a few new clothes. I guess I had better close for now. You can bring me anything. Give my love to Mrs. Santa Claus and the people up there. Lots and lots of love to all. Love, Starr Starling, Sherwood, N. C.

MOTHER DOES IT

Falmouth, Maine—Sighting a large buck in the fields behind her home, Mrs. Ralph W. Luce, who just a few days before had returned home from the hospital where she had given birth to her fifth child, sent her eldest son, Ralph, 13, to shoot the animal. Changing her mind, she called him back to watch the sleeping baby and went out herself and bagged the 225-pound, eight-point deer.

CAT STOPS WORK

Kewanee, Ill.—A venturesome tomcat caused a work stoppage at two of Kewanee's largest industries recently. The cat walked across power lines and short-circuited transformers, cutting off electric power for five hours. All of the cat's nine lives were snuffed out at once.

RESISTS REAL TEMPTATION

Seattle, Wash.—After five days and 50 miles of hiking in a vain search for deer in eastern Washington, Ed Crippen, local policeman, came wearily home. While cleaning his rifle, he raised it to sight through a window—and froze. A three-point buck deer in the garden met his gaze. Crippen, with all the will power he possessed, slowly lowered his gun. His home is in a game preserve.
