

APPALACHIAN HI SCHOOL NEWS

State Meeting
Four Student Council members, V. J. Moretz, Margaret Hayes, Teddy Barnett and H. M.

Moretz, attended the State Student Council Congress meeting in Henderson, N. C. for three days last week. They were accompanied by Miss Mary Gage Barber, high school librarian, who served as adviser for the group.

F. F. A. News

The Daniel Boone chapter of F. F. A. boys entered in the F. F. A. field day contest here last October 11th. They were high scorers from the start to the finish and came out second place in the contest.

The boys represented the chapter: Howard Critcher ran both the 50 yd. dash and the 100-yd. dash and won both of them. He also threw the baseball in the baseball throw and came out 4th. Tommy Critcher did the high-jump but did not do so well, but he came back and got third place in the bar-chinning. Worth Miller got third place in the broad-jump. Frank Norris and James Wilcox pitched horseshoes for the chapter but were defeated in their first game. Worth Miller, Wade Miller, Bill Ragan, Howard Critcher, Tommy Critcher, Dale Hodges, Carleton Combs, Newell Carroll and Baxter Carroll played the softball games. They made a good showing for there were several good teams in the contest.

Halloween Carnival

The Junior class of Appalachian high school has completed most of their plans for the annual Halloween carnival Friday, October 30. This year the class, sponsored by Mrs. Hawkinson and Mr. Snyder, is planning a bigger, better carnival than ever before. In addition to the traditional apple bobbing there will be many other attractions such as the Casbah, the Seven Wonders of the World, the Penny Arcade. Booths will open at 8 o'clock. Around 9:30 or 10:00 o'clock the auditorium will open for round dancing, cake walks, square dances and costume contest. The proceeds from the carnival will be used to finance the Junior-Senior banquet.

Kelley's Farm

The Daniel Boone chapter of F. F. A. boys accompanied by their advisor, Mr. Tait, attended the rebuilding of the Kelley brothers 120 acre run-down farm eighteen miles from Charlotte on Beatty's Ford road Thursday, October 14.

Window Displays

The county and city schools will put on a display concerning Education Week during the next two or three weeks. The Farmers Hardware has very generously given their window display space for this use. Mr. Wey, President of the Watauga County Teachers Association, wishes to express the appreciation of the schools in the county for the use

of this space and also for the donation of money which is to be used for the purpose of purchasing a large sign which is now being used throughout the United States in an effort to make lay people conscious of the importance of their schools.

Patrons of the county and city schools are urged to watch for these window displays during the coming two or three weeks.

State College Hints to Farm Homemakers

Many homemakers like the idea of keeping a bottle of vinegar on hand with several cloves of garlic and a few pods of red peppers in it. Such vinegar is particularly pleasing in flavor when used in making mayonnaise or French dressing for vegetable salads, and is delicious, too, when poured over a roast of lamb or beef.

Sandpapering the soles of a baby's new shoes before they are worn may keep him from slipping and so prevent many falls.

When purchasing a winter coat it is wise to remember that fact that the best linings are usually slippery so that the coat will go on and off easily; firm so the lining won't pull at the seams; color-fast; pre-shrunk; and of a material that won't wrinkle or stain.

The number of outfits a girl owns has little to do with the usefulness of her wardrobe. The suitability of her clothes is more important than the number.

And the clothes which cost the most are not the clothes made of the finest materials. They are the clothes which hang in the closet, unworn. The actual cost of any outfit is the cost in dollars and cents, divided by the number of times you wear the outfit.

Your hemline is perfect when it's barely noticeable. A finished hem can give your outfit either a custom-tailored look or a "home-made" effect.

DOGS KILL GIRL, 4

Haverhill, Mass. — Little Margaret A. Goggin, 4, of West Boxford, is believed to have been the victim of dog bites. A medical examiner concluded that the child, who was killed on a poultry farm on October 5, had died of loss of blood and that the injuries were consistent with dog bites. Paul T. Jones who owns the poultry farm, has two German shepherd dogs, but no one saw the dogs attack the child.

In the South a fresh wild woods fire bursts into flames on an average of every three minutes.

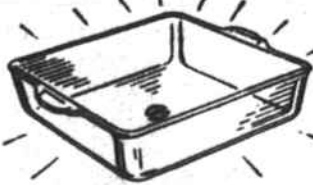

A crowded carrot patch must be thinned if you want a good crop of carrots. The same thing applies to trees.

The State's commercial apple crop is currently estimated at slightly more than one million bushels.

Vote Boys VOTE

IT'S YOUR PRIVILEGE, PAID FOR IN BLOOD ON VALLEY FORGE

It's your privilege, it's your duty to vote. I am not against anyone on either ticket.

My suggestion is:

CLYDE R. GREENE
FOR CONGRESS

DR. H. B. PERRY
FOR STATE SENATE

HARRY HAMILTON
FOR COUNTY COMMISSIONER

W. C. Greene

P. S. - Don't forget Dewey and Warren. They ought to be elected.

No other Heavy-Duty Trucks have CHEVROLET'S VALUE

Only Chevrolet Advance-Design

Heavy-Duty Trucks Have All These Features

4-SPEED SYNCHRO-MESH TRANSMISSION—This entirely new heavy-duty transmission in one-ton and heavier duty models enables the driver to maintain speed and momentum on grades!

SPLINED REAR AXLE HUB CONNECTION—Another Chevrolet truck innovation, this feature insures added strength and greater durability in heavy hauling.

FLEXI-MOUNTED CAB—Mounted on rubber, the cab is cushioned against road shocks, torsion and vibration.

THE CAB THAT "BREATHES"—Chevrolet trucks bring added

driver comfort with the cab that "breathes"! Fresh air is drawn in and used air is forced out! Heated in cold weather.

IMPROVED VALVE-IN-HEAD ENGINE—The power-packed Chevrolet Load-Master engine, world famous for economy, is now even more durable and efficient in operation.

Uniweld, all-steel cab construction • New, heavier springs • Full-floating hypoid rear axles in 1/4-ton and heavier duty models • Hydovac power brakes on 2-ton models • Ball-bearing steering • Wide base wheels • Standard cab-to-axle dimensions • Multiple color options

CHEVROLET You're in for an eye-opener when you try these new, big Chevrolet heavy-duty champions. Our guess is you've never driven a truck with more get-up-and-go... more ease of handling... more style and stamina... more downright, real value! For combined with all their bigness and power and premium quality, these trucks have 3-WAY THRIFT. They bring you low cost of operation, low cost of upkeep, and the lowest list prices in the entire truck field!

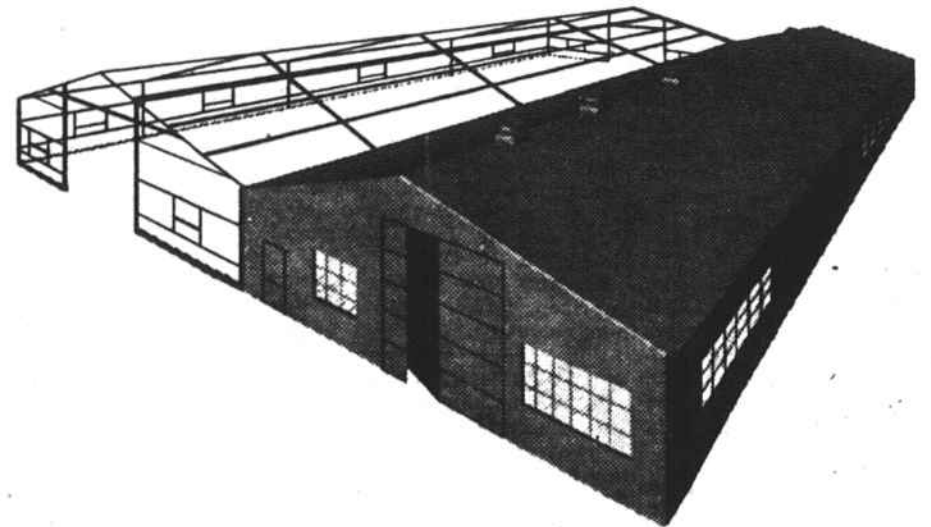

*Fresh air heating and ventilating system and rear corner windows with deluxe equipment optional at extra cost.

QUICKLY ERECTED AT LOW COST STRUCTURAL STEEL BUILDINGS

by *Luria*

- ★ Luria Standard Steel Buildings have frames of heavy rolled structural steel shapes and meet all building codes.
- ★ Straight vertical side walls waste no usable space.
- ★ Rigid frame construction makes use of entire height up to roof.
- ★ Widths in clear, unobstructed spans of from 40' to 100'.
- ★ Roofing and siding may be corrugated steel, corrugated asbestos, or masonry walls and built up roof.
- ★ Easily air-conditioned or humidified.

Dave Steel Company... a great name in steel fabrication... offers its engineering facilities without obligation to help you plan and erect the structure best suited to your specific needs.
