FARMERS TO VOTE ON 'NICKELS' PLAN

Farmers have been hearing a lot lately about "Nickels for Know-How." What's it all about?

"Nickels for Know-How" is a plan to expand agricultural research and teaching in North Carolina through a farmer contribution of five cents per ton on all feed and fertilizer sold in the State.

The idea was originated by farm leaders of the State. The 1951 General Assembly passed an enabling act that gives farm people the opportunity to contribute directly for expanded research and education if they approve it in a referendum to be held November 3. The referendum is to be conducted by the North Carolina Grange and Farm Bureau and the Agricultural Foundation, Inc., at State College.

The Agricultural Foundation, incidentally, is a corporation made up of farmers and farm leaders for the purpose of receiving gifts or contributions to support and expanding program of research and education.

Farm leaders say North Carolina has such a varied climate and agriculture that more money is needed to solve the insect, disease, and weed problems of farmers. Even the generous appropriations made by the last two legislatures fall far short of the needs. Since farm people cannot expect more than their share of public funds, the additional money must be raised in some other way.

In the referendum, all persons who use seed or fertilizer, and their wives or husbands, will be eligible to vote. FFA, NFA, and 4-H Club members with crop or livestock projects of their own are also eligible.

The voting on November 3 will be conducted from 6:30 a. m. to 6:30 p. m., at the polling place used in the election of PMA committeemen. No special registration is required.

If approved by a two-thirds majority of those voting, the plan will be effective for three years.

State College dairy specialists say a dry cow should be fed not only grain but should also have all the silage, good hay, and pasture that she will consume.

FRIENDSHIP

Where people are linked by common interests and common purposes, friendships grow spontaneously.

In the churches of our community new friendships are being made every day. Here children learn the lesson of sharing as they work and play together. Here boy meets girl in the most wholesome environment the world can offer. Here wedding bells ring as couples seal their devotion with the sacred vows of marriage. Here people worship and serve together, finding strength in their mutual quest for spiritual realities. Here those in the sunset of life cure the loneliness of old age with happy companionship.

Turn to the Church for the deep, lasting, enriching friendships you need. They are part of the practice of Christianity—part of the riches to which the Church guides us.

It was Jesus who taught: LOVE ONE ANOTHER, EVEN AS I HAVE LOVED YOU.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
