### Expectant Father

by R. CASALE  
Oh Father of all fathers in awe I stand at the mystery of Life  
As unfolds hidden in faith and hope—a Surprise?  
I lift mine eyes above the hills, beyond the clouds  
The infinite harmonious I seek and scrutinize.

The Law governing Love in passion quenched,  
The turmoils, anxiety governing: Heredity? Chromosomes? Genes?  
—Wanton chances?  
Science is fruitless—  
Nature is compelling.

What will it be: He or She?—  
Wise and bright?  
Myself I project into futurity versus posterity  
And in the confusion of timeless relativity,  
More bewildered I stand in understanding Thee!

Whence my will power failing my wisdom? Do I fear?  
Yes, I tremble at my worthiness in Thy sight  
A tool in Thy hands!  
Kindly use me right!

If, in my dullness in pursuing what is right,  
I should ever again continue to fail,  
Reforge me in thy anvil, acceptable to thy sight  
For I will be a father also, Oh Lord—within Thy might.

The Law of Love  
Procreating, transforming, compelling, unfolding  
Within a Mother conscious of her mission  
Warrants forgiveness Oh Lord,  
And within our hope and Thy blessing  
Make us live right.
