

REA Head Speaks To Blue Ridge Co-Op

Lenoir, Sept. 12—Ancher Nelsen of Washington, administrator of the Rural Electrification Administration, defended his reorganization program as one which is in line with the economy movement in Washington.

He addressed the annual meeting of the Blue Ridge Electric membership Co-operative shortly after its membership voted to increase its authorized indebtedness from \$10 million to \$50 million to care for future expansion.

Nelsen said the REA reorganization simply has put well qualified experts with long experience in the agency, into key positions for development of rural electricity and rural telephones. Approximately 90 per cent of the nation's farms now have electricity he noted.

"In spite of reports that I have read in newspapers to the effect that REA was to be scuttled and taken away from farmer," Nelsen said, "we are going ahead exactly as we always have done and

along the same lines laid out by my predecessor, Claude Wickard."

Industry-Wide Effort
He said the development of rural telephone systems "is an industry-wide cooperative effort" and probably will not proceed with the speed made in expansion of REA.

Nelsen said the REA was advised along with all other governmental agencies to reduce its spending to keep the national debt from exceeding its limit of \$275 billion.

"The same policies in good farm management apply in government," he asserted. "We must stay within the bounds of a sound economy. The best thing we can do for our children is provide them the opportunity of success and security in the future."

He termed the REA "one of the most constructive programs the world has ever known."

The Blue Ridge Co-operative which has headquarters here, serves 14,446 customers in seven northwestern North Carolina counties. It has 3,016 miles of transmission lines. It was organized in 1936, the first in North Carolina and is one of the largest in the eastern half of the nation.

Cecil E. Vivrette is general manager of the firm and A. B. Hurt of Ashe County is president.

Directors elected for one year are: Caldwell District, A. G. Beach, D. R. Moore, C. L. Mast and C. C. Provey; Watauga District, A. W. Greene, Clyde Perry, Bert Mast and Clarence Newton; Ashe District, A. B. Turt, W. B. Austin, C. B. Grayson and Todd Denton; and Alleghany District, Dan Jones, D. M. Edwards and C. G. Collins. Several thousand persons attended the daylong meeting.

Watauga Native Dies In Kingsport

Roy S. Bingham of Kingsport, Tenn., died at 10 p. m., Thursday, September 10, at the Holston Valley Community Hospital following a lingering illness.

He was born in Watauga County, N. C., but has lived in Kingsport since 1932.

Bingham has been connected with Cherokee Motors since the company was organized in 1938. He was a member of the Broad Street Methodist Church.

Survivors include his wife, Mrs. Thelma T. Bingham of 440 Center Street; three brothers, Walter Bingham and Sam Bingham of Kingsport, George Bingham, Jr., of Elizabethton, and three sisters, Mrs. Herbert Niles of Elizabethton, Mrs. R. N. Brooks of Sugar Grove, and Mrs. Gordon Taylor of Boone.

Funeral rites were conducted at Hamlett-Dobson Chapel at 2 p. m. Saturday, with Dr. E. E. Wiley of the Broad Street Methodist Church in charge.

The body remained at the funeral home until time for the services. Following the rites, it was shipped to Syracuse, N. Y., where graveside service and burial was in the Masonic Cemetery on Sunday.

Correction

In the story last week concerning driver training in two of the county high schools it was stated that the Winkler Motor Company had participated in the training program by furnishing a car since the inauguration of driver training in the year 1937. This date as recorded was wrong due to a misunderstanding in recording the notes and should have been the year 1947.

The error is regretted.

May, 1952, production of total nonfat dry milk solids was the highest for any month in 18 years of record.
