

Cove Creek School Organizes Paper; News From Home Rooms

The students interested in publishing the school newspaper, the Wacovia, met with Mrs. Hodges last week to organize a staff and discuss plans for the year. The following editors were elected:

Editor-in-Chief, Dollie Teems; Associate Editor, Maxie Harmon; general news, June Knipf; art, Georgia Swift; humor, Grace Macauley; sports, Jim West, Joan Hollars; typing, Donna Wilson.

Homeroom News of 10-A Girls
Mrs. Horton's 10-A homeroom girls elected their officers on Friday September 4th. They were as follows:

President, Ruby Hodges; vice-president, Bobbie Bingham; secretary, Margaret Hagaman; vice-secretary, Barbara Jean Danner; chairman of homeroom monitors, Glenda Lawrence. Shirley Gail Harmon was elected as program chairman and Marbeth Calloway as chairman of chapel programs. Bobbie Bingham was elected reporter and Barbara Danner, treasurer.

Last week three candidates were elected to run for Student Council representatives. They were Betty Belle Mitchell, Leslie Mast, and Audrey Hatley. They were all approved by the faculty and Audrey Hatley was elected to represent the homeroom in the Student Council.

In homeroom each morning the president takes charge and has the devotional given by some member of the class who has been previously appointed to do it.

This fall the group has chosen to work on the subject of self-improvement. We are using as a basis for study one of the family living series entitled, "About Lou". We think before you can improve yourself you should understand yourself and know what needs changing about you and how to start about making these changes.

We have chapel Wednesday, September 23. We plan to have our program opened by a quartet sung by Bobbie Bingham, Barbara Danner, Betty Mitchell and Jerlene Baird. Then we are having a quiz program in which the audience will participate. Audrey Hatley will be the announcer.

Glenda Lawrence has made a monitor's schedule which she posts on the bulletin board each week. Two girls are responsible as monitors each week for keeping the room tidy and neat and seeing that the room is properly ventilated. They are given the privilege also of making the bulletin board display in the front of the classroom. We hope to change our bulletin board twice monthly and have it emphasize self-improvement.

Mrs. Mast's Homeroom
The junior girls of Mrs. Mast's homeroom have elected the following officers: Mary Sue Wilson, president; June Knipf, vice-president; Joanne Hollars, secretary-treasurer; Georgia Swift, reporter.

Committees appointed are the sanitation, the bulletin board, and the devotional. Several of the girls are working on different committees and we are hoping for many improvements in our classroom.

Senior Class News
The senior class of Cove Creek

High School met September 16, for the purpose of electing class officers. The officers and their positions are as follows: President, Jack Simpson; vice-president, Clifford Glenn; secretary, Marion Ward; treasurer, Donna Wilson; reporter, Benny McDonald.

Another class meeting was held September 21 for the purpose of electing an Annual staff, since it was decided we were to have an annual this year. The Senior Annual staff is as follows: Editor, Benny McDonald; Business Editor, Jimmy West; Advertising Manager, Douglas Henson; Circulation Manager, Dollie Teems; Photography, Charles Love. It was decided at the meeting, since the seniors next year will not have an annual, to invite the junior class to have a junior staff to work with the seniors on this year's annual. The junior staff is as follows: Assistant Editor, Ann Wilson; Assistant Business Manager, Joan Hollars; typists, Joan Thomas, Jeanette Stansbury. It was also decided that the junior class would have superlatives. Miss Love, annual director, has placed orders with the Hunter Yearbook Company for the annual which we hope will be the best yet.

The senior superlatives have also been chosen and are as follows: Mr. Cove Creek, Jack Simpson; Miss Cove Creek, Maxie Harmon; Most Popular Boy, Jimmy West; Most Popular Girl, Shirley Williams; Most Athletic Boy, George Mast; Most Athletic Girl, Dollie Teems; Most likely to succeed boy, Benny McDonald; Most likely to succeed girl, Donna Wilson; Most Handsome Boy, Bobby Henson; Prettiest Girl, Lucy Dean Earp; Most Witty Boy, Frank Cook; Most Witty Girl, Carolyn Tester; Friendliest Boy, Billy Edmisten; Friendliest Girl, Jacky Kirby; Neatest Boy, Charles Love; Neatest Girl, Marion Ward.

The sponsors for the senior class have been elected and are Mr. John Bingham, Mrs. Virginia Dare Strother, and Mrs. Mattie

Jerry Troutman Is Outstanding In Grid Squad

Sophomore Jerry Troutman of Boone is going great guns at Lenoir Rhyne this year on the Bear football squad at tackle and is expected to see more than a little action before the season draws to a close. Working his six-foot, 200 pound frame from the right side of the line, young Troutman has shown aggressiveness this year that could well earn him his letter. Lenoir Rhyne dropped their opening grid contest to Wofford College 20-7.

The Bears play host to Newberry College, Saturday, October 3, at 8:00 o'clock.

Efficient farming means producing at the lowest possible cost per bushel, bale, ton, or other unit, so that the greatest net profit can be realized.

Cows Feed Selves In This Hay Barn

Many hours of valuable farm labor are saved when cows feed themselves from a building where hay is dried and stored.

Dairy operations in which cows feed themselves hay from a building where it has been stored and then cured offer a means of saving many valuable hours of farm labor, says S. B. Cleland, University of Minnesota Extension Service farm management specialist.

Cleland, writing in the Quonset Farmstead News June issue, reports that such a system is operating successfully at the State Reformatory farm at St. Cloud and that a similar arrangement has just been built on the Washington County farm of Joseph Kargel and Son.

The hay feeding, storage and curing building is one unit of a loose-housing system that uses two other Quonsets, one for bedding area and another for the milking parlor and milk room.

"The hay building is 40' wide, 100' long," Cleland says. "It has a concrete floor and open ends. A fan and motor housed on the side of the building forces air through drying tunnels which rest on the floor with hay on top of them.

"The hay is cut at its top quality period, partially dried in the sun, chopped and handled by a field forage harvester and mow-cured by unheated air after it's put in the building."

Movable racks through which the cattle feed are placed at each end of the barn.

"Cleland writes that the cows do the rest. They eat and push, and as they push toward more hay the racks slide along the floor toward the center of the barn. The cows eat their way through the rack, providing more and more shelter for themselves as winter wears on."

Closing Dates For State Fair Stock Entries Are Noted

Closing dates for entries in the livestock departments of the 1953 N. C. State Fair are nearing, warns Dr. J. W. Pou, head of the Department of animal industry at State College and chairman of the Livestock Advisory Board of the Fair. The final date for entering dairy and beef cattle is Wednesday, October 7, and entries close in other livestock departments on Monday, October 12, Dr. Pou reported.

"From the applications already received," the State College leader declared, "we should have one of the largest and finest livestock shows in history at the 1953 State Fair October 20-24. Among the entries already on hand are a number of outstanding herds of dairy, beef and dual-purpose cattle from other states."

Dr. Pou pointed out that the senior dairy cattle show, the dual-purpose cattle department, and three breed divisions of the beef cattle show are "open to the world". The three "open" beef cattle breeds are Hereford, Aberdeen-Angus and Shorthorn entries in the Brahman breed of beef animals are restricted to North Carolina owners.

"If prospective exhibitors of livestock have not yet received a copy of the State Fair Catalog and Premium List," said Dr. Pou, "there is still time to receive a free copy by writing: Manager, N. C. State Fair, P. O. Box 1388, Raleigh. The catalog includes a copy of the official entry form which must be used in filing applications for barn space."

TRADE AT HOME

U. N. ASSEMBLY
Communist China will not be considered for membership in the United Nations for the remainder of this year, the U. N. General Assembly decided as it opened its eighth session recently. The vote was 44 to ten with two abstentions.

Milk production on North Carolina farms totaled 162,000,000 pounds (75,348,372 quarts) during August.
