

# Lions Club Carnival Friday and Saturday

Everything is set for the Lions Club Carnival to be held two nights, Friday and Saturday of this week, in the Appalachian High School auditorium, said Roy Blanton, chairman of the Lions Club Show Committee.

The festivities will get underway both nights at 7:30, he said, and a gala evening is in store for all who attend. There will be games of skill including bingo, a shooting gallery, knocking down milk bottles, tossing hoops, fishing, baseball, basketball, darts and balloons. Contestants will win valuable prizes for their skill at these games.

There will also be clowns to entertain the children, and a "grab bag" containing prizes

valued up to \$20.00.

The carnival represents a departure from the Talent Show staged by the Lions for the past several years. The carnival will be held this year instead of the Talent Show, Mr. Blanton emphasized.

General admission is free, and proceeds derived from the games will be used for aid to the blind. "Everybody is welcome, and everybody can win a prize," Mr. Blanton said in making the announcement.

The Eisenhower Administration, in another Republican blow at public power, has under study a program to tax Federal power projects.

## Farm Receipts Drop In 1953

Farming in North Carolina yielded somewhat lower cash receipts last year than in 1951 and 1952, reflecting a nationwide trend.

Tar Heel cash farm receipts came to 94 per cent of 1952 receipts according to L. E. Tuckwiller, county far agent for the State College Extension Service. Mr. Tuckwiller, citing a recent survey of the USDA's Agricultural Marketing Service, said 1953 cash farm receipts for the nation as a whole dropped slightly less, to 96 per cent of the 1952 receipts.

The nation's farmers realized a net income of \$12.8 billion in 1953. Though this was 5 per cent less than the amount received in 1952 and 12 per cent less than 1951, it was 4 per cent higher than the postwar low of 1950. Income in 1951 reflected the sharply increased demand caused by the Korean War.

Total cash receipts in 1953 were lower than in 1952 in 37 states, and higher in 11 states. The decreases ranged from less than 1 per cent in North Dakota to 28 per cent in Nevada, while increases ranged from less than 1 per cent in Pennsylvania to 20 per cent in Mississippi.

North Carolina ranked fourth in cash receipts from crops in 1953, with farmers getting \$872,434,000. Tar Heel farmers received \$211,636,000 from livestock, placing North Carolina 23rd among the livestock producing states. Total cash receipts—livestock and crops—amounted to \$884,070,000 in 1953. The \$894,070,000 makes North Carolina the 12th ranking state in cash receipts from farm marketings.
