

Parkway Directory Is Given As Public Aid

Ross Reeves, district ranger of the Blue Ridge Parkway of the Bluff district from the N. C. State line south to Route 221, at Blowing Rock has announced the directory for the convenience of the public.

District Headquarters: Bluff Maintenance Area, Route 1, Box 20, Laurel Springs, North Carolina; Telephone: Wilkesboro 29F-5-3; Radio: "Bluffs" KIE 761.

District Headquarters is manned on Monday through Friday 8:00 a. m. to 5:00 p. m. On days of high fire danger (Class 3 and above) the office will be manned until 6:00 p. m., including Saturdays, Sundays and holidays.

To report fire or other emergencies, call District Headquarters on days and hours listed above. If no answer or at all other times, call the persons listed below, either in order listed or the person nearest.

District Ranger—Roscoe Reeves, Bluff Maintenance Area, Wilkesboro 29F-1-3.

Park Rangers—Clay F. Caudill, Post Office, Glade Valley, home, Cherry Lane, Sparta 29F-23. William C. Surrey, Boone, AM 4-3613.

Park Wardens—Clifford F. Pendry, Ennice; Ross Dean Richardson, Whitehead. Sparta 93F-1-1.

Maintenance Foreman—Joseph E. Windsor, Bluff Maintenance area, Wilkesboro 29F-1-3.

Engineer—William C. Eubank, P. O. Box 230, Boone, AM 4-3950.

Fire Control Aide—Clyde C. Wytst, Laurel Springs.

Bluff Maintenance Dispatcher—Bert Richardson, Post Office, Glade Valley; home, Cherry Lane.

Landscape Technician—Edison C. Ould, Laurel Springs.

CAR RACE FATAL TO 6

Warrenton, N. C.—One of the two cars involved in a collision which killed six persons was involved in a 90-to-100-mile-an-hour race. One driver, attempting to pass the other on the crest of a hill, sideswiped the vehicle and rammed head-on into a sedan driven by James H. Salmon, 29, of Warrenton. The driver of the racing car and five members of the Salmon family were killed.

The World's merchant fleet has tripled since 1900.

Leather Is New Favorite For Suits

Leather is a new favorite for suits and coats this spring. The colors are unlimited. A leather skirt, a leather and tweed jacket and soft wool blouse in the same color makes a wonderful outfit. The leather can be cleaned with warm water and soap on a damp cloth.

Soft kid great coats are expensive but a wise investment if you need a sport coat. With good care it will last for ages and is warm and light-weight.

The new hats are bulkier and, after such a long time with tiny hats, they are a welcome change for most of us. There are so many different shapes that there is something becoming for everyone. Don't invest in an extreme design unless you feel completely at ease in it. Instead, try one of modified numbers.

The shoe of middle color value is back. The most important color range is beige, very pale to medium tan. Pastel shoes with matching costume or a harmonizing costume will be good for late spring and all summer. In shape the new shoes will be smooth-looking, unadorned pumps with folded top lines and straighter sides. Both toes and heels are slimmer. Spectator pumps are coming in for a big revival and strap pumps are still news.

New spring and summer bags seem to be flatter and more elegant. The favorite shape seems to be envelopes and flat, squared-off shapes. Gloves are wrist-length or eight-button. Pale tones in stockings go with the new pale tones in shoes. Sheer meshes look well with spectators, sandal-foot stockings with sandals.

Plastic materials will be used for bags and shoes even more than last year. Women like the lack of care these plastics require. Plastic, enforced with steel, is being fashioned into eye-catching heels for all types of shoes.

DEMOCRATIC CONVENTION

This year's Democratic National Convention is expected to draw more people than in 1952. Chester A. Wilkins, executive director of the Chicago Convention Bureau, reported that, to May 1st, 11,825 rooms had been reserved in forty-six hotels for convention participants. This compares with 9,760 rooms used in 1952.

Brewer Speaks On State Steps

Raleigh, May 13—Kidd Brewer, candidate for lieutenant governor, announced today that his headquarters until the May 26 primary will be on the steps of the State Board of Education Building, across from the state capitol.

Brewer, local insurance and business man, used the same steps last Friday to announce his re-entry into the campaign. Brewer previously had withdrawn from the race on the advice of his doctors but announced they since have given him the "all clear" to run.

In a statement today Brewer said "everyone will be welcome to our open air headquarters . . . Brewer quipped "we expect to be ready for open house at 4 p. m. May 14. Fresh air and sunshine will be served daily except when it rains."

REFUSES RAISE

Newport, Ky.—City Manager A. C. Joseph recently turned down a \$4,800 salary increase offered by city commissioners. Joseph explained he couldn't accept an increase in view of the city's low financial status.

Milk Support Prices To Aid Farm Income

Recently announced increases in support prices for butterfat and manufacturing milk will enable processors to pay farmers 10 cents more per hundred pounds of manufacturing milk and 2.4 cents per pound more for butter fat.

This, according to B. W. Farthing, Chairman of the Watauga County Agricultural Stabilization and Conservation Committee, is what the recent U. S. Department of Agriculture action means to dairy farmers. The new support rates increase the supports for butterfat from 56.2 cents to 58.6 cents per pound and for manufacturing milk from \$3.15 to \$3.25 per 100 pounds. Nonfat dry milk, U. S. Extra Grade supports continue at 16 cents per pound for spray process and 14½ cents per pound for roller process.

The new support prices for butterfat and manufacturing milk are effective on products produced on or after April 1, 1956.

Through March 31, 1957, Commodity Credit Corporation butter sales will be made in carload lots at 63.25 cents per pound in Atlantic Ocean and Gulf Coast States and at 62.50 cents per pound in other States. CCC-owned cheddar cheese in carload lots will be sold at 38 and 37 cents per pound in the respective areas.

Export sales prices for CCC-owned products will continue to be based on world price levels.

Frozen foods now account for about 5 per cent of the total sales of chain retail food stores and somewhat less for independent stores, according to USDA.

Culbreth Gets Junaluska Post

Marvin Culbreth has recently accepted a position as associate director at Camp Junaluska for Girls at Lake Junaluska. On April 1, he resigned as secretary and public relations director of Camp Sky Ranch at Blowing Rock.

In the new position, Mr. Culbreth will have over-all supervision of the entire operation of Camp Junaluska. This is one of the oldest camps in North Carolina and enjoys an excellent reputation with its patrons and friends.

Mr. Culbreth came to Boone in 1950 when he took over as director of the Wesley Fellowship at Boone Methodist Church, a post he held for four years until the fall of 1954. For one year then, he was field representative of the North Carolina Society for Crippled Children in the western area of the state. All these duties were in addition to his regular work with Camp Sky Ranch. In 1948, he became a member of the Blowing Rock Rotary Club and served as secretary-treasurer for two terms. He has also been secretary of the American Camping Association, Southeastern Section, president of that organization and is presently Executive Secretary.

Mr. Culbreth has been at Camp Junaluska since April 1, and his family will join him there after the present school term ends.

The Philippines are named as the site for an atomic center.
