Renowned Players To Stage "Henry IV" At Appalachian

College will play host to one America's foremost theatrical organizations March 7. Players Incorporated, an international classical repertory company that has earned a unique name in its seven seasons of touring, will present Shakespeare's King Henry IV, (Part I), in a matinee performance at 2 o'clock and an evening performance at 8 o'clock.

The great "road" tradition, long thought to be dead by commercial managers, has experienced a healthy revival in recent years and in many respects Players Incorrated has led the way. Father Gilbert V. Hartke started the ball rolling in 1949 by assembling a group of the most able and talented graduates of the drama department at Catholic University in Washington, D. C. With a great deal of sweat and optimism and no capital, Players Incorporated managed to get out on the road in what might have seemed a hopeless pioneering task.

The success of that imaginative idea is now evident in Players' eighth tour around the United States. In addition to the touring company. Players now operates the year round with two summer theatres, one at Olney, Maryland, and one at Winooski, Vermont.

On four occasions the troupe has taken its shows abroad under the aegis of the Department of Defense. Twice they played in the Far East during the Korean War and twice they toured European military installations in France and Germany. This past year they trekked through the isolated bases of the Arctic doing performances for troops stationed in remote

## POWER...to cut time costs every trip!

# ew DODG

You get a power reserve in a Dodge Power Giant that pays off every mile you drive. From 204-hp. pick-ups to giant 232-hp, tandems, Dodge gives you the most power of the low-priced three . . . actually as much as 31% more.

Extra power means faster acceleration, safer passing . . . cuts your time costs every trip. It cuts operating costs, too, because it lets your Dodge engine loaf under loads that make less powerful engines whine with strain. Less strain means less wear, fewer repairs. And the special design of these Power Giant V-8's delivers fullpowered performance on regular gas.

More power lets you haul bigger loads. That's why Dodge can offer bigger payload capacities in every weight class. For instance, the Dodge 300 pick-up packs up to 73% more payload each trip than comparable competitive makes. And that's the kind of payload advantage that many times means one trip instead of two.

Dodge is the easiest handling truck on the road
with the shortest turning radius for easier parking and quicker zip-in-and-out maneuverability.
Power steering is available for most models. And,
for the first time on any truck, Dodge offers the

Dodge pick-ups hauf as much as 73% more than other low-priced makes.

Combine all these features with smart new Forward Look styling and comfort-designed cabs and you've plenty of reason to take a good look at a Dodge. Why not do it soon? You'll find your Dodge dealer's deal will help you decide on a new Dodge Power Giant right now!
