PTA To Honor City Teachers

The Parent-Teachers Association of Appalachian High School and Boone Elementary School will honor the teachers of the two schools Monday when a supper gathering will be held at the Elementary School cafeteria at 6:30 o'clock.

All parents in the community and teachers in the two schools are urged to attend by the association's president, Dr. Ray Derrick. No program is planned, as the time will be spent in getting acquainted and enjoying the supper, Dr. Derrick said.

The menu will be fried chicken, green beans, baked apples, potato salad, sliced tomatoes, rolls, coffee, pie or cake. Any parent that has not been contacted personally by the supper committee is asked to bring one of the above dishes.

The PTA officers are Dr. Derrick, president; Mrs. T. S. Bartlett, vice president; Mrs. Jerry Coe, secretary, and Major John Thomas, treasurer.

Mrs. Howard Williams, membership chairman, will be available for those desiring to join the association. Membership fee is one dollar per person.

Wataugans Attend Mars Hill College

Mars Hill—Three students from Watauga County are among the 1,059 full-time students enrolled at Mars Hill College for the fall term.

They are Glenda Leigh Lawrence, daughter of Mr. and Mrs. Thomas George Lawrence of Sherwood, and Mary Lenah and Thomas Richard Lawrence, daughter and son of Dr. and Mrs. C. Ray Lawrence, 418 Grand Blvd., Boone. Dr. Lawrence is a member of the college's board of trustees.

Miss Glenda Lawrence was graduated from Cove Creek High School in 1956 and is entering her second year of liberal arts study at Mars Hill. Miss Mary Lenah Lawrence is a freshman liberal arts student at Mars Hill. She was an outstanding student at Appalachian High School, where she was graduated last spring.

Thomas Lawrence is a second year liberal arts student at Mars Hill, where he was a member of the forensics team and the college touring choir last year.

The enrollment figure includes 442 women and 617 men from 21 states, the District of Columbia, and five foreign countries.

Hints For Homemakers

HOT, HURTING FEET—Don't let hot, hurting feet take the joy out of living. Buying note: If your feet tend to swell in hot weather, always try on new shoes at the end of the day. Foot-tight shoes cause pressure that leads to corns and calluses. Travel tip: Feet sometimes burn and swell on long trips. Always wear your most comfortable shoes when you are traveling on planes or trains. To help circulation, pat feet up whenever possible; walk around if stops.

Foot powder, alcohol or cologne rubs, an epsom salts bath, massage are boons for burning feet. Another help: Change stockings often.

Switching regularly from high to low heels saves strained muscles.

Take time out every two weeks for a complete, luxurious pedicure. You need a good, stiff nail brush, pumice, emery board, orange stick, cotton, nail clippers, polish—if you polish your toenails—polish remover, plus cuticle remover and oil or cream lotion, and a towel. Soak feet in soapy water at least ten minutes. Scrub well, concentrating on cut-

Bright Makeup Good For Fall

Bright make-up is in fashion for the fall and winter months to keep pace with the bright colors of the new clothes. It seems the mossy, lackluster hair colors are not in keeping with all this brightness.

If you are so inclined, there are any number of things you can do to make your hair more attractive. Some of the more old-fashioned of us think that frequent shampooing, a good hairbrush and the proper diet are enough. However, if you are interested, you can tint your hair, bleach it, streak it, highlight it or change the color altogether.

Hair coloring materials come under two headings: those whose effect is temporary and those referred to as tints or dyes. The permanent colors are of two types: those that coat the hair and those which penetrate into the hair shaft.

The temporary rinses have a softening effect on the hair and leave it soft and shining. This seems to be the best for your money. No matter what the style is to be really attractive, one must remain natural looking. Too often a dyed head looks just like what it is and no more.

Sun tips are a new Parisienne craze. Just a few strands of hair, in strategic spots about the head are bleached a lighter color.

If you are going to color your hair yourself, there are a few facts you would do well to know. First, your hair grows about half an inch per month. It was much faster during the summer than during the winter. The ends of the hair are more porous and pick up color much faster than the lengths.

So This Is New York

(Continued from page four)

Florida and California netted population gains of more than two-thirds between 1940-1950. Some doubtless benefitted by their moves; others were said to be "one jump ahead of the sheriff."

A promising idea to increase highway safety has been conceived by two Army engineers. The plan calls for yellow and red sections of pavement in advance of intersections. These portions of colored road are integrated with "Caution" and "Stop" signs which, studies show, all too many motorists ignore. The theory is that the colored pavement, first yellow, followed by red, will automatically warn of approaching danger. Tests of this interesting idea are being made at Fort Hamilton in Brooklyn, at West Point and at my old World War II post, Governors Island.

A traveling man here tells of picking up a Gideon Bible in a Milwaukee hotel. Pasted inside the cover was a sheet which said: "If you are lonely and discouraged, read Psalms 23 and 27." After reading these, he noticed a penciled note in a feminine hand on the margin: "If you're still lonely, phone Y 1943."

HURT MAN SAVES BOY

Winters, Texas—J. Y. Juernigan, 68, whose back was broken in an accident four years ago, swam from the bank of a lake and rescued a 4-year-old boy when a boat overturned. The boy's father, Emmet Simpson, 44, and Ben Nitsch, a friend, drowned.

GROWS BIG APPLES

The publisher of the Democrat appreciates the gift of a bagful of huge apples, grapefruit, size grown by Mr. A. C. Miller of Shawneehaw township. The huge apples are splendid.

BUDGET SPENDING

Government spending for fiscal 1958 will amount to an estimated total, in billion dollars, of 71.4. It is to be divided as follows: National Security, including Military Aid abroad, 42.9; Economic Aid abroad, and other international affairs, 2.3; Aid to Veterans, 5.1; Labor and Welfare programs, 3.2; Aid to Agriculture, 5.0; Interest, 7.4; General Government, 1.4; Allowance for Contingencies, 3.
