

Parkway School Gets Additional Teacher

As a result of our increased enrollment, we have been allotted an additional teacher. She is Mrs. Marvin (Leona) Hutchins of Boone and she will be working in the third grade. Mrs. Hutchins received her A. B. degree in elementary education in 1954 from Berea College, Lexington, Kentucky, where she was a member of the Young Women's Christian Association and the Harmonica Society. She has taught in Gastonia, and in Lexington, Ky.

We are planning a concentrated study of the teaching of science in our school to evaluate what we have and to plan a program based on our findings. We hope to make improvement through more specific aims, better attitudes, more efficient instruction and additional equipment. We were fortunate in having with us at our professional meeting on last Wednesday, Dr. Ray Derrick of Appalachian State Teachers College who helped us set up our philosophy for this study. We plan to use this as a basis in our professional meetings until the complete study is finished. Green Valley School is most grateful to Appalachian State Teachers College for their continual help to us in various fields.

Mrs. Dessie Mae Edmisten visited with us on last Tuesday, at which time, in faculty meeting, she informed us of the new county

film library and the new plastic torso, which the county has recently purchased for use in every school in connection with science, health and physical education. She suggested we take ever advantage of these facilities.

We are continually grateful to our efficient cafeteria staff, Mrs. Fred Holeman, manager; Mrs. Sam Moretz, Mrs. Blaine Miller and Mrs. Hoy Norris, for delicious hot balanced lunches. During the summer, some new lunchroom equipment was installed as follows: Stainless steel sinks and cabinets, an electric food warmer and a baker's table.

Our County Superintendent, Mr. Guy Angell, visited our school last Thursday and talked with our principal about possible improvements in and around our building. We are always happy to have Mr. Angell with us.

Mr. John Marsh, Mrs. China Lavendar and Mrs. J. T. C. Wright attended the Northwestern District Teachers meeting in Burlington on Tuesday.

Mrs. Lavender's First Grade
Most of us eat in the lunchroom. Some of us are learning to eat foods we haven't eaten before. Our lunches are interesting and delicious. Many of us have clean plates.

Our attendance is good. Most of us have been present every day.

PARADE BEAUTIES.—All Queens in anybody's book (or newspaper), these high school beauties were candidates for Homecoming Queen in the parade last Friday through Boone. Although unsuccessful in their bids to reign over the homecoming activities, the girls were successful in attracting attention of the parade watchers. They are, left to right, Janice Smith, Diane Watkins, Pat Maddux, Marilyn Triplett, Nadine Bolick and Mary Moretz. This being a candid picture, Ann West was completely hidden from the camera by Diane Watkins. The winner of the Queen contest was Linda Wey, who was marching with the band as a majorette, as was Pat Dowling, the other candidate. Queen Linda was crowned at the dance following the Elkin football game, along with King Eddie Rush.—Staff photo by Joe Minor.
