GMC Money-Makers available in models from 1/2 to 45 tons

It's here and you're invited! Come take your

First look at a smart performer

TODAY we're proudly displaying the 1958 GMC Money-Maker. And we think you'll find it the handsomest hustler you ever handled.

An eager 200 horsepower swings a top load like a cargo of feathers. Turning ease is like power steering's.

A fast-ratio cruising axle gives you an overdrive's road pace and gas savings. Foam-rubber seats cradle you in a roomy cab. Boulevard styling carries out the feeling of luxury.

But this beauty is built like a pocket battleship. You'll see that

in its massive spring hangers. In rear springs with the highest deflection rate of all light-duties.

You can sit solidly on an unhooked end of its tail gate—and you can't crinkle the roof or door panels with a smack of your hand.

You'll get the same quality instrument panel as on the big, \$10,000 GMC heavy-duties. A radiator mounted on a bulkhead integral with the frame. A steering column braced like a mast.

These and more tell the inside story of GMC stamina. Come in and see for yourself. Why not do it today?
