

# WF Alumni Campaign To Aid Orphans Of Cops

Winston-Salem. — Wake Forest College alumni are campaigning to raise enough money to offer college educations to the seven children of two highway patrolmen slain last week.

The move got its start with the Wake Forest alumni group in High Point when it established a Brown-Reece Scholarship Fund to aid the children of Patrolmen J. T. Brown of Sanford and W. L. Reece of Hauriet.

When the college trustees met yesterday (Wednesday) in connection with the Baptist State Convention in Raleigh, Wake Forest President Harold W. Tribble recommended that scholarships be set up for any of the seven children who can meet entrance requirements.

High Point alumni and college officials are urging other Wake Forest alumni and friends of the college to contribute to the scholarship fund. Club officials said a sizable fund will be needed for clothing, books, food and other items even if the trustees approve scholarships.

Letters have been mailed asking the assistance of alumni club

presidents throughout the state. Wake Forest alumni may give their donations to the club president in their area or mail them directly to the Brown-Reece Scholarship Fund, High Point, N. C.

"We of the High Point Alumni Club are anxious that proper provisions be made for the education of these children," said Dr. Bill Hinson, club president. "It is our hope that Wake Forest College and Wake Forest alumni can, in a true exhibition of Wake Forest spirit, offer these children an education. It's obvious, though, that we need a lot of help to do the job right."

### HOLIDAY TREATS

Pies for the holiday party can be "trimmed" to add to the festivity of the occasion. With a mince pie, cut a star opening in the center and place small red candles in the pie so each wedge will have one. Form a circle of whipped cream around a chocolate pie, then place a small candy cane where each wedge will be. It will make a big hit at a children's Yuletide party.

# Navy Recruiter Here Tuesdays

The Navy Recruiting Station announces that Hal McLean, Engineer First Class, U. S. Navy, a native of Caldwell county was recently transferred to the Lenoir Navy Recruiting Station. He will be assigned duties as a traveling recruiter in this area.

McLean is a veteran of over ten years naval service and has had a variety of assignments during his naval career. He has been assigned to one of the Navy's Degaussing ships, a landing ship tank, a submarine chaser and one of the most recent and modern destroyers of the Atlantic Fleet. McLean is the holder of the American Defense Ribbon, the European Occupation ribbon and three times holder of the good conduct medal.

McLean is a former student of Oak Hill High School and is married to the former Billie Jean Gray, also of Caldwell county. They make their home in Hudson.

McLean's tour of duty is expected to be for a period of about two years, when upon its completion, he will be assigned to another unit of the navy.

The Navy Recruiters from Lenoir are in Boone every Tuesday from 10:00 a. m. till 8:30 p. m.

# Operating Loans Now Ready For Farmers

Operating loans are now available to farmers in Watauga county according to Jennings B. Robinson, County FHA Supervisor.

Operating loans are made for the purchase of machinery, livestock, equipment, fertilizer, seed, tractor fuel and other farm and home operating expenses needed to carry out efficient farming operations on family-type farms. In some instances, a loan may be made for the refinancing of existing debts.

Operating loans are also available to applicants who have part-time employment off the farm, provided they are established farmers conducting substantial farming operations and spending

the major portion of their time farming. Such operators must have dependable sources of outside income. The main purpose of these loans will be to help farmers who live in areas designated for the Rural Development Program.

Operating loans are repayable over periods of 1 to 7 years with the interest rate at 5 percent.

The amount that can be loaned is based on the needs and the ability of the borrower to repay. The loan must be sound.

The ability to repay a loan made for operating a family-type farm is determined by the earning capacity of the farm and the operations the farmer intends to carry on. The Farmers Home Administra-

tion supervisor assists each loan applicant in preparing a complete farm and home plan. No loan can be made unless this plan shows the farm income to be sufficient to provide the family a good living, pay operating expenses, cover depreciation costs, pay debts and leave a reasonable amount for reserve.

Every borrower is expected to keep a complete record book to determine what direction he should take in each farm enterprise, to show his progress, and for income tax purposes. At the end of the year a review is made of the year's operations, and a new farm and home plan is prepared.

To be eligible an applicant must be a citizen of the United States, have had satisfactory farm experience or training, and be unable to obtain credit from other sources at a reasonable rate. He must also have, or be able to rent,

a suitable family-type farm. All of the present loan services of the Farmers Home Administration, which include loans for development and purchasing of family-type farms, farm housing and soil and water conservation continue to be available.

The Farmers Home Administration county committee will determine the eligibility of each applicant. The committee is composed of three men, two of whom must be farmers. The County Committeemen are Forrest A. Green, Otto G. Thomas, and Dallas J. Wilson.

Additional information regarding these loans may be obtained at the county office located in the courthouse.

A survey of herds of DHIA test in North Carolina shows that one-fifth of the state's dairymen are using latest developments in handling milk on the farm.

**GUN BLAST KILLS BOY**  
Salisbury, Md.—William Harry Bradford, 10, and his brother, David Lee, 14, missed an early school bus, and while waiting for the next bus, began playing with a 12-gauge shotgun. The younger boy grabbed the barrel of the gun held by his brother. It discharged, striking the boy in the chest, instantly killing him. The boys' parents were at work at the time.
