

KEYNOTER.—Dr. Gerald B. James, right, of the North Carolina Department of Public Instruction, congratulates Dr. Ben Horton, ASTC Education department head, after Dr. Horton delivered the keynote address at the Association for Student Teaching North Carolina Unit seventh annual conference in Raleigh. Dr. Horton's speech was entitled "Where To From Here." Dr. James is president of the North Carolina Unit of the Association for Student Teaching.—John Corey photo.

Continued Support Asked In Sales Of T. B. Seals

Tuberculosis is one disease that should be controlled and the most effective way is by finding the active cases and by treatment. When active cases are not found and treated promptly there is a serious danger that other members of the family and the public will become infected with active TB. Prompt treatment after detection and with fully arrested cases the chance of infecting others is eliminated.

Just last week a case was brought out by Ruth T. Draughon, Executive Secretary of the local TB Association. A father up in years, living with his sister and two young children, was found to have active TB. He had infected his wife and exposed the two young children.

"Many of the spreaders of tuberculosis are older men and women who do not know that with their cough, they are spraying tubercle germs into the air. The older people generally have enough immunity to protect them, but our children are likely victims.

"Often a child so infected dies, at times overnight, with tubercu-

losis meningitis, while others get TB of the kidneys, bowels, joints, or lungs. The best time to fight tuberculosis is before the germs have infected our children," said Mrs. Draughon.

"Your continued support of your TB Association, financed only by the annual sale of Christmas Seals, is urged to protect our older people and our children of Watauga County," Mrs. Draughon concluded.

Arrest Record

Nineteen persons were cited for traffic violations by highway patrolmen last week.

Reasons for arrests were: Three for improper passing, two improper lights, two stop sign violation, two for speeding, and one each for driving under influence, failure to transfer title, no insurance, driving on wrong side, public drunk, expired license plates, no chauffeur license, exceeding a safe speed, improper parking, and improper muffler.

Shortage of doctors noted in report on South.

Kennedy expected to keep science policy system.

About Your Home

By RUTH CURRENT

A turkey salad loaf is almost a meal in itself, and an excellent way to use leftover turkey meat. Many homemakers in taking advantage of the generous supplies of turkey this year will have meat left over after a hearty turkey meal, but the leftover meat need not be a problem. Home economists with the U. S. Department of Agriculture say the leftover meat is ideal, not only for a salad loaf, but for use in meat pies, or prepared in a la king style. Also, it can be used in making a dish of baked turkey hash, noodle scallop, or in a chowder.

A turkey loaf is especially suitable for cold winter days and for making a loaf sufficient for six servings, the following recipe is offered. Mix 1/4 cup vinegar, 1-3 cup salad oil, 1/4 teaspoon salt, a touch of pepper, and paprika. Pour this over 3 cups chopped cooked turkey. Let stand in the refrigerator 1 to 2 hours, stirring occasionally. Sprinkle 2 tablespoons unflavored gelatin on 1/2 cup cold water, let soak a few minutes, and then dissolve it in 2 1/2 cups of hot turkey broth. Add 1/2 teaspoon salt. Then cool until slightly thickened.

Combine drained turkey meat, 1/2 cup canned peas, 6 sliced stuffed olives, 1 teaspoon onion juice, and 1/2 cup finely chopped celery, with gelatin mixture. Pour into a loaf pan and chill until firm. Unmold and serve on lettuce or other salad greens.

When Buying A Man's Tie—Why do men resent women picking out ties for them? Remember that you girls don't customarily wear neckties.

Why can't I buy my husband something different in ties? That's the trouble . . . you can. Keep on reading.

Any advice on colors? Browns or grays, blue, black, maroon and green.

What about pattern? Solids, stripes and small patterns are safest.

Fabrics. Among the most popular are silk, wool challis and Dacron. A problem with Dacron: it may last forever.

How much should I plan to spend? At least \$1.50—\$2.50 to \$7.50 for a good tie.

Clean Your Own Car—Just as a sparkling clean house is the symbol of a good housekeeper a shin-

ing clean car tells the world much about the owner. And, it's more fun to drive a car that is bright and shining from the top to the white wall tires. There are many products on the market today to help you do the cleaning job yourself — long-lasting wax in a spray can, paste wax, easy-to-use liquid cleaner and polish, liquid no-rub car wax, chrome cleaner, and white wall tire cleaner.

Good Housekeeping Hints—Grate orange rind into sifted confectioners sugar and add orange juice to make a consistency that will spread evenly. This is a very popular cake icing—add a pinch of salt and half stick of butter to a pound box of sugar.

Your pancakes will not stick and there will be no smoke or odor if you make a little salt bag and rub your pan with it instead of using grease.

Prevent picture marks on your walls by sticking a thumb tack on each corner of the back of the frame, allowing thumb tacks to extend about one-eighth inch. This will allow circulation of air behind frame and prevent marks.

Keep liquid detergent in a plastic squeeze bottle (sold as catsup containers at dime stores). Use in economical "squirts" instead of expensive "glubs."

Best goes for hand lotion. Buy the best bargain (watch for 1c sales) but pour it into a bottle with a dispenser pump before letting the family at it.

After a bottle of catsup, shampoo or liquid detergent is "empty," add a little water and use it once or twice more!

Frequently make up your beds with the top hem of sheets at bottom of the bed to distribute the wear.

TRAIN OUT OF FUEL

Springfield, Mo.—A Frisco Railroad passenger train stopped 12 miles west of Springfield. An embarrassed crew told passengers there was no fuel for the diesel engines.

The employee responsible for refueling failed to do so when the train arrived in St. Louis more than an hour late.

Engineer R. Cochran, of Tulsa, Okla., sent word to Springfield and a fuel truck answered his distress call.
