

Legion Post Passes Goal

Blowing Rock Post No. 256 of The American Legion has exceeded its membership incentive goal for 1961 according to information received here from State Headquarters of The American Legion in Raleigh.

George M. Sudderth, Commander of the Post, has received a letter from the Legion State Adjutant, Nash McKee, expressing congratulations and thanks to the membership chairman, all post officers, and membership workers for their effort.

S. Marvin Burton, of Charlotte, N. C. Department Commander of The American Legion, issued a statement of high praise for the local Post.

Commander Burton said, "I am proud to congratulate the officers and members of Post 256 upon this notable achievement. All of the programs and services of the Legion are made possible through dues paid for membership and we appreciate the great part played by Post No. 256 of Blowing Rock. Sincere thanks to every member of the Post who had a part in the membership work."

The Incentive Goal of Post 256 is 54 and the membership for 1961 to date is 56. Incentive Goals are assigned each American Legion Post by the State Headquarters and are based on last year's membership of the Post plus 2 per cent.

"We do not intend to stop our membership drive now that we have reached our Incentive Goal," Post Commander Sudderth said. "There are many more eligible veterans who have not yet joined our Post and we invite them all to become members."
