

AHS Beta Club Members Hear Report State Meet

Appalachian High School Beta Club members heard a report from the members who attended the state Beta Club convention in Asheville. Discussing the convention program and activities were Edward Brown, Robert Cook, William High, David Dougherty, and Andy Stallings. After this discussion the members were divided into groups. Each group was assigned a subject and given a few minutes to prepare a three minute talk on that subject. One member from each group was selected to deliver the speech.

The president urged all members to support the talent show scheduled for May 12. The purpose of this show is to raise money for the school to purchase supplies and equipment under the National Defense Education Act. Students in Appalachian Elementary School grades 3-8 and in Appalachian High School are eligible to compete for the many prizes to be given.

Win Cattle Judging Contest

The annual Parkway Federation dairy and livestock judging contest was held in Watauga County on Saturday, April 15. Seven of eight schools in the federation were represented, with about sixty FFA members competing.

The Daniel Boone Chapter, the local chapter of Appalachian High School, won first place in both dairy and livestock judging. The dairy judging team was made up of the following students: David Critcher, Buddy Carroll, Mack Critcher, and Wayne Graybeal. Jim Greene was an alternate. David Critcher made the highest score.

The livestock judging team had the following boys on the first team: Craig Hollars, Billy Greene, Wayne Teague, and Jimmy Jordan. John Critcher and Walter Lewis were alternates. Craig Hollars was high scorer.

The same boys will judge in the district contest to be held in Asheville, May 13. The winners in the district will go to Raleigh for the state contest the latter part of June.

Honor Society Meets

The National Honor Society met

April 10 at the high school. Mr. Snead assigned parts for the assembly program which is to be held April 28 by the National Honor Society. The program will be the tapping of new members.

After the business meeting refreshments were served.

JFK HAILS D. C. VOTE

After 160 years, residents of the District of Columbia have the right to vote for their President. And President Kennedy has hailed it as "a major step in the right direction."

But Kennedy noted that the twenty-third Amendment, approved by two thirds of the state legislatures, by no means gives District dwellers home rule direct control over their own governing body.

Experience Is

Air Force Need

"There's no substitute for experience," says local Air Force Recruiting Sergeant James E. Brand. "That's why the Air Force needs all the experienced former military personnel it can get—both men and women."

The sergeant naturally pointed out that the experience must be in some field that the Air Force can use but, right now, requirements exist for former military person-

nel in over 100 different career fields. In addition, former military personnel who can qualify for re-training into a needed Air Force skill can enlist for direct assignment to a technical school.

Those prior service personnel who do not require re-training, will be enlisted for immediate assignment direct to the base of their choice. In many cases, enlistment will be in the same rank held at time of discharge.

Previous service in any branch of the United States armed forces

counts for both retirement and longevity pay purposes with the Air Force and full credit for basic training is given in all cases. No Air Force basic training refresher course of any kind will be required.

Detailed information on the new Air Force Prior Service Program is available from Sgt. Brand at the U. S. Air Force Recruiting office, Post Office Building, Boone, each Wednesday afternoon from one to three o'clock.

READ THE DEMOCRAT ADS

In Fashion Now

Moth ball size beads are striking when worn, one string at a time, but the smaller size beads are more effective when added to strands of pearls or in other combinations. Lots of bracelets are used—some plain and others elaborately carved, jeweled or banded.

Georgous pins, necklaces and ear bobs are seen with the Parisian creations, Italy also favors elaborate costume jewelry. Colored crystals and fake diamonds are in demand. A lovely combination of fake emeralds and diamonds is popular.

Pendants may be in the shape of balls, ovals, lockets or tassels. No other state produces as much smoking and chewing tobacco as North Carolina.
