Household Hints

By RUTH CURRENT
Prolong Life Of Mattresses—
Mattress pads prolong the life of
your mattress. A mattress pad
keeps your mattress fresh, clean
and sanitary. You can wash a mat-
tress pad but you can't wash a
mattress. Homemakers could af-
ford to invest in mattress pads for
every bed. They can be made for
little cost. They are not too expen-
sive to buy ready-made. If this is
done be sure the cotton or other
filling will not cause the muslin
quilted cover to turn brown upon
washing.

Mattress pads are easily quilted
on a machine. They could be
made by hand.
"Wash And Use" Fabrics For
Home Furnishings—Textile re-
search workers are telling us to be
on the lookout for more "wash
and use" fabrics for home furnish-
ings. Also coming soon will be
"wash and wear" silk—research
already is in progress.
Materials will be interesting in
texture.

We can look forward to more
tested color fast materials as well
as a broader range of colors. The
improved finishes will make cot-
tons and rayon more durable.

Is it not time to start getting in-
formation on how to launder and
iron the new materials? Be sure
to read carefully the consumer
tags.

ADD A GARNISH—A few sec-
onds spent in adding that extra
bit of garnish makes any meal
more appetizing and perks up the
interest of family or guests.

Sieve or dice the yolk of hard-
cooked egg and sprinkle on salads,
on cooked greens, or on asparagus
spears just before serving.

Remove crust and cut slice of
bread into small cubes. Toast
cubes of bread in broiler, shaking
two or three times to toast even-
ly. Serve these croutons with soups.

When serving tomato soup, add
a teaspoon of whipped cream top-
ped with a dash of paprika or
finely chopped parsley.

A dash of paprika adds contrast-
ing color to cole slaw, potato salad,
or deviled eggs.

Top a chicken or seafood salad

with a pickle flower and top a
fruit salad with a cherry flower.
To do this, slice very tiny sweet
pickles lengthwise into six sec-
tions, leaving one end of pickle
intact. Spread sections out gently
until the flower petals are formed.
Place cut side down on an individ-
ual salad. Cut a maraschino
cherry to make four sections, at-
tached at one end. Spread to form
flower and place cut side down
on the fruit salad.

**Better Beware, Too, Of Bees
And Wasps**—Did you know that
bees and wasps kill more Ameri-
cans than snakes. A study by Dr.
H. M. Parrish of Burlington, Ver-
mont, gives these facts: In five
years bees, wasps, hornets and
yellow jackets killed 88 people
compared with 71 from snake bites
and 39 from spiders. Rattlesnakes
are the most deadly single species,
killing 55. Bees alone took 52
lives when victims were allergic
to their poisons. Dr. Parrish says
he thinks many deaths from pois-
onous bites are erroneously at-
tributed to heart attacks, heat
strokes and other causes.

Brotherhood Meets Friday

The men of the Three Forks
Baptist Association will hold their

the Boone Trail Restaurant May
19th at 7 p. m., it is announced by
Mr. I. S. Ayers, Brotherhood Pres-
ident.

ness to be discussed, among them
being the new organization for the
Royal Ambassadors.

Rev. J. Boyce Brooks will bring
the inspirational message.

TRAFFIC DEATHS GAIN

Chicago. — A National Safety
Council report shows traffic ac-
cidents took 2,740 lives in March,

listed as one city of more than
200,000 population that reported
fatality decreases of more than 80
per cent for the first three months
of 1961, compared with 1960 tolls.

Ceremonial color guard of the Armed Forces, made up of enlisted personnel from the Army, Marine Corps, Navy, Air Force, and Coast Guard, is typical of those which will be seen throughout the United States and overseas in ceremonies in observance of the twelfth annual ARMED FORCES DAY, May 20, 1961.
