

### "See How They Run" Is Playrafter Staging

The Playrafters of Appalachian State Teachers College are presenting "See How They Run," a smash London hit by Philip King, on January 30, 31, and February 1 at 8 p. m., in the College Theater in the auditorium of the college administration building.

David French, assistant professor of speech and director of the Playrafters, said, "So swift is the action, so involved the situations, so rib-tickling the plot that at its finish audiences are left as exhausted from laughter as though they themselves had run a footrace."

The action of the play takes place in the hall of a vicarage. Galloping in and out of the four doors of an English vicarage are an American actor and actress (he is now stationed with the air force in England), a cockney maid who "touches alcohol for the first time in her life," four men in clergyman's suits, one of whom is an escaped prisoner, and another a sedate bishop aghast at all the goings on and the trumped up stories that are told him.

In the cast are Mary Keever as Ida, the Cockney maid, Priscilla Savage as Miss Kaillin, a nasty old woman, Charles Gordon as Rev. Lionel Toop, Virginia Palmieri as Penelope Toop, the Reverend's wife, Bill Blanton as Corporal Clive Win-

### New Tax Law Aids Farmers

Farmers, along with other businessmen, can benefit from several changes made by the last Congress in federal income tax regulations.

One of the most important changes to remember in filing 1962 tax returns is the new rule relating to investment credit, says Charles Pugh, extension farm management specialist at North Carolina State College.

Congress, in effect, cut tax liability on certain investments in an effort to spur machinery and equipment sales.

Specific information on the new investment credit regulation and other instructions on filing 1962 Federal Income Tax returns are included in a new extension publication "Farmer's Tax Guide." Free copies are available from county agricultural agents.

Briefly, Pugh says, the new rule means that a person may be able to reduce his tax liability by 7 per cent on investments which qualify for the credit. The reduction is restricted to machinery and equipment with a useful life of at least four years. Purchases made in 1962, even during the latter months of the year, may qualify.

### CARD OF THANKS

We wish to express our heartfelt thanks to everyone who has been so kind and helpful to us during the recent tragedy that befell us. When our town lost its Police Chief, we lost a dear husband and father that can never be replaced. Our sincere appreciation to all who gave flowers, food, donations and for all your help, kindness and sympathy. We especially want to thank each one who helped Bill in any way during his last hours and to all those who helped in the capture of those who took his life.—Mrs. William Dean Greene and children, Dean and Regina.

Tshombe has returned to Katanga capital from Rhodesian

border. Stronger pressures against

Cuba are sought by the United States.

### Belk's Scholarships To Be Given During 1963

W. W. Chester, manager of Belk's Department Store in Boone announced today that the Belk Foundation will award 14 college scholarships worth \$500 each during 1963. The awards will be made to high school graduates who expect to enter

college as freshmen during the year. Mr. Chester pointed out that this is a continuation of the Foundation's recognition of the growing value of a college education, and its desire to aid deserving students who need as-

sistance. The Belk Foundation was established in memory of Dr. John M. Belk and W. H. Belk, Sr. During the years since its beginning many churches, colleges, hospitals and other institutions, as well as numerous

individuals, have benefitted from the Foundation. The scholarship program is another step in assisting others to a better opportunity in life. Scholarship winners will be selected by a special committee based on the applicant's schol-

astic rating, school and community activities, financial need, character and interests, and potentialities for success in college and adult life. Winners will be free to select their own college and course of study. All local high school seniors who are interested in applying for one of the Belk Foundation scholarships should contact Mr.

Chester for additional details, then fill in one of the application blanks that are now available at Belk's in Boone. The easiest way to tell how an election will come out is to wait until the ballots have been counted.
