Other artists exhibiting paintings were Franz von Bergen, Statesville; John Brady, Hickory and Blowing Rock; Jacob Ervin, Florence, S. C.; John Kehoe, Greensboro; Boyce Kendrick, Charlotte; Daryl Korteher, Charlotte; June Walsh Payne, Charlotte; Raiford Porter, High Point; Humberto Romano, Gloucester, Mass.; and Ben Stahl.

The exhibit included a special display of reproductions of Stahl's "Stations of the Cross."

The four-day Religious Arts Festival was the first to be held on the Lenoir Rhyne campus. College officials said that paintings, drama and music were presented to challenge the individual to challenge to explore his own faith.

"Stretch forth thine hand..." And the withered arm that stretched forth toward Him was made whole.

Today, the hands of Protestants reach forth...with help...to their brothers in countries over seas.

And doctors in many lands, supported by your Church, reach for the stretched arm of the sick child...and quickly the child receives a life saving serum or anti-biotic.

This Sunday, March 24th, stretch forth your hand...to help. Give and give generously during One Great Hour of Sharing.

Dr. Hill To Preach Here

The First Baptist Church will begin a week of special revival Sunday morning, March 17, with Dr. Ronald C. Hill as the guest evangelist. There will be morning and evening services throughout the week with an additional feature, a tour of mission fields by way of colored slides, each evening.

The hours of worship on Sunday are 11 a. m. and 7:30 p. m. During the week the morning services will begin at 7:30. There will be a fellowship period before and after each of the morning services. The morning worship will be devotional in nature, a service to begin the day with God. The Brotherhood will direct the fellowship each morning.

The evening service will feature congregational singing, inspiring music by the church choir and Bible preaching by Dr. Hill. The evening services will begin at 7:30. A nursery will be provided for the evening services.

The mission tour, an additional feature each evening, will begin at 7:15. Dr. Hill will take fifteen minutes to "carry" the congregation on these mission tours. The schedule for the slide series is as follows:

Monday, the Country and the People of Thailand; Tuesday, Baptist Work in Hong Kong; Wednesday, Baptist Work in Thailand; Thursday, Baptist Work in Indonesia; Friday, Leprosy Work in Thailand.

Dr. Hill is a native of Spindale. His college work was done at Mars Hill College and Baylor University, Waco, Texas. He attended New Orleans Baptist Theological Seminary where he earned the Bachelor of Divinity and Doctor of Divinity degrees.

Dr. and Mrs. Hill were appointed by the Foreign Mission Board of the Southern Baptist Convention in 1952. He has led in evangelism and church development in the city and province of Chonburi, Thailand since 1954. Much of his time is spent in touring the countryside preaching, conducting evangelistic campaigns, starting new mission stations, training lay

One Great Hour Of Sharing Sets Higher Goal In '63

Protestant denominations have set a goal of \$16,846,140 this year in their annual One Great Hour of Sharing appeal for relief and rehabilitation work, it was announced this week.

This sum is an increase of \$1,595,229 over 1962. One Great Hour of Sharing is sponsored by the participating Protestant and Orthodox denominations and is conducted on their behalf by Church World Service, a department of the National Council of Churches.

The total fund sought through the One Great Hour of Sharing appeal will go toward support of individual denominational programs of assistance, joint projects of aid carried out overseas through Church World Service and the World Council of Churches, and programs of related interdenominational organizations.

More than 94,000 church congregations throughout the nation will participate during special services to be held on Sunday, March 24, in most instances. The 1963 appeal will be the fifteenth annual drive to raise funds for overseas relief.

Forms of assistance made possible through the Protestant united appeal cover a broad range of emergency help during disasters as well as long-term projects of aid to millions of peoples. Through the work of the denominations, a highly geared apparatus is ready to swing into action on short notice. Recent examples were the shipments by Church World Service on giant cargo planes of 46,000 blankets to victims of the Algerian civil strife as a bitter winter swept down into the Batna and Constantine areas from the mountain regions.

L...s pull together for the improvement of Boone, and we will be surprised at what can be accomplished.

leaders and supervising work among the 2000 lepers who live in the province.

During college and seminary years, Dr. Hill served as pastor in churches in North Carolina, Texas and Louisiana.

The Hills have four children and they are now living in Greensboro, during the year of furlough in the United States. The public is invited to attend all the services.

Telephone Talk by H. M. INABINET Your Telephone Manager

ONE OF THE GREAT FREEDOMS ON WHICH OUR COUNTRY IS BUILT is freedom of education. But incredible as it seems, particularly to people of other countries where free education is not so readily available, many of our young people are not taking full advantage of this great freedom. Every year thousands of teenagers leave school before they graduate. They discover too late that they will experience two to three times more unemployment than the graduate, earn about \$50,000 less during working life than the graduate, end up doing only routine work while the choice jobs go to the graduates. Spread the word among your teenage friends... stay in school, education comes first.

HERE'S NEWS FOR HI-FI ENTHUSIASTS... A new earphone used in acoustical experiments at Bell Telephone Laboratories may some day be available for use with high fidelity sets. Hooked up to a hi-fi set, with volume turned low, the earphones bring the full sound effect to the wearer... private hi-fi!

TIME BY TELSTAR... By now, many of us have seen television transmitted by Telstar, the Bell System's experimental active communications satellite. But there's another, not so well-known job which has also been done by Telstar... synchronization of master time clocks in England and the United States. Time signals were sent simultaneously via Telstar between Andover, Maine and Goonhilly Downs, England. Master clocks in our country and in England were then synchronized from the time signals. Clock-watching via Telstar!

BUSY FAMILIES NEED extension telephones; in the bedroom for quiet, relaxed conversation with friends and security at night... in the den for dad's business talk... in the kitchen for conversation while cooking... in that teen-ager's room for boy/girl talk. Extension phones save time and steps. Pretty to look at and inexpensive, too. Just call our Business Office for details.
