

### Milk Sanation Report Given

Dr. Mary B. H. Michal, local Health Director, has just received a report on a survey on the milk sanitation program in the Alleghany-Ashe-Watauga District, which was made during the month of May 1963 by District Milk Sanitarian, Carson C. Foard of the North Carolina State Board of Health. Ratings were as follows:

- (No retail raw milk is sold in this district).
- USPHS rating on raw milk sold to plants—92.9.
- USPHS rating of pasturization plants—92.4.
- USPHS rating of pasturized milk—92.7.
- USPHS rating of enforcement methods—99.2.

There are eighty grade "A" raw-to-plant dairies in the district which supply grade "A" milk for pasturization plants in Wilkes and Catawba counties. The local health department supervises these dairies through a reciprocal agreement under which the milk is shipped for processing.

The comment received in this report from Mr. John Andrews, Chief of the Sanitation Section of the State Board of Health is as follows:

### Letter To Editor

#### THE PLEA OF A GREAT ORATOR

Mr. Editor: I would appreciate your publishing the following remarks by Henry M. Grady, made in Atlanta, Ga., in 1887. JAKE WINEBARGER Rt. 2, Boone, N. C.

(Enclosure)

My friends, hesitate before you vote liquor back... now that it is shut out. Don't trust it. It is powerful, aggressive, and universal in its attack. Tonight it enters a humble home to strike the roses from a woman's cheek, and tomorrow it challenges this Republic in the halls of Congress.

Today it strikes a crust from the lips of a starving child, and tomorrow levies tribute from the Government itself. There is no cottage humble enough to escape it—no place strong enough to shut it out. It is flexible to cajole, but merciless in victory. It is the mortal enemy of peace and order. The despoiler of men; the terror of women; the cloud that shadows the face of children; the demon that has dug more graves and sent more souls unsaved to judgment than all the pestilences, that have wasted life since God sent the plagues to Egypt and all the wars that have been fought since Joshua stood beyond Jericho.

Oh, my countrymen, loving God and humanity, do not bring this grand old city again under the dominion of that power; it can profit no man by its return. It can uplift no industry, revive no interest, remedy no wrong. You know that it cannot. It comes to destroy, and it shall profit mainly by the ruin of your sons or mine. It comes to mislead human souls and to crush human hearts under its rumbling wheels. It comes to convert the wife's love into despair, and her pride into shame. It comes to still the laughter on the lips of little children. It comes to stifle all the music of the home and fill it with silence and desolation. It comes to ruin your body and mind, to wreck your home, and it knows that it must measure its prosperity by the swiftness and certainty with which it wrecks this work. Now will you vote it back?

#### POPE'S DEATH AND RUSSIA

The death of Pope John XXIII may have a profound impact on the future development of relations between the Soviet Union and the Western powers. The Pontiff in recent months had been engaged in a delicate and subtle effort to open up a seeking acquaintance between the Kremlin and the Vatican. Whether this effort is continued will depend on his successor.
