

**CAPITAL CLIPBOARD**

# 'If We Don't Redistrict, The Feds Will,' Is Assembly Song

By EULA N. GREENWOOD  
**TOLD YOU SO!** . . . "If we don't do it, the U. S. Supreme Court will." This was the song of legislators who pushed hardest for "upset-the-fruit-basket"—known also as redistricting—for the State Senate.  
 Federal judges looked hard at lack of redistricting in Oklahoma last week and ruled both House and Senate out there must be reshuffled. Now certain senators are saying to the foot-draggers: "We told you so . . . and it can also happen to North Carolina." It happened in Tennessee.  
 So, those favoring redistricting have found new support from Oklahoma. This new decision will do more than anything else to assure a short, sweet (?) special session in September — and redistricting. Wanta bet?

**AND NO GIRLS** . . . In the past three weeks we have seen three wonderful movies here in Raleigh. They were "Lawrence of Arabia", "The Great Escape", and "PT 109".  
 . . . And not one female in the three!

**LITTLE MEN** . . . Incidentally, the two men most mentioned as candidates for Lieutenant Governor on the Democratic ticket next spring—Clifton Blue of Aberdeen and John Jordan of Raleigh—will not, standing together on the scales at the same time, move the indicator more than two or three notches, if that far, past the 300-pound marker.  
 But the late Cloyd Philpot was probably the smallest man ever elected to high office in this State. Be that as it may, however, the two men he chopped down—C. V. Henkel of Statesville and David McConnell of Charlotte would together weigh upwards of 600 pounds.  
 Governor Sanford is down in Florida, eating high on the hog with other Governors; will come back to Raleigh looking round-faced again.

**ODDITY** . . . Dr. Ralph McDonald visited here last week. He ran for Governor, unsuccessfully, in 1936 and in 1944. No man living in North Carolina today is more despised by the

conservatives than was Dr. Ralph McDonald in 1936.  
 He shook solid old North Carolina to its very foundations. FDR liberals like the late Josephus Daniels and Sanford Martin were his supporters. But, alas, the Gardner machine cut him down in his prime with what is referred to now sometimes as the "long count". This marked the beginning of the end of the absentee ballot in the Primary.  
 Now another strong supporter of Dr. Ralph McDonald a generation ago was A. J. Fletcher, Raleigh television tycoon. Fletcher likes the Ph. D.'s, no doubt, for he is now as strong for Dr. I. Beverly Lake as he was for the liberal Dr. McDonald in 1936.

The interesting point is that 25 years ago the words "Negro" and "integration" were never, never associated with Ultra Liberal Dr. Ralph McDonald or with Franklin D. Roosevelt. When Dr. McDonald came to Raleigh last week, he visited his old friend, A. J. Fletcher, and was interviewed on his television station.  
 The term "liberal" a generation ago was associated almost exclusively with economics—a better distribution of the dollar. Now it is associated almost exclusively with integration. And it makes little difference what you believe nowadays about economics, you are a liberal no longer unless you believe in racial equality to the extreme.  
 A. J. Fletcher was called a liberal until the racial matter came along. Dr. I. Beverly Lake was so classed as a teacher at Wake Forest College. They are both classed now as arch conservatives. Times change!  
 We are persuaded that, to be a true Liberal, you must ever be the mental pioneer, ever seeking the New Frontier.

**CAR SALES** . . . With new car sales in June of this year outstripping those for the same month in 1967 by 11,992 to 11,176, all signs continue to point to a banner year on the

business side of North Carolina.  
 Of the 3,638 foreign cars sold in the State for the first six months of 1968, nearly two-thirds — 2,359 — were Volkswagens.  
 Other brands for the first half-year rank as follows: Chevrolet, 18,888; Ford, 16,631; Pontiac, 5,896; Buick, 4,523; Oldsmobile, 4,307; Falcon, 3,672; Rambler, 3,457; Dodge, 3,072; Corvair, 2,089; Plymouth, 2,712; Comet, 1,661; Valiant, 1,456; Mercury, 1,621; Cadillac, 1,946; Chrysler, 868; Studebaker, 437; Lincoln, 177; Willys, 71; Imperial, 67 miscellaneous, 49.

**TRUCK SALES** . . . A total of 1,925 trucks were sold in June, a slight decline from the 2,109 for June last year.  
 Ford led Chevrolet, 5,746 to 5,439, in this category, with International coming in a poor third at 1,481.

**NOTES** . . . There was some disappointment among Lake supporters at the Henderson crowd out to hear him give his foretaste of his Civil Rights talk in Washington. Only about 100 showed up, it says here . . . A large radio station in Raleigh may soon be purchased by the Belk family . . . which seems to be acquiring some

**DOG PREVENTS SUICIDE**  
 Liege, Belgium—Intent on committing suicide, a woman tied her hands together with her dog's leash to prevent her from using her arms to swim, and jumped in the river.  
 Emile Casanova's dog was her best friend, for he jumped in with her and held her up until rescuers arrived and pulled her from the water.

**CARD OF THANKS**  
 We wish to express our most sincere thanks to the many people who have so graciously supported us with their prayers, time, generous donations and their many expressions of concern and encouragement during the 5 months illness and hospitalization of our son, Benny Moretz. — Milton and Edna Moretz.

stations . . . if the price is right . . . in the Carolinas.  
 Lewis Lawrence, former public relations man with the State Ports Authority, has started a new paper for Garner, Raleigh suburb, and is said to be getting one for Cary, another Raleigh suburb, underway . . . in an area which has a half-dozen radio stations and two daily papers . . .  
 Well, like it or not . . . fall is just around the corner . . . with the first football games less than 60 days away . . . Glad to see Harry Westcott re-appointed head of Utilities Commission . . . which reminds us that former Chairman Stanley Winborne is in very, very bad health here.

**\*TRANSLATION:**  
 I can't understand it! Almost all the paleface farmers have electricity. And yet some of them still don't have running water. This is 1963 . . . High time these folks woke up to the fact that a water system is no luxury. It's a machine that works and pays its own way on just about any farm.  
 I don't suggest giving the country back to the Indians, but I do suggest that these people find out how easy it can be to put running water into their teepees.  
 We agree with this old brave. Why not give us a call and talk it over with us?  
**\$1500 CASH**  
 IF YOU INSTALL YOUR WATER SYSTEM DURING  
**JULY—AUGUST—SEPTEMBER**  
**WIN A FREE WATER PUMP**  
 — FOUR WILL BE GIVEN AWAY —  
 Come into one of our offices and guess how much electricity the pump on display will use in a month. Ask your pump dealer how your cooperatives 4% financing plan can help you get a complete water system in your home.
