CEMENT-MIXER OVERTURNS-Friday was a long hot afternoon, especially behind Brown and Graham Motor Company, East King Street, Boone, where a cement-mixer owned by Brown Brothers Construction Company took a tumble when the bank of a construction roadway broke under its weight. According to Mack Brown, J. C. Fletcher, who was driving, was not hurt by the actual overturning of the truck, but was struck in the head by a cinderblock which was in the floorboard of the cab. Taken to Watauga County Hospital, Fletcher was treated and released later that day. The approximately four-hour attempt to upright the truck was handled bulldozers, from which cables were strung to the stranded hicle. These were owned by Joe Williams and Claude Hampton;

one of the machines is seen at right, while the other was stationed on the road from which this scene was shot. A Brown and Graham wrecker also was called into action, but Brown said the single largest asset was the Boone Lumber Company fork-lift, driver by John Greene. Here, the back of the fork-lift rises with the weight as its front, though it finally managed to provide enough pressure to start the mixer on its way back to a four-point stance. According to Mack Brown, part of a bank was cut away so that the hoist equipment could finish the job. The cab of the truck was heavily damaged by the fall, although still another major consideration was the fact that several yards of cement were being hauled at the time, (Staff photo)

One Injured By Gunshot In Burglary At Clubhouse

Fifteen cents was mighty little to get shot for.

That was the impression of

Sheriff Ward Carroll of Watauga County who is conducting a joint investigation with SBI Agent Charles Whitman to find the accomplice of a 32year-old man shot Friday night in a break-in episode at the Boone Golf Course Clubhouse.

Carroll said James Albert Cottrell, 23, an employee of the Club was alerted by noises about 11 p. m. When he got to the Clubhouse, according to Carrolli, Cottrell found the door open and two men behind the cash register. The Sheriff said they had a combination wrench-tire tool which they had torn up a National Cash Register valued

at more than \$1,200.
Cottrell, who is the son of Mr. and Mrs. Howard Cottrell of Boone, leveled his gun at the pair and tried to get them to sit down while he called for help. Carroll said they made a try for the door and Cottrell fired warning shot, telling them, in Carroll's words, they would be shot if they tried it again.

As Cottrell was going to the telephone, Carroll said "They kept crowding him," then as rushed for the door, Cottrell shot one of the men with a 20-guage shotgun and the other dashed past his partner and escaped before the gun could

be reloaded.

The Sheriff said the wounded man, who was struck in the leg by the blast, identified himself as Billy Roger Hutchens, 32, of Boonville, N. C. Hutchens still was in Watauga County Hospital the first of the week. Being ques-tioned by the Sheriff and Agent Whitman, Hutchens reportedly has revealed only the first name

of the man who escaped. Shortly after the incident, layton Cannon of Wilkes County arrived at the Club-
