Dan Cannady Starts Finger Print Club

Dan Cannady, who has taken a course on finger printing, will start a finger print dub with headquarters in the Herald office. It is Mr. Cannady's plan to have finger prints made, read and classified free. These records he plans to keep in the Herald office to be used as a record of identification should the occasion arise. He will have his equipment here every Saturday afternoon, starting February 2, and will gladly answer any questions on the subject. Many similar finger print clubs have been organized in towns throughout the country.

Mr. Cannady emphasizes the fact that finger printing is not used solely to apprehend criminals. He is of the opinion that finger printing will become universal within a year or two as a means of protection. Many wealthy people have finger prints made as a protection against kidnapping, and in many other cases such as losing life in an accident, or otherwise, finger printing can play an important part in establishing the identity of a person.

Mr. Cannady is very anxious that many avail themselves of the opportunity to join the finger print club.

Old Horniblow Hotel License **Interests Hinton Hotel Patrons**

Hinton Hotel have been completed since being recently being taken over by C. A. Lovejoy.

He plans to have printed and distributed between New York and Florida much literature through which he is confident many travelers can be persuaded to drive through the city. He also plans to change the name of the hotel to the original name, King's Arms Tavern, which occupied the same site about 250 years ago. This move however, hasn't been authoritatively announced as

Of especial interest in the lobby of the hotel now hangs a framed copy of a license issued to Elizabeth Horniblow to operate a tavern. The license is printed in the English style of type and has been attracting quite a bit of attention from hotel patrons.

Many of the improvements at the . The license is the property of Richard Dixon and was loaned to Mr. Lovejoy to add to the interest of travelers stopping at the hotel.

"Register Your Baby" Now Slogan In State

"Register Your Baby." This admonition is the slogan of a campaign Uncle Sam will conduct in every county in North Carolina during the next few weeks, going into every city, town, village, community. and the ruralside in an effort to get a complete record of every baby born in the State during the past 12

State laws require that every doc tor or midwife who attends a mother at a birth make a report of such birth and this is usually done. On occasions, however, midwives, particu. larly, and doctors occasionally, fail to make the proper report, with the result that there is no permanent record of the birth, and no birth certificate is later available. And many times, during the life of the average man, it becomes important, even vital. to establish his age.

The Federal Government is attempting to complete the records of births of babies throughout the United States and is calling upon all parents in North Carolina now to aid in this compilation. The campaign is being conducted by the United States Bureau of the Census, through the North Carolina State Board of Health and with the aid of the North Carolina Emergency Relief Administration.

Early in February the Bureau c the Census, with the aid of the Post office Department, will distribute to every family in the State a card on which a few simple facts are to be filled in, and the card dropped in a mail box, without postage. Th principal effort is to get all parents to whom babies have been born within the past year to fill in these cards and mail them. This simple act makes sure that the child reported is ther properly recorded and a certificate of birth will be easy to secure. A complete response to the call is sought.

Governor Selects Prominent Edenton Man Monday Night

Governor J. C. B. Ehringhaus on Monday night appointed Mr. Julien Wood, of Edenton, as a member of the State Highway and Public Works Commission. Mr. Wood's duties with the Highway body will begin February 6, when the Commission is scheduled to meet. Friends in Edenton, the Albemarle and all over the State are happy to

learn of Mr. Wood's appointment. Mr. Wood is now chairman of the Chowan County Board of Commissioners, president of the Bank of Edenton, and also prominently con-nected with many of the enterprises in the community.

The general feeling in this section regarding Mr. Wood's appointment to his important position is ably expressed by Mayor E. W. Spires, who made the following statement to The Herald after learning of the appointment:

"In the appointment of Julien Wood, Sr., to membership on the State Highway and Public Works Commission, Governor Ehringhaus has once more evidenced his usual good judgment.

"My personal association and contact with Mr. Wood on many occasions over a period of years,-and particularly during the past eighteen months-has convinced me that there is not a better qualified man anywhere in the State for this important office than Mr. Wood.

"Possessing a knowledge of the entire highway system of our State, I predict that Mr. Wood will serve with honor and great distinction.

"It was a case of the 'office seeking the man' and the Governor is to be congratulated upon his wise selec-
