

Colerain Neighborhood News

Mr. Hubert Askew has recently returned from Protestant Hospital, Norfolk, Va., and is getting on splendidly.

Mrs. Dora Saunders and Mrs. Edmund Jacobs went to Edenton last Thursday shopping.

Mr. and Mrs. H. O. White, Mrs. W. E. White and daughter, Caroline, and Mrs. E. L. Stokes went to Norfolk, Va., last Thursday on a shopping trip. They also visited Mrs. L. D. Perry in Protestant Hospital.

Misses Edna Earle Harrell and Elmarie Greene, teachers at Riverside School, were dinner guests of Miss Ruth Clair Newsome Thursday evening.

Mr. Mack Harrell has returned home from St. Vincent's Hospital, in Norfolk, Va.

Mrs. Estelle White is visiting her daughter, Mrs. J. Roy Pancoast, in Purcellville, Va.

Mrs. Dora Saunders spent the week-end in Durham with friends.

Mr. and Mrs. G. M. Holly and son, Thomas, spent the week-end in Greensboro, and visited Mr. Holly's daughter, Mrs. Farlowe, who is in a hospital there. The report of Mrs. Farlowe's condition is very encouraging.

Mr. Paul Roberson, of Duke University, was a visitor in town Saturday evening.

Miss Ethel Callis, of East Carolina Teachers' Training College, Greenville, spent the week-end with her parents, Mr. and Mrs. C. M. Callis.

Mr. and Mrs. Edmund Jacobs spent the week-end out-of-town.

Mr. Johnnie Byrum was called to Greenville last Monday night to be with his sister, Miss Willie Rhea, a student of E. C. T. C., who was suddenly attacked with appendicitis and rushed to the hospital for an operation. She has been doing nicely since the operation.

Mr. and Mrs. E. D. Callis, Mr. and Mrs. T. R. Garrett, of Harrellsville, visited Mr. and Mrs. C. M. Callis on Saturday afternoon.

Miss Lottie Lawrence, of E. C. T. C., Greenville, spent the week-end at home with her parents, Mr. and Mrs. John Lawrence.

Dr. and Mrs. S. M. Crisp, of Greenville, were week-end guests of Mrs. Crisp's parents, Dr. and Mrs. L. A. Nowell.

Mr. L. D. Perry, also Mr. and Mrs. M. H. White went to Norfolk, Va., Sunday to visit Mrs. Perry at Protestant Hospital. Mrs. Perry is getting

on splendidly. Miss Geneva Harrell, of E. C. T. C., Greenville, spent the week-end with her mother, Mrs. Avie Harrell.

Quite a few of the townspeople attended the silver wedding anniversary of Mr. and Mrs. H. H. Taylor in Harrellsville Saturday evening.

Mr. Johnnie Byrum went to Greenville Sunday afternoon.

Mrs. Eugene Holloman returned home from Duke Hospital, Durham, last Sunday.

Miss Annie Mae Morris spent the week-end at home with her parents, Mr. and Mrs. C. B. Morris.

Many Visit Mrs. Beasley Mr. C. W. Beasley's friends have been very kind and loyal to him in his trying hours, while watching and waiting for a ray of hope for the recovery of Mrs. Beasley, who is very ill at Edgecombe General Hospital in Tarboro.

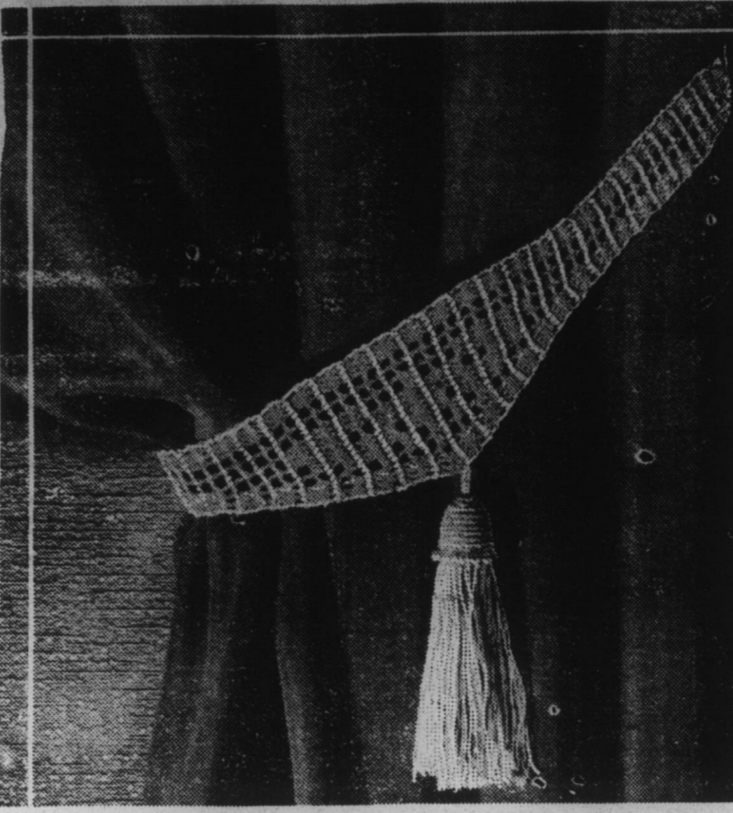

The anxiety for Mrs. Beasley has been very keen throughout the town and community. She has been such a useful woman, and is greatly loved by a host of friends.

Although Mrs. Beasley is too ill to have visitors, those who went to Tarboro last week to be near her, and to try to comfort Mr. Beasley were: Dr. Credle and Mrs. James White on Monday; Messrs. M. H. White and C. B. Sessoms, Monday night; Mr. and Mrs. G. M. Holly, Mesdames W. E. White and E. L. Stokes, Mr. and Mrs. J. C. Beasley on Tuesday; Messrs. J. C. Beasley and Russell Phelps and Rev. L. R. Dixon, Mesdames L. A. Perry, C. B. Sessoms, J. C. Beasley and Minnie Newsome on Wednesday; Mesdames C. W. Hughes, Garnet Beasley, Tucie Beasley, L. R. Dixon and D. R. Britton on Thursday; Mr. and Mrs. H. O. White, Mr. and Mrs. J. C. Beasley, Mr. and Mrs. Lee Miller, Mrs. Jimmie McCallum, Messrs. George Miller, Cleaton Harrell and Russell Phelps on Sunday.

Mrs. Beasley had a set-back on Saturday and Dr. Credle, her home physician, was called. Sunday's report, however, was very encouraging. Dr. Raby, one of the hospital physicians, and Mrs. Beasley's brother-in-law, is more hopeful for her recovery now, than at any time previous.

Quite a few of Mrs. Beasley's friends have met at the Baptist Church for prayer services each evening since Tuesday, appealing for her recovery, be it the divine will of God.

"I Made For My Living Room ..."

(Being The Domestic Secrets of An American Housewife.)

By NATALIE ABBOTT

ALTHOUGH you can shut the door on almost every other room in the house when guests appear, your living room must always be open to inspection, and people are always looking for marks of your good or bad taste in the decoration. I have very heavy, sombre silk curtains in my living room, so I crocheted these little tiebacks with the frivolous tassels of crocheted cotton to lighten up the draperies. If you use a very fine mercerized crocheted cotton, you can get a lovely effect over the dark curtain. Here are the directions and you can do it in no time at all.

Materials: Mercerized crocheted cotton size 10, 1 ball; steel crocheted hook No. 7.

To begin, ch 10, join. 24 s c in ring, ch 5. 1st row: 1 d c in each of 1st 3 s c, ch 2, 1 d c in next s c, ch 3, turn (Each row ends with ch-3, which counts as 1 d c in forming a clock) 2nd row: 2 d c under ch-2, 1 d c in d c, ch 2, d c in 2nd d c, ch 2, 4 d c under end ch-5. 3rd to 16th rows incl: 1 bl, 2 sps, 1 bl. 17th row: 1 bl, 1 sp, ch 2

2 d c with ch-2 between in next d c (an increase), 3 d c. 18th row: 1 bl, 3 sps, 1 bl. 19th row: 1 bl, 3 sps, an increase as before, 3 d c. 20th row: 1 bl, 4 sps, 1 bl. 21st row: 1 bl, 4 sps, an increase, 3 d c. 22nd row: 1 bl, 2 sps, 1 bl, 2 sps, 1 bl. 23rd row: 1 bl, 2 sps, 2 bls, 1 sp, 1 bl. 24th row: 3 d c, an increase, 1 sp, 2 bls, 2 sps, 1 bl. 25th row: 1 bl, 2 sps, 3 bls, 1 sp, 1 bl. 26th row: 1 bl, 1 sp, 1 bl, 1 sp, 1 bl, 2 sps, 1 bl. 27th row: 1 bl, 2 sps, 1 bl, 1 bl, 2 bls, an increase, 3 d c. 28th row: 1 bl, 2 sps, 3 sps, 1 bl. 29th row: 1 bl, 3 sps, 1 bl, 1 sp, 1 bl, 1 sp, 1 bl. 30th row: 3 d c, an increase, 2 sps, 2 bls, 3 sps, 1 bl. 31st row: 1 bl, 2 sps, 5 bls, 1 sp, 1 bl. 32nd to 45th rows incl: Work 14 rows like rows 3 to 16 incl, but decrease by skipping 2 sts. 46th to 91st rows incl: Work 46 rows like 3rd row. Finish with a ring.

Tassel: Ch 8, join. 10 rows of s c, gradually increasing from 12 s c in 1st row to 24 s c in 10th row. 11th row: S c in each s c with ch-3 between. Fasten th. cap over 7-inch folded strands of mercerized crocheted.

Bertie County Now Has Up-to-Date Dairy

With the opening on April 3, of the new and modernized Oak Grove Dairy on the outskirts of Windsor, Bertie county has at its county seat, the finest dairy east of Raleigh.

E. C. Spruill, the owner, has co-operated with the Bertie County Health department in their efforts to promote better milk supplies in this area, and the new and enlarged dairy is rated as ahead of any similar establishment in this part of the State.

New equipment includes a new and modern milking barn, a new 110-ton silo, a complete new refrigerating installation, an aerator, a steam room, an automatic bottler, brine tank, ster-

ilizing equipment, concrete work in barn and surroundings, and a remarkably complete unit as a whole, making it, according to the Bertie health inspector Jones and county health officer Garries, "the most modern dairy in Eastern North Carolina."

Formal opening took place Wednesday, April 3rd, and was attended by visiting dairymen, a number of whom made short addresses.

LARGE AUDIENCE WITNESS COLERAIN FACULTY PLAY

The Colerain High School faculty gave their annual play in the school auditorium last Thursday night, "The Road to the City" was ably portrayed, and the performance was well attended. Jimmie McCallum's orchestra was a special feature.

A NEW SERVICE

In striving to please our customers and render them a better service, we will, beginning this week, receive a shipment of Fresh Vegetables each Monday, Wednesday and Friday before 7 A. M., thereby eliminating the inconvenience of no Vegetables for Monday dinner.

PENDER'S

BEAUTY for EASTER

Give your Easter bonnet a gift! A new coiffure, with your hair smartly rinsed and waved, will add immeasurably to the charm of the new Easter outfit. It's really the beginning of Easter beauty... and so reasonable at Anne's Beauty Salon.

PERRYTOWN

Miss Helen Daniels returned home Tuesday from Norfolk, Va., where she visited friends and relatives.

Mr. and Mrs. Julian Phelps and children, Virginia, Edna and John William, were visitors of Mr. and Mrs. E. E. Daniels Thursday.

Mr. J. L. Perry, who has been ill for sometime, is improving.

Mr. and Mrs. Charlie White and son, Willie, of Norfolk, Va., were visitors of relatives and friends last week.

Misses Pauline, Helen and Annie-Mae Daniels were in Windsor Saturday.

Mr. and Mrs. Cecil Daniels were in Rocky Mount Sunday.

Miss Pauline Daniels spent Saturday night with Miss Annie Ruth Hall of Aulander.

Speller—Hoggard

Miss Virtie Hoggard became the bride of Edison Speller on Friday afternoon, March 29.

The bride was dressed in white with accessories to match.

Mrs. Speller is the daughter of John T. Hoggard, and was a graduate of the 1933 class of the Windsor High School.

The bridegroom, who is a young business man, is the son of Mr. and Mrs. Thomas Speller, of Windsor.

Mr. and Mrs. Speller are making their home in Williamston.

CHOWAN STUDENTS HONOR MISS MARJORIE HEFREN

Thursday morning, March 28th, Miss Marjorie Hefren, eighth grade teacher, at Chowan High School, was highly honored by a surprise birthday party. A beautiful white cake bearing numerous pink candles, and a song, "Happy birthday to you," greeted Miss Hefren when she entered the room. Peanuts, candy, pickles and cake were then served. The class gift to Miss Hefren was a bottle of Evening in Paris perfume. An appropriate verse, as follows, was read by the president of the class: Marjorie is the name of one, A ll of us admire, R eady are we to serve you, J ust as you desire. O ur hearts are to you, R hymes can never tell, I n their very simple way, E very one thinks you're swell.

LEGION AUXILIARY TO MEET FRIDAY NIGHT

The American Legion Auxiliary will meet Friday evening, at 8:00 o'clock in the Hotel Hinton parlors. Mrs. M. P. Whichard, president, desires all members to be present, as there are several matters of importance to come up for discussion.

MERRY HILL

Miss Mittie Phelps, Mrs. Tom Buterton, Mr. and Mrs. Hunter Buterton attended the silver wedding anniversary of Mr. and Mrs. Hunter Taylor, of Harrellsville, on Saturday evening.

Mr. Jim Daniels and his quartet from the Edenton Baptist Church rendered several selections at White Oak Church Friday evening which were very much enjoyed and appreciated. It is hoped that they will come again.

Mrs. Frank Williams and son, of Norfolk, Va., were week-end guests of her parents, Mr. and Mrs. Cad Capehart.

Mrs. Godwin Spivey, Miss Cloe Pruden and her father were supper guests of Mr. and Mrs. E. J. Pruden Friday evening.

Mr. and Mrs. "Peck" White, of Windsor, visited Mr. and Mrs. Guy Smith Sunday.

Mr. G. E. Cullipher and family of Edenton, were visitors in our neighborhood on Sunday.

Mr. B. B. Castloe and Miss Liverman, members of the school faculty, spent the week-end at their respective homes.

Miss Sue Margaret Crumpler is visiting friends in Washington, N. C.

Miss Sue Martin Capehart visited in Washington, N. C., on Sunday afternoon.

Mrs. W. R. Capehart, Sr., of Norfolk, Va., is spending sometime at Scotch Hall.

Dr. Evans entertained the Medical Association at a fish fry at Capehart's Fishery Thursday evening.

U. S. Tenants Willing To Pay For Repairs In Rent

Better Housing surveys in widely divergent sections of the nation have revealed a willingness on the part of tenants to pay higher rents, provided certain greatly needed repairs and improvements are made on the properties they occupy.

Such an attitude is most prevalent among that class of renters who, until recent years, were owners of their own homes, and also by that large portion of the population who are definitely "home-loving" but live in rented property because of the transient nature of their occupations.

Over a wide territory the consensus of surveyors was that the majority of tenants have a definite consciousness of the value of property, the sources of depreciation and the value of protecting property from deterioration. The average renter takes the position that it is not only to his best interest but also to that of the landlord to keep properties in a constant state of repair.

New Type Of Spraying Controls Peach Damage

Arsenate of lead sprays will not damage peach trees when zinc sulphate has been added to the solution, says Dr. R. F. Poole, plant pathologist for the North Carolina Experiment Station.

The zinc sulphate counteracts the injurious effect of lead arsenate on the trees, but does not impair the effect of the spray in controlling disease and insect pests.

When arsenate of lead and lime are sprayed on the trees without zinc sulphate, Poole adds, the leaves, twigs, and fruit are usually damaged. Some of the trees have been known to lose three fourths of their foliage as a result of arsenical injury.

Experiments conducted within this State during the past five years have demonstrated that a spray composed of three pounds of zinc sulphate, one pound of lead arsenate, and five pounds of hydrated lime to 50 gallons of water may be used safely.

When zinc sulphate was added to all sprays carrying arsenate of lead, Poole points out, the trees were not only free from injury but they also retained their foliage throughout the season.

Zinc sulphate may be used in either the crystal, flake, or powder form. Since some of the forms contain more water than the others, Poole says, a smaller amount of the powder form is needed than of the crystals and flakes.

ATTENDS FEDERAL COURT T. D. Boyce, of Icaria, was in Elizabeth City last week serving as a juror in the Spring term of Federal Court.

WARD'S SHOE SHOP Best Materials Expert Workmanship JULIAN WARD PROPRIETOR We Pay Postage One Way

Discovered . . . a BETTER Fertilizer

This year Swift announces an improved Red Steer Fertilizer, better in many ways than any made in the past. In addition to all of the fine qualities which have helped Red Steer produce such profitable crops in the past, new Red Steer is now Non-Acid Forming; contains added Calcium, Magnesium and other important plant foods.

The materials which go into Red Steer are carefully selected, blended according to formulas which have been proved best and then leisurely cured so that Red Steer reaches you in excellent condition. To you this care in manufacturing means bigger, more profitable crops! This year use fertilizer guaranteed plus values—

This modern, economical way to apply fertilizer puts the plant food in the root zone — about two inches to each side and a little below the seed.

In the presence of too much acid plants can't use food no matter how abundant. Roots caged in by acid residues of fertilizers can't get the maximum good from fertilizer applied.

There is no "cage" to retard root development when Red Steer Non-Acid Forming Fertilizer is applied the economical way—right in the root zone. It is always wholesome to plants—they thrive on it!

Swift's Red Steer Fertilizers

NON-ACID FORMING

(Physiologically Neutral) with added Calcium and Magnesium
