THE RECORD... Facts That Concern You No. 6 of a series.

ONE INCOME THAT'S INCREASED MIGHTILY SINCE 1932!

*Data from Board of Alcoholic Control.

BEER helps even those who do not drink it! To the tune of a million dollars a day nationwide, beer tax revenue reaches back into every community, to help pay for relief, for public works, for education... and to lift a burden that would otherwise rest directly on the taxpayers.

To this, add a million new jobs made by beer. And a 100 million dollar farm market.

How can we keep these benefits... for you and

for us? Brewers of America realize this depends on keeping beer retailing as wholesome as beer itself. They want to help public officials in every possible way. They cannot enforce laws. But they can—and will—cooperate!

May we send you a booklet telling of their unusual self-regulation program? Address: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.
