Moses Lawrence Killed By Train

Mangled Body Found Early Saturday Morning

Moses Lawrence, well-known Edenton Negro, was found dead on the Norfolk Southern railroad tracks near the passenger station early Saturday morning, his body being badly mangled. The body was found by B. F. Britton, night telegraph operator, about 6 o'clock, and is supposed to have been run over by a freight train passing through about 3:30.

Just how "Mose," as he was familiarly known, met his death is a mystery, the opinion being advanced that he was asleep under some cars which were picked up here, or else he was walking along the track and fell on the track as the train was moving. There has been some comment that he met with foul play, but no foundation for this report has developed.

Mose had for many years been employed by the Edenton Ice Company, where he gained quite an enviable reputation for training horses to deliver ice.

Methodist Bible School Ends Friday

Exercises In the Church Friday Night at 8 O'clock

With 82 children enrolled, the daily vacation Bible school of the Methodist Church will come to a close Friday, and commencement exercises are scheduled to take place in the church Friday night at 8 o'clock. The exercises will include music and recitations, as well as other features reflecting what has been accomplished during the two weeks of teaching.

This year's school has been very successful from every standpoint, the pastor, the Rev. W. C. Benson, especially praising the very efficient corps of teachers.

Engineer Arrives To Organize Bear Swamp Survey

Office Set Up On Second Floor of Chowan Court House

H. G. Edwards, drainage engineer of the Soil Conservation Service, arrived in Edenton Monday to organize a survey of the Bear Swamp drainage district. He has set up offices on the second floor of the Court House and the survey will be made under the supervision of Lee D. Dumm, who will be in charge of the work. Preliminary work has already been started and it is estimated that the survey of the area will consume something like six or eight weeks.

In response to the request of Congressman Herbert Bonner, a reconnaissance of the area was made April 21 by the following party: Arnold Davis, Principal Conservator; Lewis A. Jones, Chief of Drainage Investigation; E. B. Garrett, State Coordinator; H. G. Edwards, Drainage Engineer, and C. H. Mitchener, Soil Survey Supervisor; all of the Soil Conservation Service; W. B. Gaylord, Chowan County Sanitary Engineer; Chas. W. Overman, County Agent; T. C. Byrum, Nehemiah Bunch, L. W. Belch and A. T. Lane.

The purpose of the investigation and survey is to determine the necessary steps to be taken to correct the present insufficient drainage condition existing in the Bear Swamp Drainage District which was constructed in 1913 and has never been entirely successful. Its inadequacy was revealed by a survey in 1920 showing that the construction failed to follow the plan. This deviation from the plan has been attributed, for the most part, to the default of the original contractor.

The present survey will be thorough in every respect and will require six or eight weeks. This survey will enable engineers to determine and recommend a plan for the rehabilitation and improvement of the drainage facilities of this district. The project not only benefits areas in Chowan and Perquimans Counties but also adjoining areas and will be worth many dollars to the areas for both agricultural and health benefits if a feasible plan of rehabilitation can be developed.

Funeral Held Saturday For Mrs. Claud Baker

Funeral services for Mrs. Claud Baker, 54, who died at her home near Edenton Thursday afternoon, were held Saturday afternoon at 3 o'clock, the Rev. Frank Cale officiating.

Mrs. Baker was born in Gates County, on September 25, 1887, the daughter of the late Mr. and Mrs. William Forehand. She had been in ill health about two years.

Surviving her are her husband; two daughters, Mrs. Herman Pulaski and Mrs. Carroll Jowers, of Washington, D. C.; three sons, Eston C. Baker of Edenton, Carl Baker of Portland, Oregon, and Everett Baker of Philadelphia, Pa.; one brother, O. J. Forehand, and two sisters, Mrs. H. D. White and Mrs. L. A. Bunch of Chowan County.

The Center Hill Baptist Church choir beautifully sang three of her favorite hymns, "Rock of Ages," "Beautiful Isle of Somewhere" and "In the Sweet Bye and Bye."

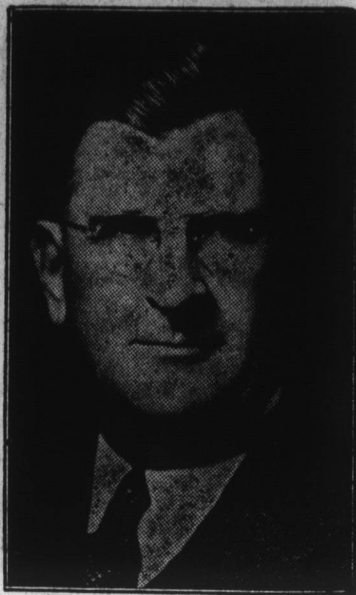

Pallbearers were: Herbert Bass, Will Harrell, Elmer Gruver, William Forehand, Curtis Forehand and Louis White.

Interment was in Beaver Hill Cemetery.

"Bill," as he is known to a host of friends, was commissioned May 5.

GET ON THE BAND WAGON Vote For

Marvin K. Blount FOR CONGRESS

THE PEOPLE VERSUS THE RING

For the first time in 18 years the people of the First District have the opportunity to express their choice for a Congressman. During this time the incumbent was without opposition in the primary election. In the past two years the plain voters have been represented by a HAND - PICKED office holder.

How long are the people of the First District to continue to bow to the politicians and office holders from Washington, N. C.? The politicians of that locality have manipulated for the past 43 years to keep the office of Congressman filled with a Beaufort County man.

It's No Wonder They Want to Continue — Here's the Record!

Louis C. Latham, Pitt County.....	1887-1889
Thomas G. Skinner, Perquimans County.....	1889-1891
W. A. B. Branch, Beaufort County.....	1891-1895
John H. Small, Beaufort County.....	1899-1921
Hallet S. Ward, Beaufort County.....	1921-1925
Lindsay Warren, Beaufort County.....	1925-1940
Herbert Bonner, Beaufort County.....	1940-1943

NO OUTSIDE ADVICE NEEDED

Furthermore, the people of the First District of North Carolina do not need the advice of a Congressman from Texas or Massachusetts to help them choose a Congressman. The voters of this District are intelligent enough to be able to pick the man they believe capable of giving them the right representation.

If Herbert Bonner was a capable Congressman, wouldn't the fact be self-evident within his own district without making it necessary for him to have to get endorsements from Congressmen from far distant States in which they undertake to tell the voters of the First District how to vote?

BLOUNT IS THE MAN

Marvin K. Blount has been waging a "whale of a battle" for the office of United States Representative for the First Congressional District. He has gained ground consistently since beginning his active campaign and has literally "scared" his opposition to their wits-end!

His opposition, so afraid that they will be turned out of office, has resorted to the same old story of trying to smear the candidate who is out to beat them.

They are now claiming that Marvin Blount is trying to buy the office. Think of that... it's an actual insult to the voters of the First District for Herbert Bonner and his supporters to say that it is even possible for any candidate to "buy" the First District.

Marvin K. Blount is engaged in farming, is a business man and has an outstanding record as an administrative official.
