Nutrition Course Begins Monday

Will Be Followed By Course In Canteen Service

Another Red Cross course in nutrition will begin on Monday, according to Mrs. J. N. Pruden, Chowan County chairman. This course will be taught in the home economics room at the Edenton High School with Miss Josephine Grant as instructor, and Miss Rebecca Colwell, chairman. The course, which will be for both white and colored, will require 20 hours of study with five classes of two hours each held weekly.

Mrs. Pruden wishes to emphasize the importance of this course, especially due to the fact that it is expected to inaugurate canteen service in Chowan County. In order to qualify for canteen service a worker must have completed 20 hours of study in nutrition and the same number of hours in canteen service. There are some who have taken only a canteen course, while others have had only the nutrition instruction, and in order to have as many as possible qualify for canteen work, this nutrition course was planned.

This course will be followed by a canteen course, of which Mrs. J. H. McMullan will be chairman. The instructors will be Mrs. Frank Cale and Miss Marie Anderson. The following will also act in the capacity of chairmen for the course: Mrs. P. T. Owens, Mrs. T. Wallace Jones, Mrs. Thomas B. Wood, Mrs. E. N. Elliott, Mrs. Wallace Goodwin, Mrs. Joe Webb, Mrs. Percy Smith, Miss Mary Leary, Mrs. Frank Cale, Mrs. T. L. Ward, Mrs. A. D. Ward, Mrs. F. L. Eure and Mrs. Eva C. Cox.

Creswell Boy Saves House From Burning

The home owned by Ben Adams, of Baltimore, and occupied by Mr. and Mrs. Edgar Barnes at Creswell, was saved from destruction by fire Wednesday afternoon of last week by prompt sounding of the alarm by a 5-year-old boy, Crosby Lane Spruill, son of Mrs. Dora Spruill.

Crosby was playing across the street from the Barnes' home when he saw smoke, from shingles around the flue. He told a colored boy working in the yard of Mr. Barnes and with the help of neighbors, the fire was soon extinguished. Only slight damage was done to the house. It is thought that sparks from the chimney set the shingles afire.

Junior Red Cross Roll Call Will Be Held Nov. 1 To 15

Chairmen Appointed In Various Schools In County

Mrs. J. N. Pruden announced on Tuesday that the Junior Red Cross Roll Call will begin November 1, and continue through November 15. Though last year the Junior enrollment campaign was held simultaneously with the Roll Call, this year, due to the need of gearing the Junior Red Cross program into school organizations, the campaign cannot be delayed until the Roll Call in March. It is realized now more than ever that boys and girls of the nation's schools wish to share in the work of the Red Cross and when given the opportunity through the Junior Red Cross, they will respond.

During the enrollment campaign each class in the schools will be required to contribute at least 50 cents, while in the high schools at least \$1.00 is required for each 100 students. While the contributions are very small, the goal will be to enroll every boy and girl in every school, for potentially they are the Red Cross of both today and tomorrow, and the Red Cross needs their active partnership.

In order to thoroughly organize the enrollment campaign, Mrs. Pruden, Chowan County chairman, has appointed the following chairmen in the various schools:

Bonner Hopeful Of Return To America Of Wrights' Plane

First Craft to Rise In Sustained Flight Now In London Museum

Congressman Herbert C. Bonner on Monday announced on the floor of the House that he was delighted to learn that the Smithsonian Institute had at last recognized the Wright Brothers Plane, the Kitty Hawk, which was flown at Kitty Hawk, North Carolina, on December 17, 1903, as the first heavier-than-air ship to rise in sustained flight.

The plane is now in the Kensington Museum in London, and was sent there due to the controversy between the Smithsonian Institute and the Wright Brothers, and the fact that the British Aeronautical Society had recognized the plane to be the first motor-driven, heavier-than-air ship to fly, while the Smithsonian Institute had not recognized this fact.

Congressman Bonner stated that he hoped the plane would soon be returned to America and placed in the Kitty Hawk Memorial, the shrine that has been built by the U. S. Government to commemorate this epoch-making event and the memory of Wilbur and Orville Wright. He also stated that he realized that on account of the war, the return of the plane could not be hoped for until after the war is over.
