Miss Barbara Kepler Weds British Sailor Saturday Afternoon

Old St. Paul's Episcopal Church was the scene of an impressive and beautiful wedding at 5 o'clock Saturday afternoon, when Miss Barbara Anne Kepler became the bride of Philip Arthur Woods. The Episcopal ring ceremony was used, with the rector, the Rev. Lewis Schenck, being assisted by the Rev. Lancelot Fleming, chaplain in the British Royal Navy. The bride is the daughter of Mrs. Julian Wood, Jr., and Mr. Woods, a member of the Royal Navy, is the son of Commander and Mrs. Alfred Thomas Woods of Jillingham, Kent, England. Adding to the impressiveness of the ceremony was the presence of 17 petty officers, fellow members of the bridegroom on a British vessel, two of whom, Roy Cooke and John Mitchell, acted as ushers.

Leading the wedding party to the altar was Miss Marcia Kepler, sister of the bride, as maid of honor, who wore a dress of orchid tulle. She wore a matching tulle cap and carried a bouquet of pastel flowers. The bride, accompanied by her brother, Milton O. Kepler, of Baltimore, Md., followed. She wore a gown of ivory satin, the skirt forming a long train. Her veil was traditional lace, arranged to form a coronet. She carried an exquisite bouquet of bridal roses. Julian Wood, Jr., step-father of the bride, accompanied the groom as best man. The bride was given in marriage by her brother.

During the ceremony, Miss Sally Dixon, of Norfolk, Va., sang "Be-cause" and Schubert's "Ave Maria," while the wedding music was played by Mrs. J. M. Vail. At the conclusion of the ceremony an English custom was carried out when the British sailors attached a rope to an automobile and pulled the newlyweds to their home, the car being pulled through the business section and attracting no little attention on the part of the Saturday afternoon crowd.

Prior to the wedding, the party was entertained at the home of Mr. and Mrs. W. D. Pruden on the waterfront, and after the ceremony, Mr. and Mrs. James E. Wood entertained at their home on West Queen Street.

The couple left Saturday night for Baltimore and other northern cities to spend their honeymoon.

The church was beautifully decorated for the occasion, a feature being burning candles, which were some of the original candles used in the church before electricity was used for lighting.

Petty officers of the British Royal Navy who attended their mate's wedding were: W. Pearce, W. Glasspool, R. Mitchell, R. Cooke, H. Barber, J. Wray, A. Perry, W. Smith, C. Bluet, D. Macpagn, R. Darby, J. Loman, H. Dick, C. Humphrey, H. Matcham, R. Ellington and G. Marks.

Triple-header Scheduled In Armory Friday Night

Unless plans miscarry, there will be a triple-header basketball game in the Armory Friday night, when the Edenton High School girls' and boys' teams will oppose the Windsor High School aggregations. Aside from these two games, Coach Barnette, of Chowan High School, has secured a game with his boys to meet the Central High School.

The two local teams hung up victories Friday night when the girls had little difficulty in defeating an all-star outfit 24-10. The boys, however, had a tougher job on their hands with the Air Station team and after a nip and tuck affair, the school boys led 19-17, as the final whistle ended the game.

Restrictions Relaxed For Navy Enlistment

Restrictions against enlistments in the Navy have been relaxed so as to permit enlistments in construction battalions through Selective Service. The Navy needs men in the 18 to 38 age group in the following trade classifications: Bakers, boatswain's yeomen, ships cooks, divers, divers tenders, draftsmen, apprentices, electrical, blacksmiths, carpenters, drillers (quarry), electricians (line and station), engine operators, firemen (dredge), mechanics (crusher quarry), shovel operators, pile driver foremen, pipe layers, powdermen, switchboard men, watertenders, wharf builders, all men in the longshoremen's trade classification.

The procedure to be followed by I-A men who have not yet received their induction orders and who desire to enlist in any one of these trade classifications is for the men concerned to interview the Navy recruiter at the recruiting office of his local district for preliminary examination. If the applicant is acceptable, the recruiter will give him a letter to that effect, which he should then present to the local board. The board will furnish him with the necessary papers for enlistment in the Navy, in accordance with Local Board Release No. 172. He will return to the recruiting station in his local district from which point he will be sent, at government expense, to Raleigh for his final physical examination and induction into the Navy.

Commencing January 11, 1943, the Navy will induct I-A men for general service in accordance with an established weekly quota. The procedure to be followed in each case is the same as that given in the preceding paragraph.

Local naval recruiting offices which are located in Wilmington, New Bern, Asheville, Charlotte, Salisbury, Winston-Salem, Greensboro and Raleigh will be furnished schedules of the Construction Battalions' interviewing officer's visits. Registrants interested in entering the Navy in one of the construction battalions should keep in touch with their local newspapers as it is expected that announcement through the press will be made of the Navy's interviewer's visit to the district recruiting office.

Police Experience New Wrinkle In Securing Money

Negro Worker at Base Cashes Duplicate Copy Of Check For \$28

Edenton police met up with a new wrinkle of fraudulently securing money last week, when John Harris, a Wilson Negro working at the U. S. Marine Corps Air Station, secured double the amount his check called for.

In paying workers, a carbon copy of the check is also issued, and it was this worthless check that Harris cashed as well as the original check. He entered one of the five and ten cent stores and after making a purchase handed the clerk the worthless check. The young lady thinking the check was all right handed Harris the change, and later it was learned that the genuine check for \$28 was cashed at the Elliott Company store.

As soon as the matter was discovered a search was made for the Negro, but it was learned that he had been released from the base and his whereabouts still remain a mystery.
