Agents Meet To Plan 1944 Program

A most inspiring and helpful conference was held with the County and Home Agents of the Northeastern Extension District in Raleigh last week. Plans for the 1944 Extension program in each county will be worked out on a county basis by the agents cooperating with the neighborhood leaders.

## Victory Gardeners Set Record In 1943

Twenty-two million Victory Gardens—two million more than the goal set last spring—were grown this year, Claude R. Wickard, Secretary of Agriculture, said in a recent radio address. The Secretary said the Victory Gardeners total about four million acres and will produce eight million tons of food. In speaking of the goal of 22 million gardens for next year, Wickard said: "Last year, at this time we were concerned over the possibility that we would not have enough garden seed and fertilizer for all who wanted to grow gardens. . . our best information is that we shall have an ample supply of both next year. We are expecting a better supply of garden tools and equipment for spraying and dusting. . . Victory Garden production should set another new record in 1944."

## 1,600,000 Workers Placed On Farms In Four Months

Recruitment and placement of farm labor are handled by county agricultural extension agents in most areas. In others, the activity is carried on by the U. S. Employment Service.

## Outstanding Picture At Taylor Three Days

William Saroyan's "The Human Comedy," a deeply moving picture of American life, will be shown at Taylor Theatre Sunday, Monday and Tuesday. In this heart-warming story Mickey Rooney gives the greatest dramatic performance of his career, not to overlook Frank Morgan to a role that is entirely different from anything he has done before. "The Human Comedy" is the story of a typical American family, the Macaulays of Ithaca, Cal. Mrs. Macaulay, a widow, played by Fay Bainter, is poor in worldly goods but spiritually wealthy. Her oldest son, Marcus, portrayed by Van Johnson, is a soldier. Another son, Homer, played by Mickey Rooney, takes a job as a telegraph messenger after school to help out at home.

From where I sit . . .

by Joe Marsh

Sam Abernethy always said: "Curiosity may kill a cat—but I'm no cat." Which is Sam's way of saying that when he's curious about something he goes out and gets the facts.

Seems our government feels the same way. After hearing rumors about our soldiers drinking too much—government people went after the facts. They got the evidence on what our boys drink . . . and don't drink.

The government found out our Army's the best behaved in history. More'n half of 'em drink beer—nothing stronger. And the government found that selling S.S. beer in Army camps is one reason why our Army is so temperate.

From where I sit, there isn't much cause to worry about our men in the Army. Looks like they can take care of themselves—and take care of the Nazis and the Japs, too.
