

Farmers Urged To Place Orders For Lime And Seed

R. C. Holland Sees Particular Need For Land Protection

Farmers of Chowan County who plan to obtain ground limestone, phosphate and winter cover crop seed as conservation materials in lieu of AAA payments this year should place orders immediately to insure delivery in time for seeding, according to R. C. Holland, chairman of the County AAA Committee.

"The time for seeding winter cover crops is here, and the sooner we get these orders the sooner the seed will be shipped," Mr. Holland said. "This year, perhaps more than ever before, farmers should give their land all possible protection against erosion and do everything in their power to increase fertility of the soil we must depend upon for food production in 1944."

In an effort to encourage seeding of more winter cover crops and legumes this fall, the AAA recently announced a supplemental production practice allowance which is available to producers participating in the AAA program to be used for obtaining additional conservation materials. Costs of materials obtained by farmers through the AAA are deducted from payments due them under the Agricultural Conservation Program. Complete details of the supplemental allowance, which is free of charge to farms that have met the soil-building goal, may be obtained at the County AAA Office.

Pointing to the value of cover crops in halting erosion, Mr. Holland said tests made at the Statesville Experiment Station show that land left bare lost 65.43 tons of soil per acre in one year, while the same type of land seeded to winter cover crops lost only 39 tons per acre during the same period of time. Similar tests have shown that cover crops prevent loss of nitrogen through leaching in approximately the same proportion.

"Use of ground limestone and phosphate is recommended by soil specialists both to increase fertility through promoting heavier growths of legumes and also to provide additional pasture for livestock needed in the food production program. The state recently received an additional allocation of phosphate for the month of September which brings the total amount for this month to almost three times the amount we expected to have. This will enable the AAA to fill all phosphate orders this month and increase the number of orders we can expect to fill in subsequent months."

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feet tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed by the country over. Insist on Doan's. Sold at all drug stores.

Be proud of the man who wears THIS BUTTON

LOOK around town these days. This button will spot for you a new group of patriotic "fighters"...men and women who are out to cut more pulpwood...for pulpwood makes smokeless powder, and a thousand and one other things needed at the front.

Uncle Sam needs more pulpwood. So it's up to us to find ways and means of cutting more... and more.

It's a tough job but it can be done and everyone in this community can help. We are in the heart of the pulpwood area. This whole community is just like a big war plant and just as important to winning this war as any airplane, auto truck, or munitions plant.

Enlist today for a few extra hours of your time...HELP THE FARMER WHO HAS SOME TREES TO CUT and if your regular job is cutting pulpwood GIVE 3 EXTRA DAYS at regular pay.

That's all Uncle Sam asks you to do...to keep some boy at the front from asking, "Where's the ammunition? Who at home has let us down?"

WOODCUTTERS: Give 3 EXTRA days at regular pay.
FARMERS: You're busy but a few extra cords of pulpwood from your woodlot will help a lot. This pulpwood shortage is serious, and every cord is needed... If you haven't pledged your support, do it now.

CHAIRMAN, NEWSPAPER PULPWOOD CAMPAIGN, THE CHOWAN HERALD.
I pledge myself to work at least 3 EXTRA days during the balance of 1943 cutting pulpwood. Please send me the campaign button which this pledge entitles me to wear.
