Chowan County Red Cross Fund Raising Drive Will Begin Monday Next Week

Chairman J. Clarence **Leary Announces That** Machinery Is Ready

QUOTA \$2,500

Intention Is to Complete Drive By Saturday, March 9

J. Clarence Leary, chairman of Chowan County's Red Cross Fund Raising Campaign, announced early this week that the drive will begin tomorrow (Friday) and he expressed the hope that it can be completed by Saturday, March 9.

Last week Mr. Leary completed his organization in Edenton when chairmen were appointed for the initial gifts committee, industrial committee, business district and residential section. At the same time he named chairmen for the rural sec-

A meeting was held in the Municipal Building Thursday night, when plans for the drive were completed.

The county organization was effected Monday night when a meeting was held at the Community House at Cross Roads. Present at the meeting were Hugh T. Green, assistant field director of Red Cross, and Miss Janet Cox, district supervisor, both of whom emphasized the importance of the drive and assisted in organization.

Various chairmen nave already chosen their canvassers, so that everything will be in readiness for the quota for Chowan County is \$2,500, a it was \$6,700, so that Chairman Leary and his chairmen feel that there should be little trouble in sending these questions can be answered:

are especially urged to attend.

FIDELIS CLASS WILL MEET

Expired!

Two years ago The Bank of Edenton, in appreciation of Chowan County boys in the armed forces, sent The Herald to all for whom addresses could be secured. The paper has been sent regularly during the two years, and many report having received it fairly regular, and that it was very much enjoyed.

The two years' subscription, however, will expire tomorrow, March 1, so that what names remain on the service list as of March, 1946, will necessarily have to be dropped, unless the boys or friends renew the subscriptions.

The final batch of subscriptions for service men will expire August 1, so that these, too, will be dropped unless renewed.

Cost of \$7,000 to Come From Water and Electric Earnings

ASSET TO TOWN

Equipment Expected Be Ready In Time For Football Season

Edenton's Board of Public Works on Monday night was authorized to install lights on Hicks Field, the approximate cost of installation being around \$7,000, which amount will come from electric and water earnings. The action was taken at a joint meeting of Town Council and the Board of Public Works, called especially to consider the matter.

Quite a little discussion preceded passing of the motion by Town Council authorizing the expenditure, during which the principal thought considered was if it was advisable to spend \$7,000 for the lights entirely from water and electric earnings rather than resort to some other means to raise the money.

The general impression prevailed that the lights would be a distinct asset to the town and would go a long way in providing recreation for citizens at night, which is and has been very much lacking in Edenton for many years.

J. H. Conger, chairman of the Board of Public Works, was spokesman for his group, stating that a com mittee from the Chamber of Commerce appeared before his Board requesting the lights to be installed so that night baseball could be played. Mr. Conger stated that while members of his Board were in sympathy with lighting the field, the matter of financing the project presented a problem, and they doubted the wisdom of using E. & W. funds entirely. However, he said, authority to use the money for the purpose rested with Town Coun-Miss Elizabeth Moore, Home Ser- cil and that his Board would act ac-
