Cards of thanks, obituaries, resolutions of respect, etc., will be charged for at regular advertising rates.

Entered as second-class matter August 30, 1934, at the Post Office at Edenton, North Carolina, under the act of March 3, 1879.

THURSDAY, JULY 4, 1946.

## THIS WEEK'S BIBLE THOUGHT

**WE NEED SPIRITUAL FOOD:** And he humbled thee, and suffered thee to hunger, and fed thee with manna, which thou knewest not, neither did thy fathers know; that he might make thee know that man doth not live by bread only but by every word that proceedeth out of the mouth of the Lord doth man live.—Deut. 8:3.

## "Be Alive On The Fifth"

According to the National Safety Council, this Fourth of July may see a holiday-starved public roll up the greatest mileage ever recorded on the nation's speedometers in any one week-end. More important, the Council fears it will be the deadliest week-end in the country's accident history—unless the emergency is met with emergency caution by everybody.

More than 20,000,000 vehicles will pack the highways during the four-day holiday period, the Council estimated. They will travel more than four billion miles.

Mobilizing to avert the threatened disaster, 150 national organizations are cooperating with the Council in a nationwide Fourth of July campaign to consolidate public and official support behind the slogan, "Be Alive On The Fifth."

In appealing for public cooperation in the campaign, Ned H. Dearborn, president of the Council, said, "I hate to throw cold water on holiday anticipation, but we still have the same combination of facts which led the Council before V-J Day to predict the present upsurge in accidental deaths.

"More travel, a long-awaited vacation season in full swing, worn out tires and cars, run-down highways and a careless attitude that often becomes a careless attitude—all this simply adds up to more tragedy. A prediction can't spoil your holiday, but an accident can."

This advice is presented to Herald readers in the hope that not only those who travel, but those who resort to other means of celebrating the holiday will use every precaution possible in an effort to prevent an accident which can turn a day of joy into one of sorrow.

## Here By Choice

When Robert S. Marsh, new assistant county agent, was in the Army, he had no choice in the matter of where he was stationed, but such is not the case in his arrival Friday to take up his new duties in Chowan County. Mr. Marsh has had offers to go to almost every part of the state and despite the fact that, no doubt, some were more attractive from a financial point of view, he decided to accept the Chowan proposition.

Mr. Marsh some few years ago visited this section of the state and was very much impressed, so that when he had an opportunity to come here to live it didn't take him long to make up his mind. Under such conditions, Mr. Marsh will most assuredly reflect his satisfaction in his location, to the end that he will meet with success in his new position. He is a farmer and therefore appreciates the position of men and women and boys and girls on the farm.

Like many more who have come to Edenton and Chowan County by choice, Mr. Marsh will no doubt be an asset not only to the County Agent's office, but to the county as a whole.

Miss Hazel Shaw, another new-comer in the capacity of half-time home agent, will divide her time between Chowan and Perquimans Counties. She, too, came here by choice and will without doubt exert a helpful influence among the women and 4-H girls of both counties.

The Herald welcomes both of these workers to Chowan County and hopes they will fall more in love with the section as they labor in the field in which they are so much interested.

# HEARD & SEEN

By "BUFF"

It was hard for me to unstand last week who so many folks asked me if I was sick or if I was out of town. It all came about because I was not present for at least three eating affairs. Tuesday of last week the Masons of the Second District staged a barbecue dinner at Colerain Beach, then on Wednesday the First District Masons pulled off a barbecue dinner over at Hertford and on Thursday night the American Legion, and Legion Auxiliary had a big barbecue chicken dinner out at the armory. I was absent from all three, not that I didn't want to be on hand, but because in two of the instances I had to keep pounding on an Intertype keyboard, while on Thursday night there was a long-winded Masonic meeting and when I got to the armory Friend John Keeter was locking up the place—and the chicken had vanished. Which all means that since Tommy Manning quit operating our Intertype machine to go back to Elizabeth City, I'll be having a dickens of a time trying to do about two or three person's work. So that if I might make a suggestion, here's voting for future feeds to be held on Friday night. In fact, I'm in about the same fix I was in when the war was going on—and already I have a belly full, and it's not barbecue, either.

When it comes to knowing Legionnaires throughout North Carolina, Bob Pratt no doubt knows more than any member of Ed Bond Post. In fact it was principally due to Friend Bob's influence that Bill York, new Department Commander, and Amos Maynard, a past commander, came to Edenton last week to install the officers of the Post and Auxiliary and help to eat some barbecue chicken. Bob expected to have Edwin Burge, 40 and 8 chef de guerre, here but he was prevented from making the trip. Both York and Maynard planned to leave after the Legion party, but when they went to the Police Station and felt the cool and refreshing breeze whipping up Broad Street, Friend Bob chased over to the hotel, engaged a front room and gave the order, "You all are spending the night in Edenton"—and they did. Incidentally Edenton may not have a lot of things they have in the Piedmont section, but I don't know what they have for which we'd exchange that nice cool breeze off the sound most of the hot nights when they're sweating up a storm at a lot of places.

With the town's fiscal year beginning July 1, attention is called to the fact that bicycle owners must buy and display a license tag on their bicycles. They're on sale at the Police Station, so better get one and be safe.

Walter Bond on Saturday was passing out some samples of doughnuts which he expects to be making before long at his Bond's Supply Company next to The Herald office. If his samples, which he baked at home, are anything like those he will make on a larger scale at his store, The Herald gang will no doubt be broke half of the time. But then there ought to be some advantage, for maybe they'll not be going home for dinner. At any rate, the doughnuts were good and here's hoping Walter soon gets started.

Willie Bunch, busy Edenton garage operator, will be a little more busier for a spell, no doubt, for last week the stork brought a son to his home. Willie is all smiles during the day, but if the youngster kicks up at night—well, what have some of the rest of us thought and said when the little brats didn't want to sleep when we did?

I'm going to do like my friend, the Rev. Harold Gilmer—vote a "dry" ticket. Ever since he has returned from Camp Leach it seems as though it has been raining off and on all the time. He wants to get a set of gills, for if he has to be in the water all the time he wants to be more like a fish. I second the motion—only I've almost forgotten what a fish looks like. When, oh when, will the bloomin' fish begin biting again?

Holy smoke! I've been in a jam this week getting The Herald out a day earlier in order to slip off for a brief vacation. In fact, I've forgotten to write something about the proposed street paving project. Anyway, there's a lot of people "agin" it, while there are a lot "fer" it. I'm "fer" it and here's reminding all who are also "fer" it to vote that way July 27. And incidentally any who want to vote and are not on the registration books should see the registrar in their respective wards between July 6 and 13. This is important, for the writer senses the fact that there will be no little opposition to the proposed improvements and favorable votes will be necessary to offset the negative votes.

## Kidneys Must Work Well

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at nights, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

## Legion Junior Team Plays Two More Games At Home

### T. W. Jones Agrees To Sponsor Expense Of Team

Edenton's Legion Junior baseball team was scheduled to play in Durham Tuesday night, after which they will go to Roanoke Rapids to cross bats with the Halifax County boys. Two more home games remain on the schedule, one being Saturday afternoon at 3 o'clock when a return game will be played with Roanoke Rapids. This game has been rained out twice before.

Next Monday the local boys are scheduled to meet Raleigh on Hicks Field at 4 p. m. The Wake County boys in the first meeting ran rough shod over the Edenton boys 25-0.

Though the Edenton team has lost all five of the games thus far played, Coach Walter Holton believes the effort was worth while and is very well pleased with the financial phase of the games. The Albemarle Motor

**CHILLS & FEVER DUE TO MALARIA RELIEVED BY 666**
