

Landlords Must File Registration With C. R. Holmes

Area Rent Representative In Edenton Thursday Morning

All landlords operating a hotel, rooming house or boarding house, motor court, tourist court or space rented in an auto or trailer camp in Pasquotank, Chowan and Perquimans counties are required to file supplemental registration statements for their establishments before December 31, 1946, C. R. Holmes, area rent representative, has announced.

Landlords affected may obtain the necessary forms by calling at the local rent office, 605 East Main Street, Elizabeth City, or seeing Mr. Holmes at the Court House in Edenton Thursday morning and at the Court House in Hertford Thursday afternoon.

Mr. Holmes explained that this registration is being conducted throughout the country to comply with a provision of the Price Control Extension Act of 1946 which directs OPA to classify separately transient hotels, residential or apartment hotels,

rooming houses and tourist courts.

It is vital that all landlords affected register promptly and file the registration form in duplicate so that their establishments may be classified properly on the basis of the data submitted, Mr. Holmes said.

Landlords in the area who rent only houses and apartments under the housing regulation need not file this additional registration and are not affected.

Those required to register will find registration easy. They are required only to fill out a single-page form in duplicate and send or bring both copies to the office. After the forms have been checked, the duplicate copy will be returned to the landlord filing it with the classification of the establishment shown in the upper right hand corner.

Vet Question Box

The following questions and answers have been prepared by the Veterans Administration in the hope that some doubts may be cleared in the minds of veterans. For further information about veterans' affairs, those concerned are urged to visit the Edenton contact office of the Veterans Administration on the third floor of the Citizens Bank Building.

Q. Under the Insurance Act of 1946 pertaining to National Service Life Insurance, may the beneficiary of a veteran killed in action in 1945 receive lump-sum payment of the insurance, or does the law apply only to those who die after the fighting ceased?

A. The Act provides lump-sum settlement only for beneficiaries of veterans dying after August 1, 1946. It also stipulates that lump-sum settlement may be made only when specifically designated by the insured veteran, himself. The beneficiary of an NSLI policy is at liberty to choose a settlement option providing payments over a longer period than that selected by the insured, but she cannot select one involving a shorter period.

Q. Will I save money by paying my National Service Life Insurance premiums in advance?

A. Yes, you will save about three per cent a year by paying your premiums in advance on other than a monthly basis.

Q. I am in receipt of compensation for a disability. I intend to get a job in a foreign country. Will I continue to receive my compensation check?

A. Yes, if post service is maintained with that country.

Q. Can I borrow on my National Service Life Insurance policy?

A. After your policy has been converted from the "term" plan to a permanent plan you may borrow up to 94% of the cash value.

Q. I recently got two blue cards from the Veterans Administration announcing that my National Service Life Insurance account had been transferred to the VA Richmond branch. They each had a different "N" number. How may I tell which one to list when I pay my premiums?

A. Include both of them. Presumably you took out your NSLI at two different times and have two policies. Be sure to list both policy numbers when making payments in order that credits will be made to both policies.

Q. I understand that the recent law passed by Congress liberalizing National Service Life Insurance raised the amount of gratuitous insurance for a prisoner of war from \$5,000 to \$10,000. Is that correct? Also, must the insured service man die while still a prisoner in order for the beneficiary to collect the insurance?

A. The answer to each question is no. The law provides that if the prisoner does not have at least \$5,000 of NSLI in force he shall receive gratuitous insurance up to \$5,000, i. e. if he had \$1,500 in force already, he would receive an additional \$3,500 of insurance. The gratuitous insurance remains in effect without payment of premiums from the date of his capture until six months after the date of his release. If he wishes the insurance continued, he must make written application to the Veterans Administration within the six-month period and must begin paying the premiums due when that period is up.

Two Fires In Edenton Early Tuesday Morning

Edenton volunteer firemen were called out twice Tuesday morning, the first call being about 5 o'clock when fire was discovered in the new Elliott Cleaners plant on East Queen Street. The second call was about 7:30 o'clock at the home of the Rev. W. H. Davis on East Albemarle Street where an oil stove caught fire in the living room. Chief Hall reported very little damage.
