Miss Layton says sales are trailing last year at the same time and urges automobile owners to secure their licenses at once if they do not wish to be inconvenienced by the usual last minute rush. The license plates must be displayed on automobiles by January 1. Miss Layton's office is open from 9 a. m. to 4 p. m. every day except Saturday, when it closes at noon.

From where I sit... by Joe Marsh

Who Gets Off Easiest—Men or Women?

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibes envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, none of it goes very

deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.
