

Again Appointed

Though the County Commissioners at their January meeting appointed Dr. J. W. Warren as County Physician, he was again appointed Monday at a joint meeting of the Commissioners and Board of Health. The appointment is for two years as of January 1, 1947. The Commissioners previously overlooked the fact that the appointment is made jointly by the two boards.

Dr. Martin Wisely's name was proposed for the position, but Dr. Warren secured the majority of votes. As previously stated, the position is on a part time basis and will not conflict with Dr. Warren's regular practice.

(1) Made from materials of highest quality.

How to buy a \$400 television set for \$300

WE DON'T KNOW exactly what 1956 television receivers will look like. But we do know that—if you see a snappy \$400 job that suits your fancy—there's a way you can buy it for just \$300!

There's nothing shady about this deal. You'll actually pay \$400 in cash... but only \$300 comes out of your own pocket!

The trick is turned by buying U. S. Savings Bonds regularly—preferably on a Payroll Savings Plan.

For every \$3 you put in, you get back \$4 in

ten years. If you put \$300 in this year, you'll get back \$400 in 1956. And that's how you buy a television set... or help a kid through college... or get yourself a cabin where the fishing's good.

Millions of people—many who've never been able to save before—are buying Bonds on a Payroll Plan easily... automatically... painlessly.

If you're one of them, keep it up. If not, start now on a Payroll Plan... or by buying Bonds regularly, through your bank or post office.
