

Food Preservation Week In Progress All Of This Week

Home Agent Urges All To Reduce Loss and Waste

Miss Rebecca Colwell calls attention to the fact that this week, July 19-24 is Food Preservation Week and should be observed by everyone. "A continued effort to reduce losses and waste might provide food for several million people," says Miss Colwell. "Losses of food are caused by pests, incomplete harvesting on farms, improper handling in transportation, processing and storing. A large amount of food is wasted in homes, wholesale and retail stores and public eating places.

"Growing food is important," continues Miss Colwell, "but preserving it is of equal importance. If the food is grown at home there is a greater saving, but quite often it is economical to buy foods in quantity for canning, freezing or storing. These are the methods of preserving foods which are used most in this section, and they are not difficult if the recipes and recommendations are followed. A few suggestions are given here, but bulletins giving detailed instructions are available at the home agent's office.

"Although quick freezing foods is a much newer method of preserving foods it has proved to be one of the most satisfactory.

Freezer locker plants and home units can assist in improving the nutritive value and palatability of many foods and in addition help make each home and community more self-

sufficient in its food supply. This is possible since freezing preserves the original quality of the fresh product and provides a means of conserving foods raised in the community.

"Home freezer units are excellent for freezing small amounts at a time of poultry, vegetables and fruits, especially where the home is some distance from the locker plant. They do not provide facilities for chilling, aging, curing meats, and in most cases, for quick freezing foods in quantity. They are very convenient when used in combination with the locker plant to provide the desired services and additional storage facilities. The home refrigerator also provides larger space than ever for storage of frozen foods. Care should be taken to buy a standard make which can be serviced locally.

"Vegetables to be frozen should be carefully selected and sorted. The quality of the frozen product will be no better than that of the fresh vegetables selected. They should be prepared according to recommendations, and frozen as quickly as possible after they are gathered.

"Select the varieties of fruits that are recommended for freezing and those of high dessert quality. Avoid undue handling and prepare as for table use. Package the fruits and freeze promptly.

"Avoid waste and conserve the surplus" is the slogan that was adopted by the Area Food Conservation Committee at a meeting in Greenville recently. This should be the slogan of every individual in order to save food for better nutrition, and to help feed the starving millions."

FRANCIS HICKS LEAVES FOR GEORGIA TOBACCO MARKET

Mr. and Mrs. S. F. Hicks and son, Francis, Jr., left Tuesday for Metter, Ga., where Mr. Hicks will serve as auctioneer in the tobacco market. They expect to remain in Georgia about a month.

Woodmen Of World Reorganize Camp

District Manager Allen J. Elliott Now Living In Edenton

Field Representative Allen J. Elliott, who is district manager of the Albemarle District for Woodmen of the World, announces that a camp of the Woodmen is being organized in Edenton. Mr. and Mrs. Elliott have lived in Edenton for the past five months and expect to make their home here.

Many residents of Edenton are former members of the Woodmen of the World, which was active here several years ago. For the benefit of those who do not know about the WOW, it is a fraternal protective organization, which interests itself in civic improvements, fostering youth activities, and active mutual helpfulness for its members. Along with the fraternal activities, the WOW offers insurance measuring up to the standards of any commercial company.

Mr. Elliott states that there are already many members in this area who have affiliated themselves with the organization, and any person wishing to know more about it may reach him at 221 East Queen Street, telephone 219-J. The camp number, NC1069, was assigned recently.

Any white male between the ages of 16 and 65, of good moral character and sound physical condition, is eligible for membership. Also, there is a Junior Woodmen camp for boys under 16. Meeting dates and place of meeting will be announced in the near future.

On motion of G. M. Byrum, seconded by J. C. Leary, the following ordinance is unanimously adopted:

Be it ordained by the Town Council of the Town of Edenton that it shall be unlawful for any person, firm or corporation to land, moor or dock any boat, vessel, barge or other water craft at the County Dock in Edenton, N. C., or use the facilities of said dock for a period of more than ten consecutive days for any purpose, except in cases of extreme emergency.

Any person, firm or corporation violating this ordinance shall be guilty of a misdemeanor, and upon conviction, shall be fined not more than \$50.00, or imprisoned not more than 30 days, for each offense, in the discretion of the Court.

This ordinance is made subject to

Federal laws and regulations with respect to navigation, and shall be in full force and effect from and after its adoption.

On motion of J. C. Leary, seconded by J. P. Partin, it is resolved that the proposed lease from the Town of Edenton to the Edenton Country Club, Inc., which has been approved by the U. S. Navy Department, be executed.

There being no further business, the Board adjourned.

R. E. LEARY, Clerk.

Forestry Camp For Farm Boys Called Off Due To Polio Threat

State Forester W. K. Beichler has announced that because of the polio threat in North Carolina, the annual forestry camp for farm boys operated by the Division of Forestry and Parks, has been called off. Beichler said that Dr. Roy Norton, State Health Officer, advised him that it would be undesirable to hold the camp this year in view of the fact 20 of the 70 boys were to come from other Southern States.

The forestry camp was to be held from August 23 to Aug. 27 at the Division's Singletary Lake Group Camp.

Town Council Proceedings

Edenton, N. C., July 13, 1948.

The Town Council met this day in the Town office at 7 o'clock P. M. in regular monthly session. Present, L. H. Haskett, Mayor, J. P. Partin, W. J. Yates, G. M. Byrum, Clyde Hollowell, J. Edwin Buflap and J. Clarence Leary.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!
