

Malaria Quarters Will Move Again

Commissioners Agree to Erect Warehouse on Carteret Street

At Monday's meeting of the County Commissioners, it was agreed to build a warehouse to be used for the

malaria control program. For some time J. E. Coffey, in charge of the Federal malaria control program in this area, has housed his equipment in the Edenton armory. When the Edenton unit of the National Guard was reorganized, Mr. Coffey was obliged to seek new quarters and subsequently moved to one of the buildings at the air station. Since the base has been reactivated, Mr. Coffey had to seek a new place.

Due to the good accomplished throughout Chowan, the County Commissioners agreed to furnish perma-

nent headquarters by building a warehouse at a cost not to exceed \$800. The warehouse will be built on property owned by R. C. Holland on West Carteret Street. Mr. Holland is very much in favor of the program and has contributed the space for the new warehouse.

Old Age Benefits In County Total \$3,372

In Chowan County 3,372 was distributed in way of old age assistance

during April, while \$990.50 went for aid to dependent children and \$329 for blind aid payments. According to the monthly report of Mrs. J. H. McMullan, welfare superintendent, \$164.35 was spent for seven general assistance cases, while other financial aid included three persons hospitalized in the county, two hospitalized outside the county, transportation furnished for three transients and one medical care case.

Service cases included four adult parolees under supervision, 14 cases

receiving care from Veterans Rehabilitation in cooperation with the Welfare Department, two child labor certificates issued and 26 children receiving individual care.
