It's a busy time of the year for the Seniors, for they are getting their caps and gowns discussing their class night play and studying for their exams.

The members of the Senior Class have chosen their class night play which is entitled, "The Senior Merry-Go-Round." Certain members have already been assigned to take a particular part during the exercises.

Just Imagine It's Yours!

You say you have never driven a Cadillac?

Well, it's a lovely day—and there are beautiful roads to travel down and interesting places to visit—and a little dreaming never hurt a soul . . . so just slide over behind the wheel. It's yours!

First, you'll just want to sit for awhile, with your hand on the slender, obedient wheel—and get a close-up view of the ingrained goodness that makes this car so unmistakably . . . the Standard of the World.

And then you turn the key, touch the soft-throated engine into action—and you're away.

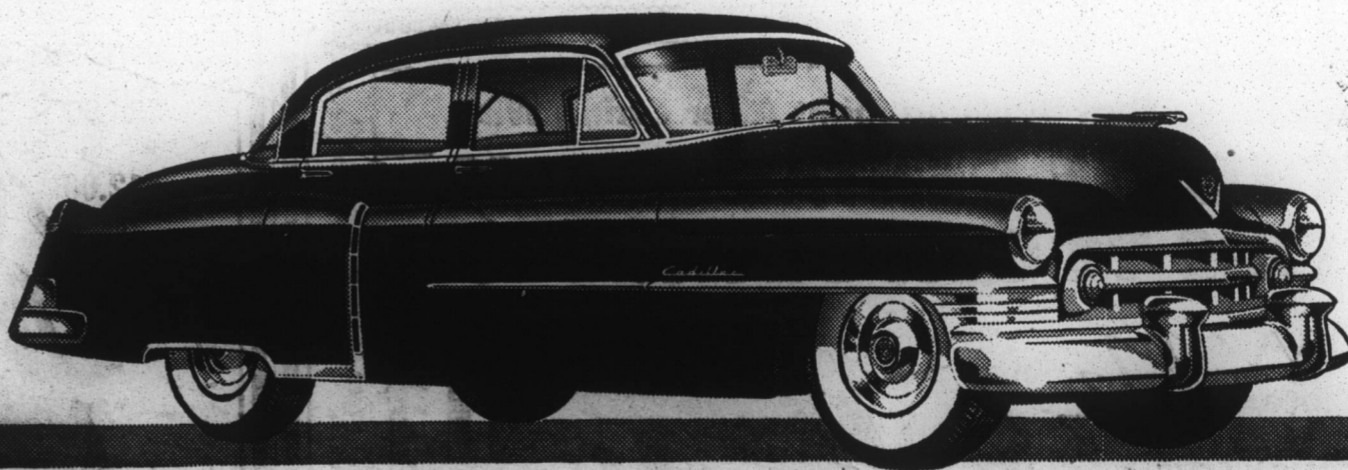

The steering wheel all but reads your mind! The brakes are as soft as velvet, and immediate in their response! The

road has become a boulevard—and the turns and lights seem so very close together!

And the soft, easy quietness of it all! You just sit and relax—in complete contentment—and the miles go by—and the miles go by . . . "Oh, how I wish this car were mine!"

Well, it's time, we think, to stop dreaming—and lend an ear to this: the lowest-priced Cadillac costs less to buy than certain models of numerous other makes of cars; it is so enduring that it will give a lifetime of service; and it is so economical that it actually approaches the low-priced popular cars in gasoline mileage.

Yes, it's time to go into action—and to make this car your own!
