

# 1,950 Cotton Crop One Of Smallest Since Year 1885

## Only 1945 and 1946 Har- vests Less Than Cur- rent Year

Farmers this year are expected to harvest the smallest cotton acreage since 1885, with the exception of the 1945 and 1946 harvests.

That's what the Department of Agriculture says in a report received by Congressman Herbert C. Bonner.

The harvest acreage for this year is estimated at 18,366,000 acres. That's 33 per cent less than last year's harvest acreage of over 27,000,000 acres.

Acreage reductions resulted from reinstatement of cotton acreage allotments and marketing quotas.

North Carolina's acreage this year is reported to be 34 per cent lower than last year's 869,000 acres. That gives North Carolina a 1950 acreage of 570,000. The average for 1939-1948 was 750,000.

According to the Agriculture report, the number of boll weevils emerging this spring was the heaviest on record, Mr. Bonner said. The infestation resulted in an intensive and widespread poisoning campaign.

## Life On Island Of Guam Discussed

(Continued From Page One)  
used quite frequently.

Speaking of the Guamanian Bars, Mrs. Ballenger said that the only thing about them to remind us of the States are such names as the Coconut Grove, Brown Derby and the Surf Club and, of course, the ever-popular "juke box."

"Guam came out of the war with the appreciable idea that industry was a full-time job. But the idea was not enough, she said. Today with the help of the U. S. Navy, Guamanians may point with pride to recently completed gleaming white buildings which house the Guam Congress and the Police Department. These are a few items of construction in a program not entirely completed yet, one which qualifies Guam as a center of advancement.

"Since 1898 Guam has been under naval government. However, in September, 1949, the island changed its traditional suit of navy 'whites' for civilian attire when the Honorable Careton A. Skinner was appointed by President Truman to serve as Guam's first civilian governor.

"A recent survey showed that 42 states and four foreign countries were represented by school students. This past season registration reached an all-time high of 9,000 pupils. There are 22 schools on the island, only two of which are American."

Concluding her speech, Mrs. Ballenger pointed out that to visit in a

native home requires (1) an invitation from the family; (2) permission from the local Chief of Police; (3) a printed pass, and (4) statement of expected arrival and departure and nature of business. "We didn't visit much on Guam," she said.

Following the lecture color slides were shown including the scenic beauty of Guam as well as the characteristics of the Guamanians, with Mr. Ballenger at the projector and Mrs. Ballenger acting as commentator.

Two delightful solos were rendered during the evening by Miss Carolyn Elliott, who sang "Je Suis Litanie," by Thomas, and Miss Carolyn Swindell, who sang "One Kiss," by Romberg, with Miss Susan Thigpen at the piano.

A social hour was enjoyed with Mrs. Irene Ruffin and Miss Inez Felton at the punch bowl.

Mrs. Ballenger also spoke very interestingly about Guam at the Rotary Club meeting Thursday afternoon.

## Edenton Braves Win From Norfolk Eagles

The Edenton Braves, local colored baseball team managed by John Jones, Jr., won the last two games played, defeating the Norfolk Eagles Sunday afternoon on Hicks Field 2-1 and easily winning a return game played in Norfolk Monday night 11-5.

Paul Gregory was on the mound Sunday afternoon, with Burton pitching for the Eagles. The score was tied 1-1 in the third inning and the seventh Brighthouse, third baseman for the Braves, crossed the plate with the winning run.

Banks pitched for the Braves in Norfolk, with the Eagles using three pitchers in an effort to silence the Braves' bats.
