

# PTA Donates \$200 For School Projects

## Dr. Griffin and Carolyn Harrell Take Part On Program

At the regular meeting Tuesday night, February 5, the Edenton Parent-Teachers Association voted to donate \$100 to the high school and elementary school to be applied on each school's major project.

J. O. Powers, principal of the high school, on behalf of the high school thanked the association and stated that the money will help to defray the cost of equipping the cafeteria with dishes. It is understood that the money donated to the elementary school will be used to purchase books for the school library.

The regular meeting date of the association was changed from the first Tuesday night in the month to the second Tuesday night in order to avoid a conflict with several church group meetings. The association also voted to investigate the possibilities of securing a public school music teacher for the school in time to begin her duties at the next school term. Mrs. Erie Haste, president, will name a committee to look into this matter, so that interested persons are asked to contact her.

Dr. Wallace Griffin gave a most interesting and informative address on "Dental Hygiene As It Concerns the Children of Chowan County." He illustrated his talk with humorous remarks which helped to impress upon his listeners the most important factors of the health program in this district.

Miss Carolyn Harrell, winner of the World Peace Speaking Program sponsored by the Edenton Woman's Club, was introduced by Mrs. Mary L. Browning, teacher and director of the program in the local high school.

Mrs. Browning gave a brief summary of the origin and purpose of the program and explained how it is carried out in her English classes.

Miss Harrell spoke on the subject: "What Is the Responsibility of the United States in the Light of Communist Aggression?" Her carefully prepared speech showed detailed study of her subject and her poise, pleasant voice and manner of presentation won the admiration of those who heard her speech.

The devotional period was conducted by the Rev. Herman L. Cathey, pastor of the Presbyterian Church.

## Senior Class News

By ANN COFIELD

Hiya! Well the senior play casting has almost been completed and will soon be announced. So far we have a good cast and a good director. Here's hoping for the best that has been given in years.

Let's see, who will be in the news this week? Why Dorothy Heninger! Okay, now what do we know about her? She is the daughter of Mrs. J. W. Hollowell and was born on November 5, 1933. Dorothy transferred from Chowan High where she began school, to our class back in the fifth grade, and we were all glad to have her.

Dorothy, whose blond attractiveness is evidenced by her election as May Queen, Princess Edenton, and Best Looking senior, is active in the Glee Club, Cheerleading, and Monogram Club. She has also played basketball and marched as a (Pony) majorette in the band during her high school career.

Dorothy says she loves dancing and divides a great deal of her spare time between this and her Photo Collection. Of course, she spends an even greater part of her time writing her boyfriend, Jack, who is in England. In

fact it seems she makes quite a "hab-it" of it.

On Saturdays she works in Habit's Grocery. Dorothy says her highest ambition is to be a good house wife and that her plans for the future all revolve around this ambition. Though they say Marriage is a great as well as a joyful task, I'm sure it will never be too great for you and here are our best wishes that yours will be filled with many joys.

Webb Griffin, who was born to Mr. and Mrs. J. W. Griffin on March 13, 1933, is also a very popular senior.

"Duck," as he is known to us, was elected most athletic in the Senior Class and he deserves it, for he takes part in all three high school sports and during the last year of his successful football career, he was Co-captain of the team.

Duck's chief activities of course are ball and Monogram Club, but he has also done a mighty good job as Assistant Editor of the "Edentonian" this year.

He spends a lot of spare time working at the Colonial Store, movies, reading or playing ball, but I believe it's agreed that a lively Junior girl is his favorite.

Next year Helen, his number one interest is going to be rather lonely though, for Webb is planning to enlist in some branch of the service, but we know that Helen will be very proud and happy and joins the senior class in wishing the best of everything to a very nice fellow.

## When Mean Colds Stuff You Up

It's so easy to relieve coughs and stuffiness of colds in a hurry this home-proved way... with 2 spoonfuls of Vicks VapoRub in a vaporizer or in a bowl of boiling water as directed in package.

Just breathe in the steam! Every single breath carries VapoRub's soothing medications deep into throat and large bronchial tubes. It medicates irritated membranes, helps restore normal breathing. For coughs or upper bronchial congestion there's nothing like using Vicks VapoRub in steam.

For continued relief always rub it on throat, chest and back.
