

A. L. Tyler Injured In Auto Accident

Belk-Tyler Executive Is Resting Comfortably At Rocky Mount

Edenton friends regretted to learn Monday that A. L. Tyler, head of the Belk-Tyler stores of Eastern Carolina, including the Edenton store, was injured in an automobile accident Saturday afternoon. The accident occurred at Calico, a crossroads on Highways 43 and 102, about 15 miles south of Greenville while he was on his way to Rocky Mount. He collided with an automobile in which were two women from the Greenville area.

Mr. Tyler was taken to Pitt Memorial Hospital at Greenville, where it was learned he fractured seven ribs and received a scalp injury and cuts and bruises. The two women were also hospitalized but they were not in a serious condition. Mr. Tyler was transferred to his home in Rocky Mount Sunday, where he is reported as resting comfortably.

Presbyterian Church Debt Is Decreased

(Continued From Page One)

To the average person, the payment of a church building debt of \$40,000 in a few years is almost a normal thing. But, for a church congregation that has from 25 to 30 active members, it is a bit more than normal.

To say that the small but loyal congregation has done it all would not be true. They have had to have outside help—and a lot of it. But, they had certain responsibilities to shoulder in connection with the debt and they have done remarkably well.

The new church was started in the spring of 1945 and was completed in the spring of 1946. The overall cost was around \$40,000. Realizing the need for outside help, members of the building committee contacted W. H. Belk of Charlotte, president of Belk stores and of Belk affiliates such as Belk-Tyler, Belk-Leggett and Hudson-Belk. Known throughout the State and the south as a great Presbyterian layman, Belk is a philanthropist who has contributed generously to churches and colleges, Peace and Davidson colleges being two examples, and he has done a great deal to help young students to enter ministerial schools.

Belk responded generously to the Edenton church plan. He contributed all the brick that was used in the new building and placed \$1,000 in trust with the Albemarle Presbytery to be used as the final payment on the church note when the figure was reduced to that amount. It was at his direction that the check for \$1,000 was handed Mitchener this week by the manager of the Belk-Tyler store here, J. R. Dulanev.

The history of the new Presbyterian Church goes back to the early 1940's. The Rev. Dave Crawford was minister at that time in the old church building which stood on North Broad Street. An inspection of that structure disclosed the immediate need for major repairs. In fact, the building was condemned. It was sold and the congregation held services in a vacant store building on East Queen Street for nearly three years. The need for a new church was keenly felt by the congregation and committees were appointed to formulate plans for such

a structure. The results of this committee's diligent work can be seen on Moseley Street where the handsome new building now stands. Dr. Herman L. Cathery of Lynchburg is supply minister of the new church, coming here in December of 1950.
