

Family At Ryland Improving Home Adopts Motto "Better Home For Better Living"

"Better Farming and Better Homes for Better Living" is the motto which the Percy Harrell family of the Ryland community is practicing. When Assistant Agent Bob Marsh visited this family recently, the yard had several ditches running in several directions. Further examinations showed that these ditches were dug for water lines to complete the long-awaited need of running water. A neat pump house was constructed of concrete blocks and this will add to the attractiveness of the farmstead. At the present time water is piped to the kitchen, back porch, stock barn and to each of the two poultry houses. Modern plumbing, a bathroom and hot water, will be added later. Mr. and Mrs. Harrell have long waited the convenience of running water in the home, and they, as well as the two boys, Kermit and Gene, who are incidentally good 4-H Club members, are more than pleased with the progress already made.

Gene very aptly expressed himself when asked about the new water system as he replied, "It sure will save me a lot of time and trouble from pumping and carrying water to my 4-H poultry flock." Gene and Kermit have both made an excellent record with their laying flock of Perimeter Reds, and expect to have another similar project this year. Kermit first had a poultry project in 1950, when he received 100 pullets from the Home Feed & Fertilizer Co. Although he had a good project, he did not talk his Dad into building a laying house until the fall of 1951. Since the laying house has been built all the members of the Harrell family are enthusiastic over the 4-H poultry projects and they plan to continue in the poultry business.

This is just one example of how an average size family in Chowan County can increase and expand their farming operations which results in a higher standard of living. The Harrells live in the northern end of Chowan County near the Gates County line, and no doubt their example will be followed by other farmers in the community both in Chowan and Gates counties.

Kinston Trims Aces By Count Of 68 To 43

Edenton High School boys' basketball team was defeated Friday night in the new school gymnasium by the Kinston Red Devils by a score of 68 to 43. Much of the credit for the victory went to Douglas Abbott, diminutive forward, who bagged 30 points. The youngster's performance was sensational, hitting for goals from long range and at almost any angle. The visitors led 33 to 21 at half time.

For the first 10 minutes it was nip and tuck, but gradually the visitors forged ahead to sport a comfortable lead.

Bubber Dobson was high scorer for Edenton with 15 points to his credit. Bobby Bunch trailed with seven points.

Preceding the main event, the Kinston Jayvees also defeated the Edenton Jayvees by a count of 47 to 21.
