

NATION PLANS OBSERVANCE OF AMERICA'S MILITARY MIGHT

The third annual Armed Forces Day will be observed on Saturday, May 17.

Secretary of Defense Robert A. Lovett announced that "Unity—Strength—Freedom" will be the official slogan for the observance of the day by the military and the public. The occasion, he said, will be "a timely opportunity to demonstrate the close working relationship of the Armed Forces, give the public a broad view of the Nation's defense strength, and emphasize the democratic ideal to which our efforts are dedicated."

Emphasis is to be placed on a well-rounded community level program. It is expected that, as previously, national headquarters of the leading civic, veterans', women's, labor industrial and religious organizations, will assist in fostering cooperation in local programs by members chapters, clubs and posts.

Reserve forces will take an active part in the observance. State Govern-

ments will be invited to authorize National Guard participation.

Troop and equipment participation will be provided in as many cities as possible. At military installations, where practicable, "open house" activities will be scheduled and equipment demonstrated. A national allocation of Naval vessels, certain types of aircraft and airborne troops will, if possible, be made.

In each of the seven; geographical areas designated for the two

previous observances, one military service has been assigned primary responsibility for Armed Forces Day activities. The area commander will coordinate all phases of planning and operation with the other services.

Each military service will have responsibility for two areas, the Air Force having the added responsibility for the District of Columbia and adjacent area. Army areas are II, and III; Navy areas IV and VI; and Air Force areas are I, V, and VII.

Charles, who was elected "Best Sport" in the senior class is very active. His activities have included football, basketball, Monogram Club, Glee Club and the operetta. Charles holds down two part-time jobs, one painting with his father and the other driving a school bus.

He says he plans to enlist in the Air Force immediately after graduation. Good luck, Charles. We hope you will have lots of success and happiness.

Senior Class News

By ANN COFIELD

Hi there! The Senior Class' social life is taking on a festive air as these lovely May days come in. Tuesday, May 6, the seniors and their guests enjoyed a wiener roast at Bandon, and on Sunday, May 18, we are planning a trip to Nags Head. What fun that will be. a nice long day at the beach! Well, I can tell you more about that next week.

Two other things which we are making plans for, are on the serious side, for they are commencement and examinations. Practice has begun on the Class Night play and much of the conversation around the Senior home rooms is centered about graduation. It is sad, though exciting, to talk together of our plans for the future, sad that our days at E. H. S. are drawing to a close and exciting that we shall soon step into a new world, our future. College, military service, jobs, marriage, it all must wait, though, for in the immediate future are those exams. Seniors are taking examinations early in case make-up exams are needed, so you'll hear of a great bit of cramming this week.

One of the boys who are planning to enter the military service is Marvin White, son of Mr. and Mrs. D. G. White, Sr. This sports-loving senior was born August 6 1934. Marvin says dating and fishing are his favorite past times and it would be hard to say which he loves more. Well, Marlene, as long as a fish is your greatest competition you shouldn't worry.

The Senior Class decided Marvin was our "Cutest" boy. Next to Mar-

lene his chief high school interests are football, Monogram Club and Stagecraft Club.

Well, Marvin, we hope you will be very happy and successful in the Navy. Good luck, you have our best wishes!

Esso Extra Gasoline

Though not always apparent to the driver, various gasolines actually do differ in performance. Industry-accepted road and laboratory tests prove that Esso Extra gives a year-'round combination of qualities unmatched by any other gasoline for 9 out of 10 cars in use today. The Extra you always get at the "Happy Motoring" Sign is the big reason why more motorists buy Esso Extra in the area served by Esso Dealers than any other premium gasoline.

* Esso Extra Gasoline is good for ALL cars, but in 9 out of 10 it will give better all-around performance all year 'round than any other gasoline. Only a car with an engine that's poorly adjusted, badly worn, or one with unusual compression characteristics may be unable to use fully the many extra qualities of this great gasoline.
