

GI Insurance For Veterans Of Korea

Two Types Ace Available Says Veterans Administration

Veterans of the Korean conflict who were disabled in active service are eligible for two types of GI insurance, according to the Veterans Administration. The same applies to veterans of active service in the military forces anywhere in the world since June 27, 1950.

There are deadlines for applying that must be observed in all cases VA added.

Disabled Korean veterans may take out Government term insurance up to a total of \$10,000. It is renewable every five years, at premium rates that increase with each renewal. This type of insurance does not pay dividends.

Application must be made for the term insurance within 120 days from the date of discharge and one month's premium must be paid. Applications and premiums from veterans living in this area should be sent to the Veterans Administration District Office, P. O. Box 8079, Philadelphia 1, Pennsylvania. Any Veterans Administration office can supply information with regard to the applications and policies, including premium rates.

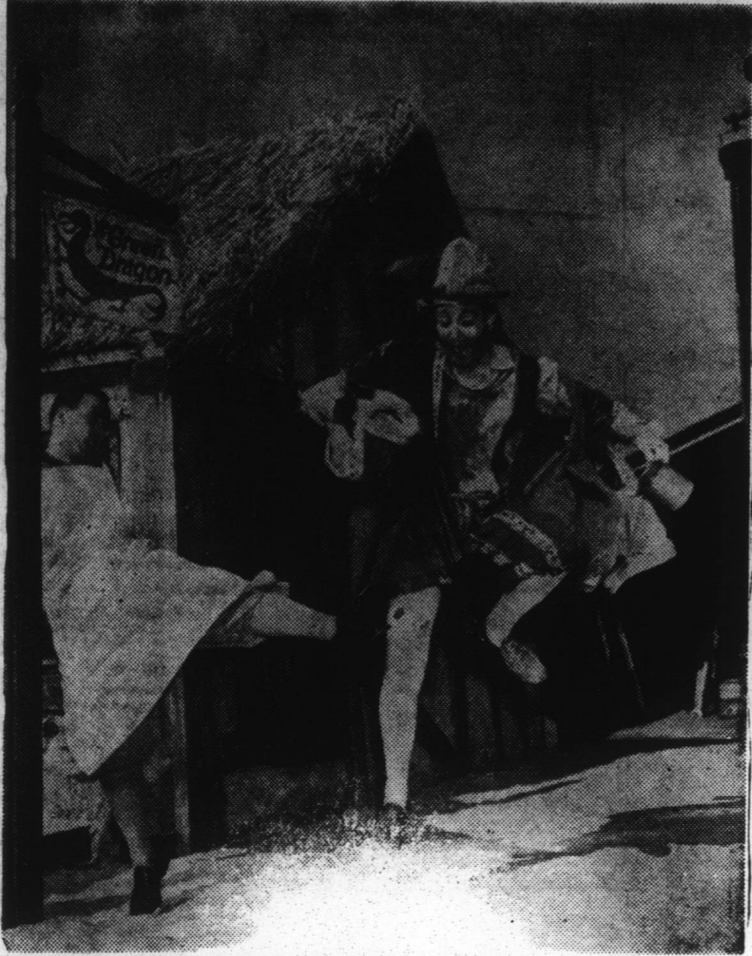

This same type of term insurance is available to veterans of active service since June 27, 1950 who were not disabled.

Permanent GI insurance policies similar to those available to World War II veterans also may be taken by disabled Korean veterans who have service connected disabilities that entitle them to compensation payments from the VA.

Applications for the permanent-type insurance must be made by disabled veterans within one year from the date that VA determined they had service-connected disabilities.

PRIZE WINNING LOST COLONY PHOTO

Carol Martin of Greensboro shot this photo of Old Tom Harris being booted from the tavern in Paul Green's symphonic drama The Lost Colony. Shot during the annual press photographers rehearsal, the picture won third prize of \$25 for Martin. It was one of four prize winning pictures shot by press photographers which won cash for the winner. The Lost Colony now in its 12th season will present performances nightly (except Monday) at 8:15 o'clock through August 31. Characters in this picture include Old Tom, played by Fred Young of Chapel Hill and the Tavern Keeper played by Wallace McCown, a Manteo attorney who becomes an actor each night.—Lost Colony Photo by Martin.

State College Specialist Offers Dressing Recipe

A lady who was struggling to reduce remarked recently that calories always had a way of getting into the best tasting foods. And it would certainly seem if you consider hot fudge sundies, fresh roasted nuts, cakes and assorted sweet pastries as good tasting foods. They all seem to have more than a fair share of calories.

Trying to take off 10 or 20 pounds can really be a major undertaking. On a reducing diet you find yourself having to eat a lot of meat and fresh salad greens—minus the dressing of course or perhaps you've been allowed a teaspoonful for every cup of greens.

State College Extension Nutritionist

Virginia Wilson offers a low calorie salad dressing that will make eating lettuce, much more pleasant:

LOW CALORIE SALAD DRESSING

- 2 tablespoons flour
- 1 cup cold water
- 3 tablespoons salad oil
- ¼ cup vinegar
- 1 teaspoon salt
- 1 teaspoon sugar
- ½ teaspoon paprika
- 1 teaspoon bottled horseradish
- 1½ teaspoons prepared mustard
- ½ teaspoon Worcestershire sauce
- ¼ cup ketchup

Mix flour and water in saucepan. Place over low heat, stirring constantly until thick and clear (about 5 minutes). Add all of the remaining ingredients. Beat with rotary beater until smooth and well blended. Store in tightly covered jar in a cool place. Shake well each time before using. The dressing is very good and particularly so on lettuce hearts or tossed fresh salads and you'd never guess

that there are only 15 calories per tablespoon.

Cotton Coops Sent 1951 Crop Payment

Checks Mailed to Farmers Last Week For \$200,000

Members of the N. C. Cotton Growers Cooperative Association will receive final payment this week of approximately \$200,000 on their 1951 crop.

Checks for this amount have been mailed to farmers who sold their 1951 cotton through the association, according to M. G. Mann, general manager of the marketing organization.

The sum represents final settlement on last year's crop, Mann said, and is over and above full market price which association members actually received for their cotton at the time they ordered it sold.

Mann attributed the extra cash payment to a general improvement in the textile industry during recent months.

"We knew," he said, "that if textile business improved and the basis for which we were able to sell cotton to mills was more than that which we had paid our members who sold their cotton throughout the year that we could make this adjusted final settlement now."

Continuing, he declared: "We are happy at this time of the year when

cotton farmers are sorely in need of funds that we can send back to our members approximately \$200,000 representing an additional 63 points, or \$3.15 on a 500-pound bale, as final settlement.

Mann said at times during the past 12 months it was virtually impossible to sell cotton to mills because of unsettled conditions in the textile industry. However, he went on, the situation has brightened considerably, and an active demand once more exists for cotton.

During the 1951 season, the growers' association handled cotton valued at more than 13 and a half million dollars. Since it was founded in 1922, the association has handled 2,435,127 bales, valued at \$227,770,356.29, Mann said.

"All my life I've wanted to own a Buick"

POWER STEERING on the Roadmaster and Super

Power Steering now available on Super as well as Roadmaster—optional at extra cost.

It seems that owning a Buick is something that a lot of folks dream about—plan for—and finally do.

We say that because, so many times, they say so in words like those above.

Those words make us happy, of course—happy to know we sell a car which means so much to those who own it.

But they make us feel just a little bit sad as well—sad to realize all the years of fun such folks have been missing for no good reason at all.

For the fact is this:

If you can afford any new car, you can afford a Buick.

You can afford the thrill of bossing

around that big Fireball 8 Engine that purrs forth a mighty flow of power.

You can afford the gas bills—as any owner of a 1952 Buick will tell you—because that high-compression, valve-in-head marvel gets a lot of miles from a gallon of fuel.

You can afford the extra luxury of a real million dollar ride—the silken smoothness of Dynaflo Drive*—the extra room and comfort and style that have put Buick popularity right up at the top of the list, next to the "low-priced three."

So if you want to own a Buick—there's just one thing to do:

Come in—pick the one of your choice—

and let us show you how close the figure that goes on the bill of sale comes to what you'd pay elsewhere.

As we've said before, your first car can be a Buick. Why not take the Big Step right away—today?

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.
