

Mrs. R. E. Gordon Speaker For PTA

Stresses Importance of Wise Home Planning By Parents

"The future of our world depends largely on the foundation laid today," Mrs. R. E. Gordon told members of the Edenton Parent Teacher Association meeting last week, when she spoke on the subject "Today's Home, Tomorrow's World."

"Our boys and girls today will soon be the thinkers and actors and leaders of tomorrow," she said, and referring to the need of proper home training, went on to say, "We have a unique responsibility in the home in preparing our children to be the leaders of the future."

To this end Mrs. Gordon urged parents to plan wisely their homes and the lives of their children, pointing out that God should always be included in their plans. Mrs. Gordon was introduced by the program chairman, Mrs. C. W. Overman.

A feature of the meeting was music by a mixed quartet composed of Mrs. C. A. Phillips, Miss Joan Cobb, C. W. Overman and W. M. Cozart, with Mrs. M. A. Hughes at the piano.

Mrs. Roland Vaughan, president, presided over the meeting and called for reports from the various committees. The association agreed to enter a float in the forthcoming Christmas parade.

TEACHER'S PET

Youngest scholar of them all will be teacher's pet in this back-to-school frock from Youngland in Bates disciplined cotton. In contrasting colors, the bodice repeats the dark color of the skirt in the collar and sleeves. The belt through loops is a "big-sister" touch.

The truth hurts people who do not like to face facts.

MAMMY JO'S ANSWER

Tell me, Oh, tell me, Mammy Jo,
There's lots of things I want to know:
Does God wind the birds to make
them go?
And turn on the breezes to make them
blow?
Does He move the earth with a great
big handle,
And light up the sun like Mama lights
a candle?

Lawsy me, chile, de questions you do
ask;
You've sho' give yo' mammy a diffy-
cult task.
God holds dis world in de palm of His
hand,
And dere's a millyum things we cannot
understand.
Just perzackly what it is dat makes
de birdies fly
Is not to be revealed until de sweet
bye-and-bye—
So try to be happy and do your very,
very best,
And God in His wisdom will take care
of de rest.

Nothing can bring you peace but
yourself; nothing can bring you peace
but the triumph of principles.
—Emerson

Another Great Feature of the JOHN DEERE "50" and "60" Tractors...

HERE'S ever-ready hydraulic power that's completely independent of both the transmission, clutch and power shaft... smooth, positive power, that provides the easiest, fastest implement control you've ever known.

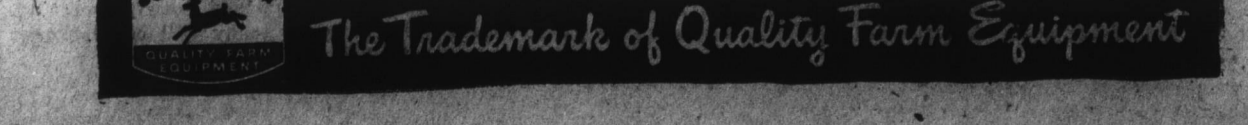

On the go or standing still—whenever the engine is running—you have work-saving hydraulic power right at your finger tips. When operating a manure loader or other equipment requiring constant hydraulic pressure, "live" Powr-Trol saves you up to 40 per cent of the time and effort formerly required in clutching and shifting gears. The compact, precision-made pump that powers this "live" hydraulic system is direct engine-driven at high speed with greater efficiency. As a result, lifting capacities are increased as much as 114 per cent over previous models.

"Live" Powr-Trol is the "lift of a lifetime"—stop in and get acquainted with this unmatched hydraulic system.

OTHER OUTSTANDING FEATURES:
Duplex Carburetion • "Live" Power Shaft • Quick-Change Wheel Tread • Effortless Steering • Ultra-Modern Engineering • Greater Convenience • Unexcelled View • Unequaled Two-Cylinder Strength and Simplicity.
