

Reports Of County Agents Picture List Of Accomplishments

Report Is Now Available For All In County Agent's Office

"Preparing an annual narrative report is not a most pleasant task and yet it does bring to mind many accomplishments that are satisfying and some that are inspirational," says County Agent C. W. Overman. "This has been the experience of the county agent and assistant agent in preparing the 1952 annual narrative report. While it brought to light the many things we were able to help rural people accomplish it also brought to light many things that should have been accomplished.

"Our work in community organization and development did not progress as well as we had hoped yet progress was made. The people in Advance community have started the erection of a community building. Gliden community made some progress toward a community building. Center Hill community has been very active in church ground improvement, maintaining an active Boy Scout Troop, maintaining active 4-H club work, roadside improvement and many other accomplishments.

"4-H Club work throughout the county made very good progress during the year. The contests in corn, peanuts and poultry added stimulus and the boys did a good job generally. Lacking in our 4-H Club program is the system of community leaders and this we plan to accomplish in 1953." Many other features of our 1952 county extension work is covered in the 1952 report. This report is available in the County Agent's office to anyone who wishes to read it.

"We wish to express our appreciation for the fine cooperation the many leaders and others gave us in helping us to help farm people help themselves," says Mr. Overman.

ONE-TRIP BEDMAKING METHOD SAVES HOMEMAKER MANY STEPS

Too many homemakers waste motion in their daily bedmaking job. This photograph illustrates the steps that can be saved if the bedmaking job is done properly with a one-trip technique. A light was attached to the homemaker's wrist to trace the actual motions she made in a complete job of bedmaking. The photograph at left shows wasted motion in retracing steps several times around the bed when the homemaker uses a haphazard method of bedmaking. The photograph at right contrasts a systematic bedmaking technique, with the light pattern showing only one complete trip around the bed and back. (Story accompanies this photo.)

Our Neighbors

By MISS REBECCA COLWELL, Chowan County Home Agent

The demonstration to be given at Home Demonstration Club meetings in January is "Let's Make Ironing Easier." This should appeal to all homemakers and others who iron, especially those shirts that seem to be such a problem. Be sure to attend the meeting and get any suggestions that might help to make your work easier. We will be glad to have your idea, too.

The schedule for next week is as follows:

Executive Board meeting of Home Demonstration Clubs—Monday, January 5, at 2 o'clock at the Chowan Community Building.

Advance Club meeting—Tuesday, January 6, at 2:30 with Mrs. Bristow Perry.

Center Hill Club meeting—Wednesday, January 7, at 2:30 at the Community Center.

Gum Pond Club meeting—Wednesday, January 7, at 7:30 at Mrs. Levy Nixon's.

Enterprise Club meeting—Thursday, January 8, at 2:30 with Mrs. W. A. Harrell.

Special Interest Meeting on "Remodeling and Heating"—Thursday night, 7:30 at the Chowan Community Building. R. M. Ritchie, agricultural engineer, will conduct the meeting.

Livestock School Is Scheduled Jan. 7th

Sessions Will Be Held at Cross Roads Community Building

County Agent C. W. Overman announced this week that a livestock school for livestock producers will be held at the Chowan community building Wednesday, January 7. Livestock specialists from N. C. State College will be present and discuss various problems and give latest information

on livestock production and marketing.

The morning program will be as follows: 10:00 to 10:40—"Preventing losses in Marketing of Livestock" by H. D. Quessenberry.

10:40 to 11:20—"Profitable Hog Production" by Jack Kelley.

11:20 to 12:00—"Making Livestock Pay" by C. B. Ratchford.

The meeting will adjourn from 12 to 1:30 for lunch.

The afternoon program will be as follows:

1:30 to 2:10—"Pasture, Hay and Silage Production" by Sam Dobson.

2:10 to 2:50—"Profitable Sheep Production" by A. V. Allen.

2:50 to 3:30—"Profitable Beef Cattle Production."

"This is an opportunity for livestock producers to obtain some valuable information for use on their farms," Mr. Overman says.

Both colored and white producers are invited and urged to attend. Producers in other counties are invited and welcomed.

Since there is no definite supply of wood for heating the building, Mr. Overman requests that every person attending this meeting bring one or two sticks of wood so that the building will be warm. No wood means no fire and no heat.

Mr. Overman wishes to urge all livestock producers to take advantage of this meeting, to come prepared to ask all questions relating to livestock problems on the farm.

NO ROTARY MEETING TODAY

Due to today being New Year's day, the Edenton Rotary Club has called off its meeting. The next meeting of the club, after missing two meetings, will be held next Thursday at 1 o'clock in the Parish House.
