

### Norma Harrell Bride Of Raymond H. White

The Rocky Hook Baptist Church was the setting of the wedding of Miss Norma Peggy Harrell, daughter of Mr. and Mrs. W. W. Harrell, and Raymond Henry White of Suffolk, Va., son of Mr. and Mrs. Herbert L. White of Suffolk, December 14 at 3:30 in the afternoon.

The ceremony was performed by the Rev. E. E. Gordon, before a setting of palms, fern, arrangements of white gladioli, pom poms, and snapdragons and cathedral candles.

Earl Harrell of Edenton, cousin of the bride, presented a program of nuptial music. Lael Bunting of Oak City sang "O Promise Me" and "O Perfect Love" for the benediction.

The bride, given in marriage by her brother, Lewis Harrell, wore a wedding gown of bridal satin with scalloped waistline, scalloped chantilly lace yoke with lace sleeves, ending in wedding peaks over the hands, and buttoned down the back with tiny self-covered buttons. She wore a circle of forget-me-nots in her hair, with a finger tip veil of imported illusion. She carried a white prayer book centered with white bridal roses, showered with stephanotis and white streamers tied with love knots.

Mrs. Carroll Copeland of Buies Creek, was matron of honor. She wore a red satin gown similar to that of the bride, with elbow length mittens and a matching red net and satin bonnet. She carried a cascade bouquet of white carnations and roses.

The bridesmaids were Miss Carolyn Barnes of Kinston; Miss Thelma Bunch of Suffolk; Mrs. Willard Copeland of Hertford and Mrs. Isaac Harrell of Edenton.

They all wore white satin dresses and hats fashioned like that of the matron of honor and carried red cascade bouquets of carnations and roses.

Each wore a strand of pearls, a gift of the bride.

Herbert White, Jr., of Norfolk, Va., was best man for his brother. Ushers were Willard Copeland of Hertford; Robert White of Wake Forest, and Thomas Ward of Edenton.

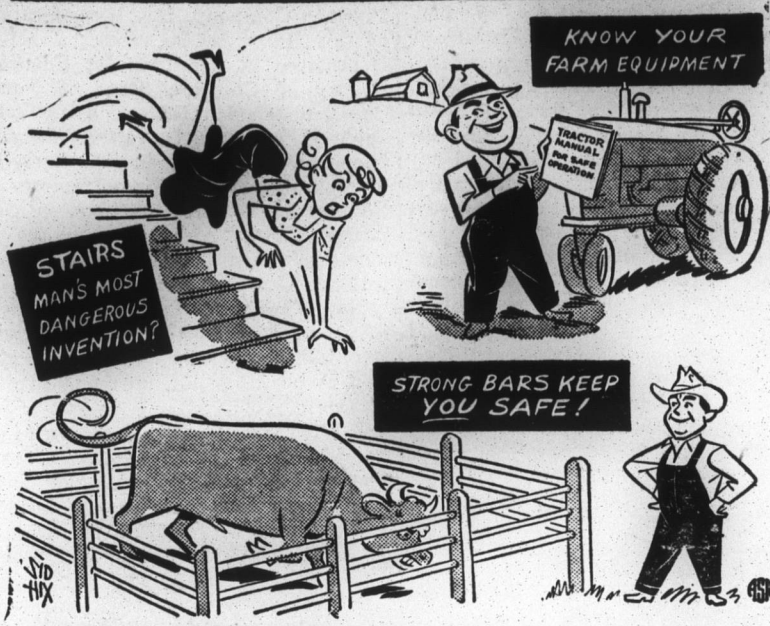

The mother of the bride wore a black crepe dress with matching black velvet accessories and a corsage of red roses.

A reception followed at the Rocky Hook Community House.

For traveling the bride wore a blue wool cashmere suit with winter white accessories and the white roses lifted from her prayerbook.

The young couple are making their home in Suffolk.

### 4-H Youths Tell Safety Hazards

The kids who know safety best agree that one of man's oldest and simplest inventions is one of his most dangerous.

Forty young safety experts who attended the 31st National 4-H Club Congress in Chicago Nov. 30 to Dec. 4 were asked to list their ideas on how to prevent farm and home accidents. They responded with suggestions ranging from picking up loose baling wire to putting safety shields on power machinery.

But almost all of them singled out one often-overlooked hazard for emphatic mention: stairs.

Man invented stairs thousands of years ago. But the young folks apparently observed, while making safety surveys under the National 4-H Farm and Home Safety Awards Program, that he still hasn't learned to go up and down them without risking a broken neck.

Some 400,000 4-H youths from coast to coast took part in the safety program, sponsored for the eighth consecutive year by General Motors. GM gave the 40 state winners expense-paid trips to the 4-H Congress, including \$300 college scholarships to the eight national winners.

"Keep stairs uncluttered!" warned Eileen Holbach of Minot, N. D. Ralph Walker, Biddeford, Me., was even more specific. He urged everyone to "keep the stairs clear of all roller skates." Other safety winners advised frequent check and repair of steps, or suggested handrails to reduce the likelihood of falls.

Stairways should be well lighted, they agreed, and Agatha Jean Bell of Bolair, W. Va., recommended painting the bottom step white to make it conspicuous.

Farm machinery and its hazards drew frequent mention. Beth Fuhr Smith of Poplarville, Miss., one of the \$300 scholarship winners, suggested this simple rule for avoiding accidents with farm equipment: "Know the correct way to use all tools and machinery."

Other suggestions included labeling poisons, frequently checking electrical equipment, keeping inflammable materials away from buildings, confining bulls and other dangerous animals in sturdy pens, putting corks on sharp objects, keeping children off farm equipment and away from stoves, storing pitchforks and other tools in a special place, and many others.

life in a democratic society.

Edenton High School has been guided by its basic philosophy with eleven objectives.

More will be said about this article next week.

On January 23, 29 and 30th, Edenton High School will present its annual play festival. The following plays will be presented.

- 9A—Glamour Girl.
- 9B—Who Gets the Car Tonight.
- 9C—There Comes a Time.
- 9D—Jerry Breaks A Date.
- 10A—Bobby Sox.
- 10B—Sunshine Lady.
- 10C—Herbie Gets The Mumps.

11A—Feudin'.

11B—Home To Mother.

12A—Wednesday Midnight.

12B—The White Phantom.

Be present to see the best plays ever presented. Time 7:30 P. M.

The first semester of the 1952-53 school term ended Friday, January 16. High school students may change their activities at this time. Care should be taken that not more than the required number of activity points are taken.

The 10A English class under the supervision of Mrs. F. H. Modlin conducted a panel discussion on the fol-

lowing topics:

1. How long should parents support their children.
  2. Generally speaking, girls are better students than boys.
  3. Farmers live a more independent life than men in industry.
- Leaders in this discussion were Shelton Standley, acting chairman; Vance Blount, Elbert Copeland, Clarence Revells, Herman Hall, Annie Bond, James Sawyer and George Halsey.

The "Hornets" of Edenton High School will invade the court of the "Lions" of P. W. Moore High School, Elizabeth City, Friday afternoon, January 23, 1953.

### Outlook Meeting Is Scheduled January 23

On Friday afternoon, January 23, there will be a very important outlook meeting held in the Brown-Carver Library at 1 o'clock. The farm management specialist from the North Carolina State Extension Service will be here to conduct the school.

Those who are interested in wanting to know what to expect for the days ahead in regards to prices, and trends of agricultural commodities and policies, will find it to their advantage to attend this meeting.

### COLORED SCHOOL NEWS

Edenton High School's articles on pupil progress and welfare, for the past three weeks have been centered around the school's Student Council.

The articles, beginning today will be centered around the school's basic philosophy, which also plays an important part in the evaluation of the school.

Last school year, 1951-52, the principal and faculty of Edenton High School began making preparation, to have the school evaluated.

Maybe you should know why Edenton High School should be evaluated.

Edenton High School should be evaluated so that its curriculum, teaching methods, and techniques, and physical plant with the required amount of facilities will rate up to the standards as is related by those of the Southern Association of Secondary Schools and Colleges, the agency which rates all schools in the Southern Region of the United States. Evaluation of the school makes it possible for high school graduates to be admitted to the leading colleges and universities of the nation without an entrance examination. Evaluation of Edenton High School will also mean a more competent faculty.

Why should Edenton High School have a basic philosophy?

Edenton High School needs a basic philosophy because it serves as a guide in training our youth in an American democracy and it prepares them to meet their educational needs. You, today, have both common and individual needs. They are as follows:

1. They need to learn to live with other human beings.
2. They need to achieve and maintain sound mental and physical health.
3. They need to learn to live in their natural and scientific environment.
4. They need sound guidance.
5. They need to learn to think reasonably and express themselves clearly.
6. They need to prepare for work, for further education, or for both.
7. They need to learn to use their leisure well.
8. They need to learn to live aesthetically, that is, to become appreciative of artistic quality in all aspects of their daily living. For example, learning to appreciate beauty in literature, art, music, and nature.

In the light of this knowledge, Edenton High School has formulated the following basic philosophy:

The Edenton High School believes that each child should have opportunities to receive education and training according to his own needs, capacities and abilities in such a way as to make him industrially and socially efficient, and to provide for the acquisition of habits, attitudes and appreciations that make for a good
