Band Parents Take Challenge To Get School Auditorium

Delightful Band Concert Precedes Meeting Tuesday Night

Preceding the meeting of the Edenton Band Parents Association Tuesday night, the Junior-Senior High School Band rendered a very delightful program in the school auditorium. Quite a few numbers were played by the band which were very well received by the group in attendance.

Following the program the group met in the school cafeteria, where Mrs. Roland Vaughan, president, presided over the business meeting. Mrs. Ruth Stokley, secretary, read the minutes of the previous meeting, after which various committee chairmen presented encouraging reports. Mrs. Stokley reported a bank balance of \$99.29.

The idea of capes for the majorettes was presented as well as white gloves for members of the band to be worn during cold weather. The matter of capes is to be considered and a report made at the next meeting. It was practically decided that gloves will be secured.

By-laws for the association were drawn up and distributed among the members with the idea in mind that they should be studied so that action can be taken at the next meeting. The by-laws deal with objects of the association as well as membership, officers, duties of officers, duties of the board of directors, duties of the executive committee, committees, nomination and election of officers, amendments and parliamentary procedure.

The group did, however, decide to hold its meetings five times a year, the second Tuesday night in the month, beginning as of September, so that the next regular meeting will be held the second Tuesday night in November.

Miss Lula Williams, band director, was called upon to make some remarks during which she explained membership in the band.

Mental Health Clinic Topic Of Address At Lions Club Meeting

The Rev. Earl Richardson Speaks Monday Night

The ever increasing need for a centralized mental health clinic to serve the present health district comprising the counties of Pasquotank, Camden, Perquimans and Chowan was strongly emphasized in a speech delivered before the Edenton Lions Club Monday evening by the Rev. Earl Richardson, pastor of the Edenton Methodist Church.

A few days ago a meeting was held in Edenton at the instance of Dr. B. B. McGuire, director of the 4-county Health District, at which local ministers, doctors and public officials and school authorities attended.

"There are at present eight of these mental health clinics in operation throughout the State. They are doing an excellent job of rehabilitating thousands of mentally disturbed adults and children," said the speaker.

"According to information furnished by medical, educational and ministerial authorities, however, for every person who is now a patient in a mental institution, there are seven other who are in need of mental therapy to some extent.

"The greatly increased knowledge as to what can be done for such persons makes it all the more imperative that we have such a facility for our own section of the State. The important progress which has been made through cancer clinics in the fight to overcome this dread disease is, I think, good evidence of the value of health clinics for the treatment of our emotionally disturbed citizens.

"The State of North Carolina wants to make an appropriation of \$20,000, to be matched from our 4-county Health District, for the establishment of such a clinic," continued Mr. Richardson.

"It is a matter of record that in communities where such clinics are in operation, there is a perceptible lessening of crime among juvenile children.

"Many persons who at present have to be sent to mental institutions, could be rehabilitated right at home. A large number would be treated as out-patients, that is, they could go to the clinic for treatments and return immediately to their homes."

Edenton Aces Have Little Difficulty In Defeating Tarboro

Jerry Downum Plays Sensational Role In 26-0 Victory

Playing a better brand of football than they did the previous Friday night against Elizabeth City, the Edenton Aces had little difficulty in defeating Tarboro on the latter's gridiron Friday night by a score of 26-0. The score could probably have been more one-sided but Coach Billings on several occasions sent in his entire second team when the Aces were within striking distance of touchdowns. It was the Aces' second Albemarle Conference game, in which the Aces thus far are undefeated and unscathed on.

Jerry Downum was the outstanding Edenton player Friday night. Downum played a spectacular game both on offense and defense. He scored two of the four touchdowns on 20 and 16-yard sprints and was a consistent ground gainer throughout the contest. He also was a big stumbling block in the way of Tarboro ball carriers.

Aces Face Most Important Game In Hertford Friday

Result Will Have Direct Bearing on Championship

What is regarded as the most important game for the Edenton Aces thus far this season is the game scheduled to be played Friday night in Hertford when the Aces meet the strong Hertford Indians. The game will have a direct bearing on the Albemarle Conference Championship, for it will be Hertford's final conference game. The Indians have won all of their conference games and what's more they have not even been scored upon.

The Aces have an equally impressive conference record except for the fact that only two conference games have been played. In both cases the Aces also prevented their opponents from scoring.

If the Aces win they still have Ahaskie and Plymouth to dispose of to win the championship. If one of these teams defeat the Aces the championship would develop into a tie so that the winner would be chosen by lot.

On paper the Aces should be a slight favorite. They defeated Tarboro and Williamston by larger scores than the Indians. However, the Indians boast a very strong line and two dangerous ball carriers in Tommy Matthews and Dan Eure. The Aces, on the other hand, have four boys who are capable of lugging the ball for long gains if given half a chance. They are Johnny Kramer, Jerry Downum, Bruce White and Billy Bunch.

The general opinion is that the game will be a toss-up, with most Edenton fans predicting the Aces should win by at least one touchdown.

The feud between the Aces and Indians dates back to 1926, with the Aces having an edge of one victory. The Aces won 15 games, lost 12 and three games resulted in ties.

The two teams played from 1926 to 1934, when in the latter game the Aces rolled up an 84-0 score. The Aces were then taken off the Indians' schedule until 1940. For the first two years the teams played two games a season and in 1932-33 two games were played, but since that time only one game a season has been played.

The Edenton band will accompany the Aces to Hertford and due to the keen rivalry between the two teams and the importance of the game, a large number of Edenton fans are expected to attend the game.

New '57 Chevrolet Will Go On Display Friday In Edenton

BBH Motor Company Invites Public to Attend

Friday, October 19, will be the day the new 1957 Chevrolets will be put on display throughout the country, locally at the B.B.H. Motor Company. W. T. Harry, manager of the B.B.H. Motor Company is very enthusiastic about the new model Chevrolet and extends a cordial invitation to the general public to attend the first showing.

During the opening free favors and gifts will be distributed to all members of the family. "Come in and see these beautiful models," says Mr. Harry.

Mr. Harry points out that fuel injection and a new triple-turbine automatic transmissions will make their debut on the 1957 Chevrolets. Also unveiled for the first time is the new transmission known as the Turbohydride, which incorporates an unusual hill retarder, one of many new safe driving improvements on the latest Chevrolets.

"In over-appeal the 1957 Chevrolets differ strikingly from 1956 models," says Mr. Harry. "While two and one-half inches have been added to overall length, the horizontal sweep of new styling motif gives the impression that the car is even longer than its 200 inches. The bodies are lower, with a reduction of an inch and a half in height of the cowl and substantially increased windshield areas."

A variety of sparkling new colors in combination with the body selections furnishes the customer with 460 choices in the appearance of the Chevrolet he buys, so that Mr. Harry hopes many people will visit the B.B.H. showroom to see the new 1957 Chevrolets.
